The Daughter's Way Tanis MacDonald, 2012-09-01 The Daughter's Way investigates negotiations of female subjectivity in twentieth century Canadian women's elegies with a special emphasis on the father's death as a literary and political watershed The book examines the work of Dorothy Livesay P K Page Jay Macpherson Margaret Atwood Kristjana Gunnars Lola Lemire Tostevin Anne Carson and Erin Mour as elegiac daughteronomies literary artifacts of mourning that grow from the poets investigation into the function and limitations of elegiac convention Some poets treat the father as a metaphor for socio political power while others explore more personal iterations of loss but all the poets in The Daughter's Way seek to redefine daughterly duty in a contemporary context by challenging elegiac tradition through questions of genre and gender Beginning with psychoanalytical theories of filiation inheritance and mourning as they are complicated by feminist challenges to theories of kinship and citizenship The Daughter's Way debates the efficacy of the literary work of mourning in twentieth century Canadian poetry By investigating the way a daughter's filial piety performs and sometimes reconfigures such work and situating melancholia as a creative force in women's elegies the book considers how elegies inquire into the rhetoric of mourning as it is complicated by father daughter kinship

Anne Carson Elizabeth Sarah Coles, 2023 The scene with which I begin this chapter is the kind of scene that interests Carson In the words of her Essay on What I Think About Most 1999 a disquisition on mistake in stanzas of unrhyming verse the wilful creation of error is the action of the master contriver the poet what Aristotle would call an imitator of reality Like the true mistakes of poetry the matter Carson confesses to think about most Streb's choreographed falls perform the conversion of human error into an art form Under the dancer's regime and by an extraordinary coup of artifice the emotions of mistake shame exposure thrill are handed to us putting our own contradictions and odd longings centre stage

Canadian Gothic Cynthia Sugars, 2014-01-15 This book explores the Gothic tradition in Canadian literature by tracing a distinctive reworking of the British Gothic in Canada It traces the ways the Gothic genre was reinvented for a specifically Canadian context On the one hand Canadian writers expressed anxiety about the applicability of the British Gothic tradition to the colonies on the other they turned to the Gothic for its vitalising rather than unsettling potential After charting this history of Gothic infusion Canadian Gothic turns its attention to the body of Aboriginal and diasporic writings that respond to this discourse of national self invention from a post colonial perspective These counter narratives unsettle the naturalising force of this invented history rendering the sense of Gothic comfort newly strange The Canadian Gothic tradition has thus been a conflicted one which reimagines the Gothic as a form of cultural sustenance This volume offers an important reconsideration of the Gothic legacy in Canada
