Titanic Style Titanic Style:

Titanic Style Grace Evans, 2012-11-13 *Titanic Style* explores the world of fashion and dress at the time of RMS Titanic's famous voyage. With stunning images and enlightening historical analysis, this book takes us through the wardrobes of passengers and crew of all classes and ages, from the most intimate undergarments to the warm overcoats needed on that last fearful cold night. The ship was a microcosm of post-Edwardian society in which everyone belonged to a particular class and dressed accordingly. The luxurious attire of the ladies in first class, the cream of European and American society, was changed several times a day, while the more sober and conservative clothes of the men of all ranks subtly conveyed their status, and children were dressed to enhance their social standing. We also visit the families below deck, dressed in second-hand or homemade clothes, heading for a new life in a country free of repressive class distinction. Stories and records of individual passengers and crew members are woven into the narrative to give an engaging account of what life was really like onboard the world's most famous ocean liner. Whether you are a Titanic enthusiast, a fashion lover, or both, this book will delight you with exquisite garments and the absorbing cultural history behind them. Titanic John P. Eaton, Charles Haas, 1995-04-04 Astonishingly thorough pictorial record of her brief existence. Beginning with her conception, more than a thousand photographs and artists' impressions cover her construction and launching, her fitting out and trials, preparations for her maiden passenger-carrying voyage, her departure from Southampton and arrival at Cherbourg, her voyage to Queenstown, and the drama of her final disaster after hitting an iceberg in the North Atlantic and the aftermath through to the **RMS Titanic in 50 Objects** Bruce Beveridge, Steve Hall, 2022-09-29 On 15 April 1912, passengers stood on a dimly lit Boat Deck, looking down at the lifeboats they were told to enter. In the freezing air, away from the warmth of the interior, they had to decide whether to enter a boat that would be lowered into darkness or remain on an unsinkable ship. *RMS Titanic in 50 Objects* is a look at the world-famous liner through the objects that tell her story: Sheet music recovered from the body of a musician, a full-sized replica of her First Class Entrance Hall clock, a lifeboat from a fellow White Star Line ship, all of these objects and more come together to tell not only the tragedy of the ship herself but also that of her passengers and crew. Lavishly illustrated and extensively researched by two of the world's most foremost Titanic experts, this is her history brought to life like never before. Styles of Discourse Nikolas Coupland, 2016-11-18 First published in 1988, this book focuses on diversity and discourse and collects contemporaneous research across a wide range of topics, including description, polemic, narrative, analysis, DJ talk, philosophical history, conversation, children's books, and nuclear deterrence. The essays demonstrate analyses of discourse in the service of stylistic inquiry, exploring relationships of text and context. This reflects the overall argument that discourse analyses aiming to represent diversity of social context will necessarily approach the task selectively, since all dimensions are of potential relevance to any and every communicative manifestation. Some of the contextual dimensions that are addressed include interpersonal, socio-structural, modal, ideological, and pragmatic. **100 Days in Photographs**

Nicholas Yapp, 2007 One hundred days have been identified by Getty and National Geographic to represent defining moments of the past 150 years These moments are crystallised in images that leap from the page revealing joy anger despair and triumph An insightful text by photography historian Nick Yapp supports these images which are accompanied by journals excerpts and on site notes that offer the backstory of the image and how it was captured Major events that have shaped our era captured in the book include from the Getty historic archive the 1848 9 revolution and riots in Europe President Lincoln's assassination in 1865 the construction of the Eiffel Tower in 1889 the Potemkin Mutiny 1905 that launched the Russian Revolution the Easter Rising in Dublin in 1916 the Wall Street crash of 1929 Kristallnacht in Germany in 1938 the British leaving India in 1947 through to the dawn of the new millennium in 2000 The National Geographic archives are used to illustrate cultural geography the changes in landscape contemporary conflicts Native America and the civil rights movement among others including the 1906 San Francisco earthquake Scott and Amundsen reaching the South Pole in 1911 the Lascaux cave paintings discovered in 1940 the first heart transplant in 1967 the Chernobyl disaster of 1986 the cloning of sheep in 1997 the Twin Towers attack of 2001 and the global warming debate of 2007 The wonder of this book is in illustrating how an entire event or age can be captured in a single image whether it be of a peasant's tears two heads of state sharing a secret or the triumph of an Olympic champion Politics war crime exploration fashion and fads all make up these one hundred days From the California Gold Rush of 1849 to the finished structure of the Three Gorges Dam in 2006
