The Distant Voices William L. Stolley, 2009-04 The resonating metallic tone of the voice is a constant nuisance to Michael Tyler As a boy every time he hears it he lashes out violently By the age of ten he s taking regular doses of medication and it isn t long before he s institutionalized But now he s all grown up out on his own and the phantom voice has returned This time it won t go away It tells Michael it s an alien entity that is able to communicate with him through a portal in his own mind Not everyone has these portals he s one of a select few Michael is happy for the first time in a long while knowing that perhaps he isn t crazy

after all And with the help of the voice he develops psychic abilities and uses them to win back control of a private trust that gains him access to a fortune But now the voice wants Michael to begin communicating with others who have portals as well By linking with them he can share his psychic abilities and they all can become powerful Join Michael on a fantastic journey filled with adventure unanswered questions and false appearances in *The Distant Voices* **Mundane Tarot** Sarah Paul,2009-12 At last a tarot interpretation book sparkling with intelligence intuition and historical perspective Ten years in the making *Mundane Tarot* combines divination and channeling to produce two separate tarot interpretation books under one cover written by an honors scholar tarot expert and channeler Ponder the origin of secret psychic societies and the purpose of their esoteric works through Sarah s insightful introduction Become introduced to the radical compassionate philosophy of the Galaxy Teacher and learn his liberating revealing definitions for responsibility karma doing and non power Identify your personal area of psychic talent and receive a roadmap to develop it through the one of a kind *Psychic Talents Reading* that is interpreted using a special channeled interpretation book included in Part Two of *Mundane Tarot* **The Voice of Public Theology** Ted Peters,2022-11-07 Public theologians are already thundering like prophets at climate change and racial injustice But the gale force winds of natural science blow through society as well The public theologian should be on storm watch *A Voice on the Wind* Sandra O.
