Urban China Toward Efficient Inclusive And Sustainable Urbanization:

Urban China The World Bank;Development Research Center of the State Council,2014-07-29 In the last 30 years China's record economic growth lifted half a billion people out of poverty with rapid urbanization providing abundant labor cheap land and good infrastructure While China has avoided some of the common ills of urbanization strains are showing as inefficient land development leads to urban sprawl and ghost towns pollution threatens people's health and farmland and water resources are becoming scarce With China's urban population projected to rise to about one billion or close to 70 percent of the country's population by 2030 China's leaders are seeking a more coordinated urbanization process Urban China is a joint research report by a team from the World Bank and the Development Research Center of China's State Council which was established to address the challenges and opportunities of urbanization in China and to help China forge a new model of urbanization The report takes as its point of departure the conviction that China's urbanization can become more efficient inclusive and sustainable However it stresses that achieving this vision will require strong support from both government and the markets for policy reforms in a number of areas The report proposes six main areas for reform first amending land management institutions to foster more efficient land use denser cities modernized agriculture and more equitable wealth distribution second adjusting the hukou household registration system to increase labor mobility and provide urban migrant workers equal access to a common standard of public services third placing urban finances on a more sustainable footing while fostering financial discipline among local governments fourth improving urban planning to enhance connectivity and encourage scale and agglomeration economies fifth reducing environmental pressures through more efficient resource management and sixth improving governance at the local level **Urban China**,2014 **Urban China**

,2014 **China Urban**,2014 This joint report by the World Bank and the Development Research Center of China's State Council includes six priority areas for a new model of urbanization i Reforming land management and institutions ii Reforming the hukou household registration system to provide equal access to quality services for all citizens and create a more mobile and versatile labor force iii Placing urban finances on a more sustainable footing while creating financial discipline for local governments iv Reforming urban planning and design v Managing environmental pressures vi Improving local governance The performance evaluation system of local officials could be adjusted to give greater incentives for a more efficient inclusive and sustainable urbanization process Extracted from World Bank website *Report to Congress of the U.S.-China Economic and Security Review Commission* U.S.-China Economic and Security Review Commission,2013

Sustainable Urbanism in China Ali Cheshmehzangi,Ayotunde Dawodu,Ayyoob Sharifi,2021-08-16 Sustainable Urbanism in China explores the notion of Sustainable Urbanism by considering the role sustainable neighborhood planning plays in the larger picture of sustainable urbanism and suggests innovations and best practices that are either developed or adopted by China These are narrated as lessons learnt for other countries where we see similar trends of development

patterns or emerging practices Through various explorations of challenges paradigms and innovations of urban sustainability this book highlights how planning policy and design are forming and reforming in the context of China These are offered through a set of guidelines and pathways for urban sustainability at the scale of neighborhoods communities or districts in a wider context of urban environments as well as strategies for planners developers policy makers and educators in the field of the built environment Through a comprehensive overview of urban sustainability practices in China this book investigates 12 case study projects These comprehensive explorations should in turn help construct the future directions of China s sustainable urban development and provide innovative pathways of sustainable urbanism in China and around the globe

China's Urbanization and Socioeconomic Impact Zongli Tang, 2017-06-26 This book examines the impacts of China s urbanization on the country s economic development clan culture rural societies minority resident areas natural environment women and public policy reforms drawing on official statistics independent survey data archives and fieldwork research to do so Adopting a cross disciplinary perspective the book places special emphasis on issues that have been neglected in prior studies and provides up to date information reports and analyses based on the latest events Further it considers future directions and strategies regarding urban development discusses regional urbanization in selected poor and backward western provinces analyzes changes in traditional clan culture brought on by urbanization and explores evolutions in local clan societies in the Qin and Han Dynasties when cities expanded and business flourished Lastly the book examines the effects of infrastructure related determinants on urban expansion rates and urban land prices demonstrates the ebbs and flows of public opinion regarding various environmental issues discusses planned real estate tax reform and assesses the impact of demographic and socioeconomic changes on young unmarried women

Urbanization And Public Health In China Mu Li, Yangfeng Wu, 2015-11-13 Urbanization has dominated China s development landscape in recent decades yet the human costs of this economic achievement are largely ignored in commentaries on the subject Urbanization and Public Health in China seeks to redress this imbalance by bringing together academics and researchers from across China and Australia to offer fresh perspectives on public health issues resulting from urbanization The analyses focus on issues of unequal access to health services by the most vulnerable groups the elderly and rural to urban migrants The book explores these issues through demographic epidemiological and environmental change in China over the past three decades and identifies solutions to create a healthier living environment in urban China Other countries undergoing similar rapid urbanization can learn vital lessons from these challenges and solutions This book provides a comprehensive overview for academics and researchers working on urbanization in developing nations as well as a reference point for policy makers and public health practitioners

The Sustainable Urban Development Reader Stephen M. Wheeler, 2022-12-30 This thoroughly revised and updated fourth edition of The Sustainable Urban Development Reader combines classic and contemporary readings to provide a broad introduction to the topic that is accessible to general and undergraduate

audiences The Reader begins by tracing the roots of the sustainable development concept in the nineteenth and twentieth centuries through classic readings It then explores dimensions of urban sustainability including land use and urban design transportation ecological planning and restoration energy and materials use economic development social and environmental justice and green architecture and building Additional sections cover tools for sustainable development sustainable development internationally visions of sustainable community and case studies from around the world The Sustainable Urban Development Reader remains unique in presenting a broad array of sustainable city readings each with a concise introduction placing it within the context of this evolving discourse Presenting an authoritative overview of the field using original sources in a highly readable format this book is a valuable resource for general readers as well as students and researchers in urban studies environmental studies the social sciences and related fields
