Warriors Return Restoring The Soul After War:

Warrior's Return Edward Tick, Ph.D., 2014-11-01 War touches us all leaving visible and invisible wounds on the warriors who fight disrupting their families and communities and leaving lasting imprints on our national psyche In spite of billions spent on psychological care and reintegration programs we face an epidemic of combat related conditions such as PTSD Post Traumatic Stress Disorder With Warrior s Return Dr Edward Tick presents a powerful case for changing the way we welcome our veterans back from service a vision and a path for transforming the wounds of war into sources of wisdom honor and growth After more than 35 years of working with veterans Dr Tick has learned that our conventional ways of addressing the trauma and woundings of war fall far short usually focusing only on symptoms and temporary relief Drawing on lessons from cross cultural wisdom mythical archetypes and proven methods from psychology he offers this book as a valuable resource to help families caregivers and returning veterans understand and cope with the life changing effects of combat including Re examining PTSD why we must expand our understanding of the full psychological and spiritual impact of war s invisible wounds Archetype of the warrior service in combat as a journey to the underworld and why the return home is the most crucial stage The warrior s path timeless wisdom from tradition classical philosophy great leaders and religious and mythological sources How cultures around the world have welcomed home their returning warriors for centuries and what we can learn from them The warrior s initiation how the old self dies on the battlefield and a new more mature self evolves in its place Restoration methods for overcoming disillusionment and soul fatigue to restore the warrior s sense of purpose motivation and connection Coming home specific steps for reintegrating our warriors back into our families and communities Honor how a warrior can retain personal integrity and self respect even when they have participated in a war they don t believe in Forgiveness reconciliation and atonement ways for warriors to close the circle and begin healing what was destroyed This is not a hopeless situation states Dr Tick Lifelong suffering after war is not inevitable if we understand war s impact on the heart and soul both for ourselves and our culture For veterans and those who wish to support them Warrior s Return offers step by step guidance for initiating our transformed warriors into valued members of our community with an essential map for the hero s journey home A portion of the proceeds will be donated to Soldier s Heart Visit soldiersheart.net

Home of the Brave Donna Bryson, 2018-01-26 A small town struggling like many communities with the question of how to remain vital and vibrant in the 21st century took on another problem altogether that of the difficult homecoming of Iraq Afghanistan and other war veterans Melanie Kline knows a little boy who tenses when his family goes to the airport He s sure his father is headed for another deployment in Afghanistan The child s father is dearer to him and his world a little less safe since his country went to war on terror No one in Kline s own family has been caught up in the fighting in Iraq and Afghanistan but she has come to see that it affects her entire community And she has rallied her small town to respond Kline founded the Welcome Home Montrose project to offer mental health support job and housing advice and other aid for

returning warriors who are burdened by memories of war and uncertain of what their homecoming will mean What she did not count on was how much the men and women who had served their country still had to give Home of the Brave is about community and military service and the possibilities born of creativity and commitment Warriors between Worlds Zachary Moon,2019-02-12 The concept of moral injury emerged in the past decade as a way to understand how traumatic levels of moral emotions generate moral anguish experienced by some military service members Interdisciplinary research on moral injury has included clinical psychologists Litz et al 2009 Drescher et al 2011 theologians Brock Graham 2017 ethicists Kinghorn 2012 and philosophers Sherman 2015 This project articulates a new key concept moral orienting systems a dynamic matrix of meaningful values beliefs behaviors and relationships learned and changed over time and through formative experiences and relationships such as family of origin religious and other significant communities mentors and teachers Military recruit training reengineers pre existing moral orienting systems and indoctrinates a military moral orienting system designed to support functioning within the military context and the demands of the high stress environment of combat including immediate responses to perceived threat This military moral orienting system includes new values and beliefs new behaviors and new meaningful relationships Recognizing the profound impact of military recruit training this project challenges dominant notions of post deployment reentry and reintegration and formulates a new paradigm for first understanding the generative circumstances of ongoing moral stress that include moral emotions like guilt shame disgust and contempt and second for responding to such human suffering through compassionate care and comprehensive restorative support This project calls for more effective participation of religious communities in the reentry and reintegration process and for a military wide post deployment reentry program comparable to the encompassing physio psycho spiritual social transformative intensity experienced in recruit training boot camp *Disaster Mental Health Counseling* Mark A. Combat Death in Contemporary American Culture Agnieszka Soltysik Monnet, 2020-12-16 Combat Death in Contemporary American Culture Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination
