## **Urban Vodou Politics And Popular Street Art In Haiti:**

Urban Vodou ,2010 The world s media has chronicled Haiti s long history of political instability and social unrest But perhaps more importantly Haitians themselves reacted to the cycle of hope and despair in the form of hundreds of spontaneous street murals Mostly in the capial Port au Prince these colorful and expressive paintings both recorded key events and articulated the hopes and fears of their creators Tragically many of these paintings were among the casualties of the earthquake that struck the island in early 2010 *Politics and Power in Haiti* K. Quinn,P. Sutton,2013-03-20 Examining the political legacies of the Duvalier period and after and revisiting the work of the late David Nicholls *Politics and Power in Haiti* provides some of the keys to understanding the turbulent world of Haitian politics and the persistent challenges at home and from abroad which have distorted development **Historical Dictionary of Haiti** Fequiere Vilsaint,Michael R. Hall,2021-08-01 This book covers the history of Haiti starting in 1492 with the initial European landing of the island to the present day Haiti shares the island of Hispaniola with the Dominican Republic Haiti proclaimed its independence from France on January 1 1804 following the only successful slave evolution in the Americas As a result of the Haitian Revolution 1791 1804 Haiti became the first independent Latin American nation and the second independent nation in the Western Hemisphere after the United States Throughout its history it has suffered political violence and a devastating earthquake which killed over 300 000 people *Historical Dictionary of Haiti* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Haiti *Haitian History* Alyssa Goldstein Sepinwall,2013 Despite Haiti s proximity to the United States and its considerable importance to our own history Haiti barely registered in the historic consciousness of most Americans until recently Those who struggled to understand Haiti s suffering in the earthquake of 2010 often spoke of it as the poorest country in the Western hemisphere but could not explain how it came to be so In recent years the amount of scholarship about the island has increased dramatically Whereas once this scholarship was focused on Haiti s political or military leaders now the historiography of Haiti features lively debates and different schools of thought Even as this body of knowledge has developed it has been hard for students to grasp its various strands *Haitian History* presents the best of the recent articles on Haitian history by both Haitian and foreign scholars moving from colonial Saint Domingue to the aftermath of the 2010 earthquake It will be the go to one volume introduction to the field of Haitian history helping to explain how the promise of the Haitian Revolution dissipated and presenting the major debates and questions in the field today *Riding with Death* Jana Evans Braziel,2017-06-22 On the southern end of the Grand Rue a major thoroughfare that runs through the center of Port au Prince waits the Haitian capital s automobile repair district This veritable junkyard of steel and rubber recycled parts old tires and scrap metal might seem an unlikely foundry for art Yet on

the street's opposite end thrives the Grand Rue Galerie a working studio of assembled art and sculptures wrought from the refuse Established by artists Andr Eug ne and Jean H rard Celeur in the late 1990s the Grand Rue's urban environmental aesthetics defined by motifs of machinic urbanism Vodou bricolage the postprimitivist altermodern and performative politics radically challenge ideas about consumption waste and environmental hazards as well as consider innovative solutions to these problems in the midst of poverty insufficient social welfare lack of access to arts education and basic needs In Riding with Death Jana Evans Braziel explores the urban environmental aesthetics of the Grand Rue sculptors and the beautifully constructed sculptures they have designed from salvaged automobile parts rubber tires carved wood and other recycled materials Through first person accounts and fieldwork Braziel constructs an urban ecological framework for understanding these sculptures amid environmental degradation and grinding poverty Above all Braziel presents Haitian artists who live on the most challenged Caribbean island yet who thrive as creators reinventing refuse as art and resisting the abjection of their circumstances

**The Negritude Movement** Reiland Rabaka,2015-05-20 The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent idea to invoke this book's intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said's concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois's discourse in *The Souls of Black Folk* through to post Negritude concepts in Fanon's *Black Skin White Masks* and *The Wretched of the Earth* Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century

**The Haiti Reader** Laurent Dubois,Kaiama L. Glover,Nadève Ménard,Millery Polyné,Chantalle F. Verna,2020-01-20 While Haiti established the second independent nation in the Western Hemisphere and was the first black country to gain independence from European colonizers its history is not well known in the Anglophone world The Haiti Reader introduces readers to Haiti's dynamic history and culture from the viewpoint of Haitians from all walks of life Its dozens of selections most of which appear here in English for the first time are representative of Haiti's scholarly literary religious visual musical and political cultures and range from poems novels and political tracts to essays legislation songs and folk tales Spanning the centuries between precontact indigenous Haiti and the

aftermath of the 2010 earthquake the Reader covers widely known episodes in Haiti's history such as the U.S. military occupation and the Duvalier dictatorship as well as overlooked periods such as the decades immediately following Haiti's second independence in 1934. Whether examining issues of political upheaval, the environment, or modernization, The Haiti Reader provides an unparalleled look at Haiti's history, culture, and politics. Street Art and Activism in the Greater Caribbean Jana Evans Braziel, 2022-09-06. Foregrounding street art in the capital cities of Cuba, Haiti, and Puerto Rico, this book argues that Antillean street artists diagnose the impossible state of the arrested present: colonized, occupied, or under dictatorship, while simultaneously imagining liberated futures and fully sovereign states. Jana Evans Braziel launches a comparative study of art, politics, history, urban street cultures, engaged citizenships, and social transformations in three Antillean capital cities: Havana, Cuba; Port-au-Prince, Haiti; and San Juan, Puerto Rico, of the Greater Caribbean. The book includes a photo documentary archive of street art murals and installations by key muralists in these cities: Yulier Rodriguez Perez, Jerry Rosembert, Moise, and Colectivo Moriviv. Chachi Gonzalez, Colón, Raysa Rodríguez García, and Salomé Cortés Braziel offers art historical and geopolitical analyses of the urban street art in their cities of production, underscoring street art as political, economic, and environmental engagements, and not as exclusively aesthetic ones with urban space and street life. The book will be of interest to scholars working in art history, Caribbean studies, Latin American studies, and urban studies.

**Toussaint Louverture** Charles Forsdick, Christian Hogsbjerg, 2017-05-20. In overthrowing me, you have done no more than cut down the trunk of the tree of liberty; it will spring back from the roots, for they are numerous and deep. Toussaint Louverture, the leader of the only successful slave revolt in history, Toussaint Louverture is seen by many to be one of the greatest anti-imperialist fighters who ever lived. Born into slavery on a Caribbean plantation, he was able to break from his bondage to lead an army of freed African slaves to victory against the professional armies of France, Spain, and Britain in the Haitian Revolution of 1791-1804. In this biography, Louverture's fascinating life is explored through the prism of his radical politics. It champions this black Robespierre whose revolutionary legacy had inspired people and movements in the two centuries since his death. For anyone interested in the roots of modern-day resistance movements and black political radicalism, Louverture's extraordinary life provides the perfect starting point. *Artists, Performers, and Black Masculinity in the Haitian Diaspora* Jana Evans Braziel, 2008-06-27. Jana Evans Braziel examines how Haitian diaspora writers, performance artists, and musicians address black masculinity through the Haitian Creole concept of *gwo nòs* or big men. She focuses on six artists and their work: writer Dany Laferrière, director Raoul Peck, rap artist Wyclef Jean, artist Jean-Michel Basquiat, drag queen performer and poet Assotto Saint, and queer drag king performer Dr. D. A. K. A. Mildred Gerestant. For Braziel, these individuals confront the gendered, sexualized, and racialized boundaries of America's diaspora communities and openly resist domestic imperialism that targets immigrants, minorities, women, gays, and queers. This is a groundbreaking study at the intersections of gender and sexuality with race, ethnicity, nationality, and diaspora.
