Titanic Scandal The Trial Of The Mount Temple:

Titanic Scandal Senan Molony,2009 **Titanic Scandal** Senan Molony,2009-09-15 As Titanic sank a mystery ship was spotted some distance away Rockets were fired but the ship ignored them The Californian was blamed but was the mystery ship really the Mount Temple **One Hundred and Sixty Minutes** William Elliott Hazelgrove,2021-09-01 One hundred and sixty minutes That is all the time rescuers would have before the largest ship in the world slipped beneath the icy Atlantic There was amazing heroism and astounding incompetence against the backdrop of the most advanced ship in history sinking by inches with luminaries from all over the world It is a story of a network of wireless operators on land and sea who desperately sent messages back and forth across the dark frozen North Atlantic to mount a rescue mission More than twenty eight ships would be involved in the rescue of Titanic survivors along with four different countries At the heart of the rescue are two young Marconi operators Jack Phillips 25 and Harold Bride 22 tapping furiously and sending electromagnetic waves into the black night as the room they sat in slanted toward the icy depths and not stopping until the bone numbing water was around their ankles Then they plunged into the water after coordinating the largest rescue operation the maritime world had ever seen and thereby saving 710 people by their efforts The race to save the largest ship in the world from certain death would reveal both heroes and villains It would begin at 11 40 PM on April 14 when the iceberg was struck and would end at 2 20 AM April 15 when her lights blinked out and left 1500 people thrashing in 25 degree water Although the race to save Titanic survivors would stretch on beyond this most people in the water would die but the amazing thing is that of the 2229 people 710 did not and this was the success of the Titanic rescue effort We see the Titanic as a great tragedy but a third of the people were rescued and the only reason every man woman and child did not succumb to the cold depths is due to Jack Phillips and Harold McBride in an insulated telegraph room known as the Silent Room These two men tapping out CQD and SOS distress codes while the ship took on water at the rate of 400 tons per minute from a three hundred foot gash would inaugurate the most extensive rescue operation in maritime history using the cutting edge technology of the time wireless

Titanic: Senan Molony,2019-03-08 Senan Molony caused a worldwide media flurry in 2017 by publicly revealing an uncontrolled coal bunker fire on the Titanic Experts said the fire would have significantly weakened a linchpin bulkhead the failure of which hastened the sinking The Titanic might otherwise have lasted until daylight with many more being saved by a flotilla of arriving ships In Titanic why she collided why she sank why she should never have sailed Senan goes much further and outlines numerous theories about what led to the Titanic s sinking Senan appeared on CNN NBC CBS and ABC along with NPR National Public Radio in the US after his Channel 4 documentary Titanic The New Evidence on which this book is based was aired **Titanic and the Mystery Ship** Senan Molony,2011-08-31 As the Titanic was swallowed by a freezing sea over 800 miles from the nearest land her 2 200 passengers and crew attempted desperately to avert tragedy Lifeboats were lowered and constant SOS signals sent but most realised they would require a miracle to avoid their doom And then it

came Approaching over the horizon was a ship coming ever closer and then stopping within five or six miles of the Titanic The joy on board the sinking ship was unimaginable the crew even reassured passengers that rescue was imminent Agonisingly however the vessel did not come to the rescue despite rockers of appeal but gradually turned and moved away abandoning over 1 500 people to their fate The search for the Mystery Ship began immediately and both Britain and the USA accused a ship called the Californian of deserting the Titanic in her hour of need But was the Mystery Ship the Californian For the first time this book explores the totality of evidence with the discovery of the Titanic s actual wreck site in 1985 allowing crucial insights not available during official investigations seventy three years earlier Combining a penetrating argument with an extensive collection of archive photographs and materials this book aims to find clear answers to the many riddles of the Titanic s Mystery Ship

The Irish Aboard Titanic Senan Molony, 2012-01-01 The unspeakable tragedy of the Titanic disaster can only be fully appreciated through the tales of the people who were aboard on the night the ship went down The Irish Aboard Titanic gives those people a voice focusing on the Irish who were aboard the unsinkable liner In it are stories of agony luck self sacrifice dramatic escapes and heroes left behind Senan Molony also records the heartache that continued long after that fateful night In her wake the Titanic cast a long shadow over the families forced to endure the agonising wait to learn the fate of loved ones over the lives of the survivors who had to start their lives anew and over those who lost relatives and friends If you want to know about the Irish passengers and crew of the Titanic this is the only book to have
