Voices For Children Rhetoric And Public Policy:

Voices for Children William T. Gormley (Jr.),2012-10-17 Focuses on why children s issues and programs have been given less attention and monies compared to those for the elderly with emphasis on how the mass media have covered children s issues and how this has influenced public opinion and in turn lawmakers Provided by the publisher *Data-Based Child Advocacy* William P. O'Hare,2014-07-22 This book locates organizes and summarizes information about the use of child indicators in an advocacy context It provides a conceptual framework that allows readers to see a wide variety of work as part of a unified field It provides a description of key concepts and illustrates these concepts by offering many examples from a range of countries and a wide variety of applications It covers work from governments non governmental organization and academics It describes such aspects as the use of data to educate and increase public awareness as well as to monitor set goals and evaluate programs serving children A growing number of organizations and people are focusing on measuring and monitoring the well being of children and these child well being data are often employed in ways that go beyond what is typically considered scholarship Many of these applications involve some type of advocacy activity Yet there is very little in the literature about the use of child indicators in an advocacy context This book provides a framework for scholars in a variety of disciplines that will help them to structure their thinking about the use of such indicators in a public context **A**

Practitioner's Guide to Using Child Indicators William O'Hare,2022-03-28 This book focuses on projects using child indicators outside of a research context and provides a user friendly set of materials to help professionals or organizations start and sustain high quality child indicator projects The book is based on the fundamental idea that better data leads to better decisions regarding programs for children The number of people with experience and expertise in developing child indicator projects is limited in many countries This initiative provides critical information on the topic in a cost effective manner and thereby fills an important niche regarding the use of child indicators To the extent that it promotes more and better child indicator projects the book leads to more attention for children and better decision making regarding public support for children It is also likely to increase the number of such projects that exist and to improve the quality of such projects This easy to use and practical guide is for all professionals and organizations working with child indicators data

The SAGE Encyclopedia of Contemporary Early Childhood Education Donna Couchenour,J. Kent Chrisman,2016-03-15 The general public often views early childhood education as either simply babysitting or as preparation for later learning Of course both viewpoints are simplistic Deep understanding of child development best educational practices based on development emergent curriculum cultural competence and applications of family systems are necessary for high quality early education Highly effective early childhood education is rare in that it requires collaboration and transitions among a variety of systems for children from birth through eight years of age The SAGE Encyclopedia of Contemporary Early Childhood Education presents in three comprehensive volumes advanced research accurate practical

applications of research historical foundations and key facts from the field of contemporary early childhood education Through approximately 425 entries this work includes all areas of child development physical cognitive language social emotional aesthetic as well as comprehensive review of best educational practices with young children effective preparation for early childhood professionals and policy making practices and addresses such questions as How is the field of early childhood education defined What are the roots of this field of study How is the history of early childhood education similar to yet different from the study of public education What are the major influences on understandings of best practices in early childhood education The Wiley Handbook of Developmental Psychology in Practice Kevin Durkin,H. McDonnell,M. Stephen Weatherford,2021-02-01 In *Evidence Politics and Education Policy* political scientists Lorraine M McDonnell and M Stephen Weatherford provide an original analysis of evidence use in education policymaking to help scholars and advocates shape policy more effectively The book shows how multiple types of evidence are combined as elected officials and their staffs work with researchers advocates policy entrepreneurs and intermediary organizations to develop create and implement education policies *Evidence Politics and Education Policy* offers an in depth understanding of the political environment in which evidence is solicited and used Two key case studies inform the book s findings The primary case a major multimethod study examines the development and early implementation of the Common Core State Standards at the national level and in four states California Indiana Massachusetts and Tennessee A comparative case analyzes the evidence used in Congressional hearings over the twenty year history of the Children s Health Insurance Program Together the two cases illustrate the conditions under which different types of evidence are used and in particular how federalism the complexity of the policy problem and the policy s maturity shape evidence use McDonnell and Weatherford focus on three leverage points for strengthening the use of research evidence in education policy integrating research findings with value based policy ideas designing policies with incentives for research use built into their rules and organizational structures and training policy analysts to promote the use of research in policymaking venues **Learning from the Children** Jacqueline Waldren,Ignacy-Marek Kaminski,2012 Children and youth regardless of their ethnic backgrounds are experiencing lifestyle

choices their parents never imagined and contributing to the transformation of ideals traditions education and adult child power dynamics As a result of the advances in technology and media as well as the effects of globalization the transmission of social and cultural practices from parents to children is changing Based on a number of qualitative studies this book offers insights into the lives of children and youth in Britain Japan Spain Israel Palestine and Pakistan Attention is focused on the child s perspective within the social power dynamics involved in adult child relations which reveals the dilemmas of policy planning and parenting in a changing world

Constructing Policy Change Linda A. White,2017-09-18 In Constructing Policy Change Linda A White examines the expansion of early childhood education and care ECEC policies and programs in liberal welfare states including Australia Canada New Zealand the UK and the USA In the first part of the book the author investigates the sources of policy ideas that triggered ECEC changes in various national contexts This is followed by a close analysis of cross national variation in the implementation of ECEC policy in Canada and the USA White argues that the primary mechanisms for policy change are grounded in policy investment logics as well as cultural logics that is shifts in public sentiments and government beliefs about the value of ECEC policies and programs are rooted in both evidence based arguments and in principled beliefs about the policy A rich nuanced examination of the reasons motivating ECEC policy expansion and adoption in different countries Constructing Policy Change is a corrective to the comparative welfare state literature that focuses on political interest alone

Parental Imprisonment and Children's Rights Fiona Donson,Aisling Parkes,2021-03-30 This book brings together internationally renowned academics and professionals from a variety of disciplines who in a variety of ways seek to understand the legal conceptual and practical consequences of parental imprisonment through a children s rights lens Children whose parents have been incarcerated are often referred to as invisible victims of crime and the penal system It is well accepted that the imprisonment of a parent even for a short period of time not only negatively affects the lives of children but it can also result in a gross violation of their fundamental human rights such as the right of access to their parent and the right to have an input into decision making processes affecting them the outcomes of which will without doubt affect the life of the child concerned This collection foregrounds the voice of these children as it explores transdisciplinary boundaries and examines the practice and development of the rights of both children and their families within the wider dynamic of criminal justice and penology practice The text is divided into three parts which are dedicated to 1 hearing the voices of children with parents in prison 2 understanding to what extent children s rights informs prison policy and 3 demonstrating how law in the form of children s rights can help frame both court sentencing and prison practice in a way that minimises the harm that contact with the prison system can cause The research drawn upon in this book has been conducted in a number of European countries and demonstrates both good and bad practice as far as the implementation of children s rights is concerned in the context of parental incarceration An accessible and compelling read this book will appeal to students and scholars of law children s rights criminology sociology social work

psychology penology and all those interested in and working towards protecting the rights of children who have a parent in prison

Bureaucracy and Democracy Steven J. Balla, William T. Gormley, Jr., 2017-07-26 Given the influence of public bureaucracies in policymaking and implementation Steven J Balla and William T Gormley assess their performance using four key perspectives bounded rationality principal agent theory interest group mobilization and network theory to help students develop an analytic framework for evaluating bureaucratic accountability The new Fourth Edition of Bureaucracy and Democracy Accountability and Performance provides a thorough review of bureaucracy during the Obama and Trump administrations as well as new attention to state and local level examples and the role of bureaucratic values New to this Edition Interviews with two new cabinet secretaries Christine Todd Whitman and Tom Ridge with insightful quotes from them throughout the book Added material on the battle over regulations a battle that will loom large during the Trump administration including midnight regulations and the Congressional Review Act New examples demonstrate the activity and influence of constituencies of different kinds including the placing of women and minorities on US currency a vignette that features the musical Hamilton and the political protests surrounding the Dakota Access and Keystone XL pipelines A new discussion of the privatization of roads the pros and cons
