Weight Loss Apocalypse Emotional Eating Rehab Through The Hcg Protocol:

Weight-Loss Apocalypse Robin Phipps Woodall, 2011-11 Proposes the use of chorionic gonadotropins as a way to end irrational eating for emotional fulfillment and not real hunger **Weight-Loss Apocalypse Book 1** Robin Phipps Woodall, 2019-12-13 After 8 years author Robin Phipps Woodall has updated Weight Loss Apocalypse adding 52 pages of new mind opening content In the second edition along with the important discussions of Dr Simeons hCG protocol the need for further scientific investigation and the hunger and fullness scale Robin examines further the impact dieting has on emotional eating She explains until the influence that dieting has on over eating or emotional eating is exposed as problematic the demand for excessive amounts of food will continue and weight gain will always be viewed as the problem This additional discussion is instrumental in preparing the reader for the next book in the series Weight Loss Apocalypse Book 2 which complements this book by addressing how body image negatively impacts how people approach Dr Simeons protocol For this reason Robin is excited to present this updated second edition as **Weight-Loss Apocalypse Book 1** **Weight-Loss Apocalypse** Robin Phipps Woodall, 2011-11-08 This book was written to start a new conversation about how Dr Simeons protocol has relevance not only as a hormonal therapy but as a means to end our national eating disorder Instead of continuing to apply the protocol as a short term diet it should be discussed as a real solution a tool to end irrational eating for emotional fulfillment This country is dealing with a crisis an addiction to eating emotionally and the obvious result is the overwhelming increase in obesity Think about the number of people in our culture who eat without hunger When you observe our nation's behavior with food it's very clear that fat isn't what we should be obsessed about and weight shouldn't be the target of the problem We need a genuine desire to eat less one that isn't dependent on weight loss as a reward This requires each of us to be accountable for our own emotions and find happiness in life not centrally stimulated by food Finally a book that credibly answers the questions every doctor patient and skeptic needs to know about the hCG protocol Dr Heidi Anderson Doctor of Osteopathic Medicine I've been prescribing hCG for weight loss for over four years and nothing I've read comes close to having this level of expertise Without question this is the most informative and enlightening book about Dr Simeons hCG protocol available Dr Ed Hagen OB GYN Robin's approach to the hCG protocol is ingenious Using the protocol as a way to heal the mind and body as an emotional and physical therapy is exactly what this country needs Becky Crowther Registered Dietitian Life Coach Weight-Loss Apocalypse Book 2 Robin Woodall, 2020-01-15 After over a decade of continued observation author Robin Phipps Woodall is excited to share what she's discovered regarding the emotional impact of Dr Simeons hCG protocol In Weight Loss Apocalypse Book 2 Robin examines the affect that negative body image has on a person's impulse to diet and how repeated cyclical bouts of the hCG protocol done for this reason can be emotionally and physically harmful Disarming beliefs that impel people to feel bad about his or her body is an essential step in emotionally preparing people before they attempt the hCG protocol as medical treatment In this book Robin describes the psychological

risks of the very low calorie protocol as well as the importance of an emotional evaluation alongside a physical evaluation in determining whether a person is an appropriate candidate for the hCG protocol Whether you re new to the hCG protocol or you ve done the protocol more times than you d like to admit this book is for you **My Weight-Loss Apocalypse** Robin Woodall,2019-12-03 After publishing Weight Loss Apocalypse in 2011 author Robin Phipps Woodall started a YouTube Channel to share her coaching sessions that helped people who struggled to stop emotional eating As Woodall met with each of her coaching clients she found that her significant experience with an eating disorder as well as her miraculous recovery kept coming up in their discussions For thousands of followers Woodall s story was only understood through bits and pieces discussed in these YouTube videos In this book Woodall tells how in the matter of a couple of years she went from being a cheerful college student to suffering with suicidal depression and a relentless eating disorder While in a deep state of contemplation as she emotionally prepared to end her life Woodall miraculously recovered Not only did she experience an instantaneous removal from every negative aspect of the disorder and depression but she also came out of it having a total shift in the way she perceived and lived life After over 20 years of being totally recovered Robin Woodall is excited to tell you her story My Weight Loss Apocalypse *Emotional Eating* Nancy Lynch,2021-01-16 GOOD NEWS If you are an emotional eater and you are wondering what you can do about it this book will give you a step by step guide on how to begin your journey to recovery Are you turning to food to deal with your emotions You don t need food to self soothe Wouldn t it be great if eating healthy and losing weight was something natural and intuitive When we constantly feel hungry and overeat sometimes it s not about the food For over fifty years nutritional and medical scientists have dissected the problem of obesity The result of this half century of investigation has been a series of recommendations about what and how much to eat and an unintended consequence is that we ve been deprived of the joy of eating Most contemporary thought on overeating and bingeing focuses on healing and self love But people who ve overcome food addiction and weight issues often report it was more like capturing and caging a rabid dog than learning to love their inner child Open the cage even an inch or show that dog an ounce of fear and it ll quickly burst out to shred your healthy eating plans undoing all your progress in a heartbeat In this important book a weight management expert presents the proven effective method to help people finally end their struggles with emotional eating and weight gain This book will help you to understand the following What exactly is binge eating disorder What signs symptoms can you expect to see in binge eating How to set a nutrition goal and achieve it What are the ramifications of overeating Emotional vs physical hunger How to recognize deceitful emotions How to change your thinking by creating an unfair and arid battlefield with eating disorders Why you should reject the diet mentality and embrace Intuitive eating How to overcome the obstacles you may face How to finally stop emotional eating and lose weight without frictions You ll obtain Dramatically improve your ability to stick to ANY healthy food plan so you can achieve your weight loss and or fitness goals Quickly recover from mistakes without self judgement or unnecessary guilt Free yourself
