The Unpopular Review, Vol. 6 Henry Holt,2018-01-14

Excerpt from The Unpopular Review Vol 6 July December 1916 Amplification of the function of what we are pleased to call The Government is going on with startling rapidity until any enterprise which concerns the welfare of a considerable portion of the constituency of a body politic is liable at any time to be taken in hand by the organization which directs the political affairs of that body And however conservative we may be as regards this socialistic tendency who is able to set any bounds beyond which he can confidently maintain that it will not or even that it should not in future go The best that we can do is to see to it that the state or the municipality shall not assume new functions faster than ways are found to simplify procedure lest in the complexity of machinery the force of public opinion be dissipated and baffled instead of being focused and made effective About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
