John Wright

Welcome To Obamaland I Have Seen Your Future And It Doesn't Work:

Welcome to Obamaland James Delingpole, 2009-02-09 If the election of Barack Obama fills you with dread rather than elation you're not alone in fact pull up a chair next to James Delingpole who has seen this all before and knows exactly where America is heading into a morass of sprawling government that will slowly start suffocating our economy our liberties and our culture You might as well call it socialism he says because that's what it is In Britain it came in under the smiling face of Tony Blair and has left the British bulldog castrated whimpering and sick in America it's coming under the vibrant youthful guise of Barack Obama But the result will be the same the brave independent American eagle will become the American turkey oven basted by the nanny state of Barack Obama Hillary Clinton Nancy Pelosi and Harry Reid **The Obama**

Haters John Wright, 2011-04-30 On November 4 2008 the election of Barack Hussein Obama as the forty fourth president of the United States showed that the country had finally overcome its most hurtful shameful and enduring legacy slavery Though Obama's election showed progress the John McCain Sarah Palin campaign and the Republican Party used age old smear campaign tactics Their operators pulled out all the stops in an attempt to win and spread falsehoods about Obama that have only multiplied after the election The Obama Haters seeks to answer the following questions Who are these Obama haters Why do they despise him Why do various news organizations commentators and political entities treat the same facts differently Why are these pundits so powerful In order to do so Wright first lays out the democratic principles and civility toward which Americans should strive Next he investigates the persistent expressions of hatred for President Obama connecting historic antecedents of political mudslinging along with the background of virulent right wing smear tactics over the past two decades And finally he shines a harsh spotlight on the haters and fearmongers and their tactics While Americans have the right to criticize their political leadership their reasons for disapproval should be based on facts Those who invent and repeat lies to hurt the reputation of leaders weaken the democratic ideal This book is for anyone who wishes to learn how to cut through the hypocrisy and propaganda to make informed decisions based on truth 365 Ways to Drive a Liberal

Crazy James Delingpole, 2011-01-04 Start every day off RIGHT Try one of our 365 ways to drive a liberal even more crazy Whether you quote from the Constitution what that old relic or point out the facts about global warming as in the planet has been steadily cooling for the past decade this is one sure fire way to get under a lefty's thin skin *Outrageous Invasions* Robin D. Barnes, 2010 In *Outrageous Invasions* Celebrities Private Lives Media and the Law Professor Robin D Barnes examines the role and nature of privacy in Western democracies Celebrities are routinely subjected to stalking harassment invasion of privacy and defamation These occurrences are often violations of their constitutional rights Professor Barnes addresses growing concerns about the widespread immunity from liability enjoyed by United States tabloid publishers *Outrageous Invasions* chronicles these experiences and the legal battles waged by celebrities in both the United States and European Union against a press corps that continuously invades their private lives Professor Barnes analyzes doctrinal

developments in cases from the United States Supreme Court and the High Courts of Europe These cases demonstrate that American celebrities are entitled to but not receiving the same protections as their European counterparts In **Outrageous Invasions** Professor Barnes explains the value of the rights of the individual to democratic nations She notes the importance of insuring appropriate protection for freedom of expression and associational freedom through meaningful regulation in the instances when speech rights collide with equally important values such as privacy and equality

Conduct Unbecoming Robert Patterson,2010-08-31 Lt Col Robert Patterson former Senior Military Aide to President Clinton exposes how President Barack Obama s national security policies are weakening our military and endangering America s safety From underfunding and misusing the military to his Apology Tour across Europe and the Middle East President Obama has made America more vulnerable with both our allies and our enemies

Economics 101 for Senators and Representatives Wallace Hoffman,2022-08-24 The mission of this book is to inform all American citizens how their senators and representatives vote in Washington Do your senators and your representative fulfill the responsibilities of government in the Constitution and vote in your favor If that is true they are your friends Or do your senators and your representatives violate the Constitution and vote against your best interest If that is true they are your enemies If you vote for and reelect your enemies they will be your enemies the next two or six years President Obama s legacy of deficit spending is characterized by average deficit spending of more than a trillion dollars annually During those eight years every American household went to bed each evening fifty dollars deeper in debt regardless of how hard they worked or whether they spent any money The national debt more than doubled during President Obama s eight years in office Each person s share of debt increased from 30 000 to 70 000

Go Deeper Rick Collingwood,2011 The Spectator ,2009 The Publishers Weekly ,2008 **Welcome to Obamaland** James Delingpole,2008-12-23 Argues that a liberal Obama led government will result in the same disaster for America that Tony Blair s leadership did for Great Britain discussing the implications for medicine the environment the economy and education
