War And Democratic Constraint How The Public Influences Foreign Policy:

War and Democratic Constraint Matthew A. Baum, Philip B. K. Potter, 2015-04-27 Why do some democracies reflect their citizens foreign policy preferences better than others What roles do the media political parties and the electoral system play in a democracy's decision to join or avoid a war War and Democratic Constraint shows that the key to how a government determines foreign policy rests on the transmission and availability of information Citizens successfully hold their democratic governments accountable and a distinctive foreign policy emerges when two vital institutions a diverse and independent political opposition and a robust media are present to make timely information accessible Matthew Baum and Philip Potter demonstrate that there must first be a politically potent opposition that can blow the whistle when a leader missteps This counteracts leaders incentives to obscure and misrepresent Second healthy media institutions must be in place and widely accessible in order to relay information from whistle blowers to the public Baum and Potter explore this communication mechanism during three different phases of international conflicts when states initiate wars when they respond to challenges from other states or when they join preexisting groups of actors engaged in conflicts Examining recent wars including those in Afghanistan and Iraq War and Democratic Constraint links domestic politics and mass media to international relations in a brand new way **War and Democratic Constraint**, 2016 *Polarization and International Politics* Rachel

Myrick, 2025-09-16 How extreme polarization undermines the advantages that democracies have when formulating foreign policy Polarization is a defining feature of politics in the United States and many other democracies Yet although there is much research focusing on the effects of polarization on domestic politics little is known about how polarization influences international cooperation and conflict Democracies are thought to have advantages over nondemocratic nations in international relations including the ability to keep foreign policy stable across time credibly signal information to adversaries and maintain commitments to allies Does domestic polarization affect these democratic advantages In this timely book Rachel Myrick argues that polarization reshapes the nature of constraints on democratic leaders which in turn erodes the advantages democracies have in foreign affairs Drawing on a range of evidence including cross national analyses observational and experimental public opinion research descriptive data on the behavior of politicians and interviews with policymakers Myrick develops metrics that explain the effect of extreme polarization on international politics and traces the pathways by which polarization undermines each of the democratic advantages Turning to the case of contemporary US foreign policy Myrick shows that as its political leaders become less responsive to the public and less accountable to political opposition the United States loses both reliability as an ally and credibility as an adversary Myrick's account links the effects of polarization on democratic governance to theories of international relations integrating work across the fields of international relations comparative politics and American politics to explore how patterns of domestic polarization shape the international system **Foreign Policy** Steve Smith, Amelia Hadfield, Timothy Dunne, 2016 The only introduction to foreign

policy to combine theories actors and cases in one volume **Mass Media and American Politics** Johanna Dunaway, Doris A. Graber, 2022-02-13 A comprehensive trusted core text on media's impact on attitudes behavior elections politics and policymaking Mass Media and American Politics is known for its readable introduction to the literature and theory of the field and for staying current with each new edition on issues of new and social media media ownership the regulatory environment infotainment and war time reporting Written by the late Doris Graber a scholar who has played an enormous role in establishing and shaping the field of mass media and American politics and now lead by Johanna Dunaway this book has set the standard for the course New to this edition Extensive coverage of political misinformation the role changing communication technologies and mass media more generally are playing in its consumption and dissemination as well as how the press is handling and should handle reporting on political misinformation especially as it pertains to the presidency elections and crises like Covid 19 Updated coverage of the role social media and other popular digital platforms are playing or not playing in the effort to stop the spread of mis and dis information on their platforms with special attention to both foreign and domestic efforts to use these platforms to incite violence cause confusion about and or encourage distrust in democratic institutions Expanded treatment of rising affective social and ideological polarization in politics with a special focus on whether and how mass media are contributing to these forms of polarization New updates on causes and consequences of expanding news deserts declining local news and rampant growth of hedge fund media ownership Up to date coverage of what researchers are learning about the implications of growth in digital social and mobile media use What does it mean for attention to news and politics **New Directions in Media and Politics** Travis N. Ridout, 2013 The field of media and politics is quickly changing as society transforms and new technologies develop continuously Academic research in the area is rapidly breaking new ground to keep pace with the prolific media developments This innovative up to date text moves beyond rudimentary concepts and definitions to consider the exciting scholarly research that addresses the monumental recent changes in the media system of the United States and the world This carefully crafted volume addresses the big questions that academic researchers are asking exposing students to the rigorous scholarship in the field but making it readily understandable by undergraduate students Each chapter starts with a big question about the impact of the news media provides an overview of the more general topic and then answers that question by appealing to the best most up to date research in the field The volume as a whole is held together by an exploration of the rapidly changing media environment and the influence these changes have on individual political behavior and governments as a whole New Directions in Media and Politics will make an ideal book for courses as it digs deeper into the questions that standard textbooks only hint at and presents scholarly evidence to support the arguments made **Sustainable Security** Jeremi Suri, Benjamin A. Valentino, 2016 How can the United States craft a sustainable national security strategy in a world of shifting threats sharp resource constraints and a changing balance of power This volume brings together research on this

question from political science history and political economy aiming to inform both future scholarship and strategic decision making

US Foreign Policy Michael Cox, Doug Stokes, 2008 This major new textbook is the most comprehensive introduction to US foreign policy available Bringing together a number of the world's leading experts the text deals with the rise of America US foreign policy during and after the Cold War and the complex issues facing the US since September 11th The book is divided into 4 sections historical contexts institutions and processes policies of the US towards different areas and issues and debates The book is accompanied by an Online Resource Centre Student resources Interactive timeline Interactive map Multiple choice questions Monthly commentaries Flashcard glossary Instructor resources Essay questions seminar questions and activities

'Talking Intervention' - Attitudes Towards German Foreign Policy and the Conditional Influence of Emphasis Frames Patrick Haack, 2007-11 Diploma Thesis from the year 2007 in the subject Politics International Politics Topic German Foreign Policy grade 1 1 University of Constance language English abstract Patrick Haack untersucht in seiner politikwissenschaftlichen Diplomarbeit den Einfluss des Textframings auf politische Einstellungen zu einer fiktiven Ausweitung des Libanon Einsatzes der Bundeswehr auf die syrisch libanesische Grenze Aufgrund einer quantitativen Inhaltsanalyse der Bundestagsdebatte zum Libanon Einsatz identifiziert er zunächst zwei grundlegende Frames Verantwortungs und Risiko Frame die jeweils von Befürwortern und Gegnern des Bundeswehr Einsatzes ins Spiel gebracht werden Der Autor verwendet diese Frames schließlich um drei Versionen eines fiktiven Zeitungsartikels pro contra und neutral zu konstruieren und in einer experimentellen Studie deren Einfluss auf die Meinungsbildung der Probanden zu untersuchen Die Analyse und Auswertung der Antworten mit Hilfe von linearen und logistischen Regressionstechniken bestätigt die zentrale Annahme dieser Arbeit Der Einfluss von politischer Argumentation kann nur unter Einbeziehung individueller Merkmale der Befragten vollständig nachvollzogen werden Im Vergleich zur neutralen Version reduziert der Risiko Frame die Zustimmung zum Bundeswehreinsatz wohingegen der Verantwortungs Frame wirkungslos bleibt Der Einfluss des Risiko Frames ist jedoch abhängig vom individuellen Vorwissen und den politischen Prädispositionen der Probanden Je besser sie über deutsche Außenpolitik informiert sind umso eher erweist sich der Risiko Frame als wirkungslos Inkongruenz zu politischen Prädispositionen erhöht hingegen die Wirkungsweise des Risiko Frames Darüber hinaus ergibt die Modellierung eines dreifachen Interaktionseffekts dass die Wirksamkeit des Verantwortungs Frames bei gegebener dispositiver Kongruenz positiv vom Grad des politischen Vorwissens abhängt In inhaltlicher Hinsicht liefert die Arbeit eine experimentelle Bestätigung der

 future Globalization contemporary dynamics and the future of world politics **Comment perdre une guerre** Élie
 Baranets, 2017 La 4e de couverture indique en croire les spécialistes les démocraties bénéficient d'un avantage militaire décisif

Cela n'empêche pas ces dernières de connaître des difficultés récurrentes comme le montrent leurs déboires récents. Pourquoi de la guerre naissent des impratifs qui procurent aux gouvernants l'occasion d'accroître leurs pouvoirs. Mais le comportement non démocratique de décideurs qui abusent le public sur la réalité de leurs objectifs finit par se retourner contre eux. Ils se condamnent à laborer leur stratégie dans l'optique de la maquiller, priviliégiant la discrétion, l'efficacité. Ces pratiques nourrissent la contestation en interne jusqu'à rendre l'effort de guerre insoutenable politiquement. Alors qu'il est courant d'affirmer que la démocratie nuit à la bonne conduite des opérations armées, cet ouvrage montre au contraire que c'est de son déni que provient la défaite. Comment le pouvoir parvient-il à contourner ainsi la démocratie ? Comment les acteurs politiques réagissent-ils face au mensonge et à la dissimulation ? Quels sont les effets concrets de ces stratagèmes sur le cours de la guerre ? C'est en s'appuyant sur une étude minutieuse des campagnes militaires menées par les États-Unis au Vietnam et par Israël au Liban qu'il élabore ces questions aussi cruciales qu'actuelles.

Sociological Abstracts Leo P. Chall, 2003 CSA
Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences. The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books, book chapters, dissertations and conference papers.
