makes you pick up the phone and call your favourite teacher A simple but beautifully written memoir the narrative takes you down the memory lane with Neelakantan a teacher at an Institute in New Delhi The bonds he built with his students while he was a teacher remained with him beyond the confines of the Institute As the students graduated and left the portals of the campus Neelakantan thought he would be forgotten only to be proven wrong His influence resulted in two students naming their son Neil in his honor His students were always there for him no matter where they landed up some as high flying professionals in the hotel industry some as lawyers journalists humanitarian workers and some in the middle of personal tragedies They always rose to the occasion and went out of their way to be there for a teacher they loved and respected when he needed their support the most in the midst of a personal tragedy Replete with nostalgic reminiscence and a writing style and eloquence that takes you back to the nineties He walks on the path as a real teacher would mentoring caring and unconditionally supporting his students These memoirs are a must read for any reader of any age and inclination *Look At This If You Love Great Photography* Gemma Padley,2021-06 Discover the critically acclaimed photographs you simply must see **The Color of Love** Vickie Adamson,2005-11 She didn't want to worry but found like usual she couldn't help it She tried to tell herself it didn't matter anyway This relationship was only supposed to be temporary nothing more She was black he wasn't It was an experiment they were both going to learn from and move on That's how it was supposed to be That's all it could be This encounter would only prove their relationship was impossible But then somewhere she'd forgotten the unspoken agreement Somewhere she'd started to believe there was nothing wrong with them being together that there was the possibility they should be together She'd listened learned liked and finally loved though she was still reluctant to admit the latter even to herself It was too risky Nevertheless her feelings were real Now they were walking into possibly the greatest threat to their relationship the looming test of doom behind door number three her family She found herself hoping for the leap of faith that would allow them both to survive that wouldn't allow something as superficial as the color of his skin to both deny and destroy them Acts of Love and Lust Lisa Featherstone,2014-10-02 The past six decades have seen astonishing changes in the construction of sexuality as an apparatus of knowledge and as a lived experience Australia like much of the West has undergone a veritable sexual revolution in attitudes and behavior From early sex therapy to gay marriage the juggernaut of late modern sexuality has significantly remade Australian social and cultural life This collection brings together the work of leading historians of sexuality to consider sixty years of remarkable sexual and social change Acts of Love and Lust explores the ways both heterosexuality and homosexuality were constructed by the state through sex education in medicine by the law political activists and in the hands of the media Just as importantly contributors consider the ways sexuality was experienced not as a monolithic or imposed institution but how it was explored and enjoyed by individual bodies across different times and spaces The authors examine the pleasures and pains of living in sexual bodies and explore the manifest ways that love and lust shaped Australia's society and culture **Socrates in Love** Christopher

Phillips,2011-01-17 Phillips takes philosophy out of the ivory tower and into the street Los Angeles Times Christopher Phillips goes to the heart of philosophy and Socratic discourse to discover what we re all looking for the kind of love that makes life worthwhile That is love not defined only as eros or erotic love but in all its classical varieties Love of neighbor love of country love of God love of life and love of wisdom each is clarified and invigorated in Phillips s Socratic dialogues with people from all walks of life and from all over the world Love Letters: The Romance of Arthur and Lilly Carol Roe, a Granddaughter,2021-10-15 Love Letters is a concise description of the contents of these letters Arthur is in love with Lilly and is separated from her The letters allow him the opportunity to share with her his love his hopes and his dreams A *Love of Her Own* Cheris Hodges,2009-01-27 A woman who has spent her whole life living for her parents falls in love with a man who shows her that she must stand up for herself if she hopes for a chance at happiness Original
