Dreamhouse Kings Young Adult 3-in-1 Bundle Robert Liparulo, 2011-12-20 House of Dark Shadows When the Kings move from L.A. to a secluded small town, fifteen-year-old Xander is beyond disappointed. He and his friends loved to create amateur films, but the tiny town of Pinedale is the last place a movie buff and future filmmaker wants to land. But he, David, and Toria are captivated by the many rooms in the old Victorian fixer-upper they moved into, as well as the heavy woods surrounding the house. They soon discover there's something odd about the house. Sounds come from the wrong directions. Prints of giant bare feet appear in the dust. And when David tries to hide in the linen closet, he winds up in locker 119 at his new school. Then the really weird stuff kicks in. They find a hidden hallway with portals leading to far-off places in long ago times. Xander is starting to wonder if this kind of travel is a teen's dream come true or his worst nightmare.

Watcher in the Woods Pretending everything's all right is harder than it sounds. But the Kings know that even if they told the truth about the bizarre things happening in their house, no one would believe them. They're hyper-focused on rescuing their lost family member before anyone finds out what's going on. But when a stranger shows up to take their house, their options start dwindling fast. Why would he be so interested in a run-down old place? And what secret is he hiding just as he hides the scars that crisscross his body? The mystery gets stranger with each passing day. Will the Kings be able to find a way to harness the house's secrets and discover who is watching their every move before another gets snatched into an unknown world?

Gatekeepers The Kings have been in the creepy old place, their new home, for only a few days, but they've experienced enough terror to last a lifetime. And the mystery is growing even more baffling. Shadowy and shifting, the big house conceals doors into other worlds that blur the line between memories and dreams, and the slightest misstep can change history forever. At least that's if they believe the trembling old man who shows up claiming to know them. There's a reason you're in the house, he tells them. As gatekeepers, we must make sure only those events that are supposed to happen get through to the future. The

problem is that horrors beyond description wait on the other side of those gates As if that weren't enough the Kings are also menaced by sinister forces on this side like the dark ancient stranger Taksidian who wants them out Xander David and Toria must venture beyond the gates to save their missing mother and discover how truly high the stakes have become
