

WARRIOR HEALERS

The Untold Story of the
Special Forces Medic

Book I: The Beginning

Leonard D. Blessing Jr.

Warrior Healers The Untold Story Of The Special Forces Medic

Dick Couch

Warrior Healers The Untold Story Of The Special Forces Medic:

Warrior Healers Leonard Dean Blessing, 2006 The United States Army Special Forces Medical Sergeant is an extensively trained soldier possessing extraordinary medical capabilities and responsibilities The requirement for acceptance into the course is among the Army s most stringent and the attrition rate is high Prior to graduation each student is examined orally by a board of physicians and senior medics who will permit no one but those qualified to graduate His skills as a warrior are an essential element to the success of his teams mission Just because you were a medic didn t mean that you would never have to climb a mountain row a rubber raft blow up a bridge or organize an ambush His compassion and dedication as a healer are without equal That night that was quite a challenge I found out that most of our training had brought us right up to that level with no problem You quickly remember that you re not God Even if you re a full trained American doctor you realize you re not God There were some things you just could not fix Some of them were already dead some you could stop the bleeding tie off the bleeders and keep em alive to be evacuated

Journal of Special Operations Medicine ,2009

Fighting Elites John C. Fredriksen, 2011-12-12 From Army Rangers to Green Berets to the U S Navy SEAL team that killed Osama bin Laden this book explains what makes Special Forces special covering the rich and varied history of elite formations in American military history and describing their recruitment intense training and equipment in depth Most civilians have only a vague idea of what the U S Special Forces are all about who they are how they differ from our normal military forces what they ve accomplished throughout our history and how they operate today Fighting Elites A History of U S Special Forces examines the rich and varied history of U S Special Forces identifies their contributions to specific conflicts from colonial times forward and highlights their present operational excellence In this first ever reference guide to U S Special Forces military historian John C Fredriksen provides a carefully balanced presentation describing all units in their own detailed section that discusses their origins recruitment training tactics and equipment and defining military engagements if known The text also contains 20 biographical entries of noted personalities associated with special purpose activities

The Green Berets in the Land of a Million Elephants Joseph D. Celleski, 2020-01-10 The untold story of US Special Forces in Laos one of the longest secret wars of the Cold War by a military historian and Special Forces veteran The Secret War in Laos was one of the first long wars fought by US Special Forces spanning a period of about thirteen years It was one of the largest CIA paramilitary operations of the time kept out of the view of the American public until now Between 1959 and 1974 Green Berets were covertly deployed to Laos during the Laotian Civil War to prevent the Communist Pathet Lao from taking over the country Operators disguised as civilians and answering only to Mister were delivered to the country by Air America where they reported to the US Ambassador With limited resources they faced a country in chaos Maps had large blank areas and essential supplies often didn t arrive at all In challenging tropical conditions they trained and undertook combat advisory duties with the Royal Lao Government Shrouded in secrecy until the

1990s this was one of the first major applications of special warfare doctrine Now the story is comprehensively told for the first time using official archival documents and interviews with veterans **Before the Quagmire** William J.

Rust,2012-06-29 This critical study of US intervention in the Laotian Civil War is a major contribution to the literature on America s Southeast Asian involvement Publishers Weekly In the decade preceding the first US combat operations in Vietnam the Eisenhower administration sought to defeat a communist led insurgency in neighboring Laos Although US foreign policy in the 1950s focused primarily on threats posed by the Soviet Union and the People s Republic of China the American engagement in Laos evolved from a small cold war skirmish into a superpower confrontation near the end of President Eisenhower s second term Ultimately the American experience in Laos foreshadowed many of the mistakes made by the United States in Vietnam in the 1960s In **Before the Quagmire** historian William J Rust examines key policy decisions made in Washington and how they were implemented on the ground in Laos setting the US on a path to wider war in Southeast Asia Drawing on previously untapped archival sources **Before the Quagmire** documents how ineffective assistance to Laotian anticommunist elites reflected fundamental misunderstandings about the country s politics history and culture A Choice Outstanding Academic Title Battle Ready Mark L. Donald,Scott Mactavish,2013-03-12 A memoir from a SEAL and medic in which he explores his 25 year career in dangerous combat missions and the post traumatic stress disorder that developed at home Chosen Soldier Dick Couch,2007-03-06 IN combating terror America can no longer depend on its conventional military superiority and the use of sophisticated technology We are fighting guerrilla wars against insurgents hidden in remote regions often deep among the local population In battles such as these squadrons of billion dollar bombers and naval fleets mean much less than on the ground intelligence and the ability to organize local forces That s why more than ever before we need men like those of the Army Special Forces the legendary Green Berets In **Chosen Soldier** Dick Couch a former Navy SEAL widely admired for his books about SEAL training and operations offers an unprecedented view of the training of the Army Special Forces warrior Each year several thousand enlisted men and several hundred officers volunteer for Special Forces training less than a quarter of those who apply will complete the course **Chosen Soldier** spells out in fascinating detail the arduous regimen these men undergo the demanding selection process and grueling field exercises the high level technical training and intensive language courses and the simulated battle problems that test everything from how well they gather operational intelligence to their skills at negotiating with volatile often hostile local leaders Green Berets are expected to be deadly in combat yes but their responsibilities go far beyond those of other Special Operations fighters they re taught to operate in foreign cultures often behind enemy lines to recruit train and lead local forces to gather intelligence in hostile territory to forge bonds across languages and cultures They must not only be experts in such fields as explosives communications engineering and field medicine but also be able to teach those skills to others Each and every Green Beret must function as tactical combat leader negotiator teacher drill sergeant and diplomat These tasks require more than just

physical prowess they require a unique mix of character intelligence language skills and most of all adaptability It s no wonder that the Green Berets training regimen is known as the hardest in the world Drawing on his unprecedented access to the closed world of Army Special Forces training Dick Couch paints a vivid intimate portrait of these extraordinary men and the process that forges America s smartest most versatile and most valuable fighting force [A Special Forces Cancer Warrior Chronicle](#) Thomas Thornhill,2019-10-07 Read the story of a courageous heroic and victorious war on cancer waged by a very Special Forces cancer warrior A story that will strike every sympathetic heart it touches Not just any cancer stage 4 metastatic breast cancer with a staggering fatality rate one of the most deadly forms of cancer Read the story of a war with a deadly killer No less than three oncologists told her she only had months to live This Special Forces cancer warrior defied their predictions all three times **US Army Special Forces Medical Handbook** Glen K. Craig,1988 Ready medical reference and review for Special Forces medics [Unbreakable Valor](#) DREW M. WEBB,2025-06-19 A raw unfiltered Special Forces memoir exploring combat in Afghanistan moral injury and life after war For readers of military memoirs leadership and resilience
