Us Macv Sog Reconnaissance Team In Vietnam Warrior By Rottman Gordon 2011 Paperback:

SOG Kontum Joe Parnar, Robert Dumont, 2022-12-05 a powerful sense of sacrifice permeates the book and makes it profound and unique especially when one considers the void of secrecy in which SOG existed Vietnam Magazine The Military Assistance Command Vietnam Studies and Observations Group MACV SOG was a highly classified multi service United States Special Forces unit which conducted covert unconventional warfare operations prior to and during the Vietnam War The unit conducted strategic reconnaissance missions in South Vietnam North Vietnam Laos and Cambodia carried out the capture of enemy prisoners rescued downed pilots and conducted rescue operations to retrieve allied prisoners of war throughout Southeast Asia and conducted clandestine agent team activities and psychological operations This book tells the story of the Teams operating out of FOB2 Kontum near the tri border area in 1968 69 From recon missions over the fence to the heroic and sometimes fatal efforts undertaken to try and rescue missing SOG members the events are told through the words of the men themselves supported by previously unreleased official documents **US MACV-SOG Reconnaissance**

Team in Vietnam Gordon L. Rottman, 2011-09-20 In 1964 Military Assistance Command Vietnam activated a joint unconventional task force known as the Studies and Observation Group MACV SOG As a cover its mission was to conduct analysis of lessons learned in combat by all branches of service SOG s real mission was to conduct covert strategic reconnaissance missions into Laos Cambodia and South Vietnam as well as sabotage and Black psychological operations Ground air and naval assets were employed to insert collect extract and otherwise support these operations This book tells the complete story of these covert agents from their recruitment and training through to their deadly black ops in the jungles of Vietnam US Army Long-Range Patrol Scout in Vietnam 1965-71 Gordon L. Rottman, 2013-02-20 The Vietnamese knew

the Long Range Patrol Scouts as the men with green faces a reference to the camouflage paint that they used Operating in patrols of four to six men these men were like ghosts scouting far behind enemy lines This book examines the Long Range Patrol Scout s superior stealth movement techniques camouflage and concealment tracking counter tracking observation and other fieldcraft skills It also examines the occasions they participated in small scale direct actions including ambushes and raids Written by a Special Forces Vietnam veteran this book not only depicts the remarkable lives of these scouts when on campaign but also details the training and conditioning that it took to become one of these shadow warriors Green Beret in Vietnam

Gordon L. Rottman, 2012-06-20 Vietnam was the US Special Forces most complex and controversial mission one that began in 1957 and ended in 1973 Camp strike forces mobile strike forces mobile guerrilla forces special reconnaissance projects training missions and headquarters duty provided vastly differing experiences and circumstances for SF soldiers Other fluctuating factors were the terrain the weather and the shifting course of the war itself Gordon Rottman examines the training life weapons and combat experiences of the Special Forces soldier in this challenging environment **Across the Fence** John Stryker Meyer, 2011-02-15 QUOTE As the commander of SOG I can say that Across The Fence accurately reflects

why the secret war was hazardous for our troops and so deadly for the enemy Major General John K Singlaub U S Army Ret Far beyond the battlefields of Vietnam across the fence in Laos and Cambodia America fought a deadly secret war Known only as SOG the Special Forces men of the Studies and Operations Group didn't play by the rules They used every trick in the book to defeat the communist forces and if those didn't work they made up new ones SOG operators tapped into phone wires ambushed enemy units and gathered some of the most important intelligence of the war All of this came at a staggering price in terms of casualties At one point the casualty rate exceeded one hundred percent So what kept these extraordinary men running missions that were sure to get them wounded or killed Why did they return to Vietnam for a second tour of duty with SOG The answers to those questions are in this book **Tunnel Rat in Vietnam** Gordon L. Rottman, 2012-02-20 In 1965 soon after the first US combat troops had arrived in Vietnam it was realized that in some areas the Viet Cong had developed vast tunnel complexes in which to hide from the enemy It was long known that such complexes existed but it was not realized just how extensive they were in some areas how important they were to the Viet Cong and how difficult it was to detect and neutralize them At first infantrymen volunteered to enter the tunnels armed with only pistols and flashlights the tunnel runners were born known to the Australians as tunnel ferrets Starting as an ad hoc force of infantrymen combat engineers and chemical troops it was not long before units were formalized as tunnel exploration personnel and 4 6 man tunnel exploitation and denial teams were created They came to be known simply as tunnel rats with the unofficial motto Non Gratum Anus Rodentum Not Worth a Rat's Ass This title will be based on the personal accounts of those who served in this unique role and will describe the specialist training and equipment not to mention the tactics and combat experiences of those who fought an underground war against the Viet Cong in Vietnam Whispers in the Tall Grass Nick Brokhausen, 2019-10-19 An exceptionally raw look at the Vietnam War an excellent tribute to the generation that fought laughed and died in Southeast Asia New York Journal of Books This is the second volume of a Green Beret's riveting memoir of his time serving in Recon Teams Habu and Crusader CNN part of Military Assistance Command Vietnam Studies and Observations Group MACV SOG Picking up where We Few left off Whispers in the Tall Grass opens as the war moves into a new phase The enemy are using special formations to hunt recon teams and missions are now rarely accomplished without heavy contact Despite the teams careful prep losses are mounting More and more missions are extracted by Bright Lights until eventually classic recon missions are almost impossible and the teams briefly trial HALO insertion Finally as the US prepares to withdraw the teams undertake back to back missions directing air strikes and disrupting supply lines to ease the pressure on the ARVN Broken by the pace but desperate not to leave the Yards Brokhausen is ordered to out process his request for extension denied and is forced to leave his friends his brothers behind Written in the same vivid immediate style that made We Few a cult classic Whispers in the Tall Grass follows Habu Crusader and other teams as they undertake missions in this new deadlier phase of the war The narrative veers from hair raising to tragic and back as the teams insert

into hot targets act as Bright Light for stricken teams and play hard in between missions to diffuse the ever rising tension Brokhausen tells all in a masterfully gonzo style of reporting and recollection shaped by clever gallows humor Booklist

Sog - A Photo History of the Secret Wars JOHN L. PLASTER, 2022-04-30 A new edition of this classic illustrated history of the operations and operatives of MACV SOG in the Vietnam War Black Ops Vietnam Robert M Gillespie, 2011-09-15 During the Vietnam War the Military Assistance Command Vietnam Studies and Observations Group MACVSOG was a highly classified U S joint service organization that consisted of personnel from Army Special Forces the Air Force Navy SEALs Marine Corps Force Reconnaissance units and the CIA This secret organization was committed to action in Southeast Asia even before the major build up of U S forces in 1965 and also fielded a division sized element of South Vietnamese military personnel indigenous Montagnards ethnic Chinese Nungs and Taiwanese pilots in its varied reconnaissance naval air and agent operations MACVSOG was without doubt the most unique U S unit to participate in the Vietnam War since its operational mandate authorized its missions to take place over the fence in North Vietnam Laos and Cambodia where most other American units were forbidden to go During its nine year existence it managed to participate in most of the significant operations and incidents of the conflict MACVSOG was there during the Gulf of Tonkin incidents during air operations over North Vietnam the Tet Offensive the secret bombing of and ground incursion into Cambodia Operation Lam Son 719 the Green Beret murder case the Easter Invasion the Phoenix Program and the Son Tay POW Raid The story of this extraordinary unit has never before been told in full and comes as a timely blueprint for combined arms multi national unconventional warfare in the post 9 11 age Unlike previous works on the subject Black Ops Vietnam is a complete chronological history of the unit drawn from declassified documents memoirs and previous works on the subject which tended to focus only on particular aspects of the unit s operations **Born Twice: Memoir of a Special Forces SOG Warrior** Dale Hanson, 2022-07-25 a near unbelievable story of deadly missions carried out by small Green Beret led teams operating deep in enemy territory against all but impossible odds Michael P Buckland Special Forces SOG warrior These were extremely dangerous top secret operations which tested Hanson s mettle the Christian values of his youth shone brightly Read this book and you ll agree with the Green Berets who knew him Hanson is one of the best Maj John Plaster Ret Special Forces SOG author Born Twice takes the reader from the bitterly cold Minnesota winters of his youth to leading a MACV SOG recon team in the steaming jungles of Southeast Asia If you want to know what it was like to run reconnaissance missions into denied areas during the Vietnam War then Born Twice is a book you must read Dennis J Cummings author of The Men Behind the Trident SEAL Team One in Vietnam Dale Hanson was given the name Kam Baw Ya Chin meaning eternal life never die by his Chinese mercenary counterparts in the secret Special Forces projects during the Viet Nam war After reading some of his near death experiences this name seems fitting It may seem contradictory to be at once a committed Christian and a lethal Green Beret but Hanson was and is Highly recommended Major John Doc Padgett Special Forces Ret

Hanson brilliantly sets the stage for being hunted by communist soldiers on the ground in Laos in the dark of night casually mentioning the damage his fingers sustained following face to face combat with three AK 47 firing enemy soldiers Then he deftly shifts gears taking you through his childhood in Ojibway country in northern Minnesota and his coming of age before joining the Army Both aspects of this proud Green Beret s history make for a fascinating read This isn t his first book and I hope it s not his last John Stryker Meyer author of Across the Fence The Secret War in Vietnam On The Ground and SOG Chronicles Volume One
