Gold Rush Saints Kenneth N. Owens,2005 Combines narrative history and firsthand Mormon accounts that cast light on the presence of Latter day Saints in California during the Gold Rush in the middle 1840s Reprint *American Massacre* Sally Denton,2007-12-18 In September 1857 a wagon train passing through Utah laden with gold was attacked Approximately 140 people were slaughtered only 17 children under the age of eight were spared This incident in an open field called Mountain Meadows has ever since been the focus of passionate debate Is it possible that official Mormon dignitaries were responsible for the massacre In her riveting book Sally Denton makes a fiercely convincing argument that they were The author herself of Mormon descent first traces the extraordinary emergence of the Mormons and the little known nineteenth century intrigues and tensions between their leaders and the U S government fueled by the Mormons zealotry and exclusionary practices We see how by 1857 they were unique as a religious group in ruling an entire American territory Utah and commanding their own exclusive government and army Denton makes clear that in the immediate aftermath of the massacre the church began placing the blame on a discredited Mormon John D Lee and on various Native Americans She cites contemporaneous records and newly discovered documents to support her argument that in fact the Mormon leader Brigham Young bore significant responsibility that Young impelled by the church s financial crises facing increasingly intense scrutiny and condemnation by the federal government incited the crime by both word and deed Finally Denton explains how the rapidly expanding and enormously rich Mormon church of today still struggles to absolve itself of responsibility for what may well be an act of religious fanaticism unparalleled in the annals of American history *American Massacre* is totally absorbing in its narrative as it brings to life a tragic moment in our history [Saturday Review of Literature](#) ,1926 [Longarm #278: Longarm and the Sidesaddle Assassin](#) Tabor Evans,2001-12-31 Longarm locks horns with a lead slinging lovely While riding the plains of Utah two census takers venture deep into Mormon country and end up six feet deeper Someone wants to keep the U S government in the dark about the local population and U S Marshall Custis Long is called in to bring some light to the situation But before he can solve the murders Longarm will have to uncover the identity of a mysterious night riding woman who has been warning trespassers to stay off Mormon land and backing up her words with hot lead **The Iowa Mormon Trail** Susan Easton Black,William G.
