**To Walk Together Again** Richard M. Gula, 1984-01-01 Military Chaplains' Review, 1983 Dancing to the Post-modern Tune Tobias O. Okoro, 2010 Religions and Discourse explores religious language in the major world faiths from various viewpoints including semiotics pragmatics and cognitive linguistics and reflects on how it is situated within wider intellectual and cultural contexts In particular a key issue is the role of figurative speech Many fascinating metaphors originate in religion e g revelation as a garment apostasy as adultery loving kindness as the circumcision of the heart

**Liturgy and Music** Robin A. Leaver, Joyce Ann Zimmerman, 1998 Liturgy and Music Lifetime Learning is not only for pastoral music majors but also for professional pastoral musicians pastors and liturgical practitioners This volume should help those involved with liturgy especially its music gain a basic knowledge of liturgy worship and an introduction to the scope and role of liturgical music and musicians in various Christian denominations Canon Law Explained Fr. Laurence J. Spiteri, 2014-02-25 Not only inefficiency but frustration disorder anger and injustice threaten all human endeavors no matter how pure their motives or high their ideals That s why successful organizations always create employee handbooks and clear procedure manuals that delineate where authority lies how conflicts are to be resolved and above all how each organization s mission is and is not to be accomplished Is it any wonder then that the Catholic Church comprised not of 200 persons but 1.2 billion members in 200 countries also governs itself by means of a handbook which it calls the Code of Canon Law Because handbooks and manuals concern themselves with the day to day inner working of organizations they often reveal more than do news releases about the actual purposes and genuine spirit of organizations a fact that s particularly true in the case of the Catholic Church Indeed if you want to know the Church for who She is you need to be familiar with the Code of Canon Law Unfortunately it contains over 1,752 rules or canons Among them you ll find fascinating canons that lay out the Church s official principles and procedures governing matters as various as abbots and annulments scandals and Sacraments monks and missions bishops and books priests and popes synods and sacraments homeschoolers hostile witnesses baptisms burials parishes penance confessions Councils impotence imprimaturs and even marriages to the person who murdered your spouse Thankfully Vatican expert and veteran author Fr Laurence Spiteri has in the pages of Canon Law Explained relieved you of the need to read all 1,752 of them fascinating or not Here he acquaints you with the fundamental canons by which the Church seeks to bring about as it declares in the very last canon the purpose all of them serve The salvation of souls which must always be the supreme law in the Church Fr Spiteri s brief but lucid explanations of the origins and meaning of the canons make sense of much that puzzles non Catholics about our Church and that sometimes frustrates even us Catholics As he relates the Church s laws and procedures directly to Christ s command to go forth and teach all nations and to the role those laws and procedures play in your salvation and mine Fr Spiteri transforms what seem to be dry as dust rules into the sweet waters of salvation If you want to know the Church for who She is and to love Her more Canon Law Explained is the

book for you      **Guide for Celebrating® Reconciliation** J. Philip Horrigan, 2018-02-16 In the Sacrament of Reconciliation the encounter of the penitent with the mercy of God is one of the most transforming moments in the spiritual life of a Catholic The ritual itself has changed throughout history but the purpose of the sacrament has remained the same to seek the forgiveness of the Lord and to renew one's efforts to live as a faithful and loving disciple of Jesus Christ This resource provides pastoral insights for celebrating individual confession communal Reconciliation services and non sacramental penance services with attention given to liturgical ministries liturgical environment and evangelization      In Pursuit of Love Vincent J. Genovesi, 1996 While retaining the basic structure of the original book this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986 The Catechism of the Catholic Church Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae* and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text This edition also contains several new sections the misuses of sex adultery pornography prostitution sexual violence four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse marriage as a sacrament and marital sexuality and love as embodiments of commitment intimacy and passion and public policy and the civil rights of homosexuals This edition also includes an expanded discussion of topics such as sexism sexually transmitted diseases especially HIV AIDS and the moral questions raised by new family planning methods Norplant Depo Provera RU 486 postcoital hormonal interventions against pregnancy the start of human life and abortion Vincent J Genovesi SJ received his PhD in Christian ethics from Emory University He is a professor at St Joseph's University in Philadelphia His articles have appeared in such journals as *The Thomist* *The Way* *America* and *Review for Religious*      Moral Freedom Alan Wolfe, 2002 How Americans describe their guiding principles in an exhilarating and unnerving new era of moral freedom What is the difference between right and wrong What does it mean to lead a good life How binding is the marriage vow What are your obligations to an employer To your friends To yourself Is it always immoral to tell a lie Eminent sociologist and public intellectual Alan Wolfe asked Americans around the country such questions in order to determine how we really think about morality today Wolfe discovered that while values have changed they are far from absent Americans of all stripes from the most radical to the most traditional want to lead a good life but in almost every case they are determined to decide for themselves what a good life means Focusing on traditional virtues of loyalty honesty self restraint and forgiveness *Moral Freedom* reveals the complexities of living in a society where rather than simply accepting strict conventions each individual struggles to forge a moral life      *Re-Membering* Sarah Harmony, 1991 The experience of one parish that created a special program of reconciliation      **The Morally Divided Body** Michael Root, James J. Buckley, 2012-09-01 At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth century

reformations they seem increasingly to disagree on issues of contemporary morality and ethics Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God s word and work on the communion of saints for the world Or should our hope be different than simple pessimism or optimism In this volume eight authors address different aspects of these questions hoping to move Christians a small step further toward the visible unity of the church
