[Lloyd's Register Technical Association Session 1982-1983](#) Lloyd's Register Foundation, 1982-01-01 The Lloyd s Register Technical Association LRTA was established in 1920 with the primary objective of sharing technical expertise and knowledge within Lloyd s Register Publications have consistently been released on a yearly basis with a brief interruption between 1938 and 1946 These publications serve as a

key reference point for best practices and were initially reserved for internal use to maximise LR's competitive advantage. Today the LRTA takes a fresh approach focusing on collaboration by combining professional expertise from across LRF Group to ensure a frequent output of fresh perspectives and relevant content. The LRTA has evolved into a Group wide initiative that identifies, captures and shares knowledge spanning various business streams and functions. To support this modern approach the LRTA has adopted a new structure featuring representatives and senior governance across the business streams and the LR Foundation. The Lloyd's Register Technical Association Papers should be seen as historical documents representing earlier viewpoints and are not reflective of current thinking and perspectives by the current LR Technical Association. The Lloyd's Register Staff Association (LRSA) changed its name to the Lloyd's Register Technical Association (LRTA) in 1973.
