Traveling Literary America A Complete Guide To Literary Landmarks:

Traveling Literary America B. J. Welborn, 2005 Readers and travelers are guided to more than 200 homes and historic sites of America's greatest writers from the Jack London Ranch in northern California to William Faulkner's home in Oxford Mississippi Clear driving directions and visitor instructions are combined with unique tidbits about each site and author such as the story of Jack London's custom made furniture and the roll top desk and Dictaphone on display in his study Literary enthusiasts are guided to the site of Thoreau's bean field where they can poke around an exact replica of his cabin They can drop in on Margaret Mitchell's recently restored Atlanta apartment or visit John Steinbeck's haunts in the cozy California seaside town of Pacific Grove This family oriented user friendly guide teaches literary folk about writers work their philosophies and the forces that compelled them to write All 50 states are represented and the literary sites are divided by geographic regions

Mark Twain's Homes and Literary Tourism Hilary Iris Lowe, 2012-07-20 A century after Samuel Clemens's death Mark Twain thrives One way fans still celebrate the first true American writer and his work is by visiting any number of Mark Twain destinations They believe they can learn something unique by visiting the places where he lived Mark Twain's Homes and Literary Tourism untangles the complicated ways that Clemens's houses now museums have come to tell the stories that they do about Twain and in the process reminds us that the sites themselves are the products of multiple agendas and in some cases unpleasant histories Hilary Iris Lowe leads us through four Twain homes beginning at the beginning Florida Missouri where Clemens was born Today the site is simply a concrete pedestal missing its bust a plaque and an otherwise empty field Though the original cabin where he was born likely no longer exists Lowe treats us to an overview of the history of the area and the state park challenged with somehow marking this site Next we travel with Lowe to Hannibal Missouri Clemens's childhood home which he saw become a tourist destination in his own lifetime Today mannequins remind visitors of the man that the boy who lived there became and the literature that grew out of his experiences in the house and little town on the Mississippi Hartford Connecticut boasts one of Clemens's only surviving adulthood homes the house where he spent his most productive years Lowe describes the house's construction its sale when the high cost of living led the family to seek residence abroad and its transformation into the museum Lastly we travel to Elmira New York where Clemens spent many summers with his family at Quarry Farm His study is the only room at this destination open to the public and yet tourists follow in the footsteps of literary pilgrim Rudyard Kipling to see this small space Literary historic sites pin their authority on the promise of exclusive insight into authors and texts through firsthand experience As tempting as it is to accept the authenticity of Clemens's homes Mark Twain's Homes and Literary Tourism argues that house museums are not reliable critical texts but are instead carefully constructed spaces designed to satisfy visitors This volume shows us how these houses portrayals of Clemens change frequently to accommodate and shape our own expectations of the author and his work

Material Cultures in Canada Thomas Allen, Jennifer Blair, 2015-06-18 Material

Cultures in Canada presents the vibrant and diverse field of material culture studies in Canadian literary artistic and political contexts today The first of its kind this collection features sixteen essays by leading scholars in Canada each of whom examines a different object of study including the beaver geraniums comics water a musical playlist and the human body The book s three sections focus in turn on objects that are persistently material on things whose materiality blends into the immaterial and on the materials of spaces Contributors highlight some of the most exciting new developments in the field such as the emergence of new materialism affect theory globalization studies and environmental criticism Although the book has a Canadian centre the majority of its contributors consider objects that cross borders or otherwise resist national affiliation This collection will be valuable to readers within and outside of Canada who are interested in material culture studies and in addition will appeal to anyone interested in the central debates taking place in Canadian political and cultural life today such as climate change citizenship shifts in urban and small town life and the persistence of imperialism
