The hunt for his killer stirs fresh life into Gary's secret obsession. If it's the end of the world, Gary's going to exact his own justice on the monster who got away the one who told him that murder isn't art if NO ONE IS WATCHING. When Donny's dad took off, he left him and his mom in a run-down apartment in Hollywood scrambling to make ends meet. Still, Donny managed to form a begrudging bond with his mom's new boyfriend Bram, who took him under his wing. Just when things were starting to look up for them as a family, a virus hit Los Angeles, taking away any last shred of hope or safety they had. Soon it's up to Donny and his pack of teenage friends, not just to defend their gated apartment complex but also to scavenge for food and supplies. Working together, they do their part to protect and provide for the remaining survivors at CAMP ZOMBIE. Being invited to the Emmys as the date of her favorite television actor is a dream Kathleen could never imagine. She also never expected to return to the city of her college years, one last time before dying of terminal cancer. When the doors burst open in the middle of the ceremony and infected homeless people begin eating her favorite celebrities, everything changes. Now she's caught between spending her final moments in mind-numbing terror, fleeing for her life, or letting the filthy undead strip the last good memories away in *TO LIVE DIE IN L.A.*

Pilar Garcia grew up working in her father's fish taco truck in Boyle Heights but dreamed of becoming a world-class chef one day. After overcoming the cultural stereotypes and working her way through Culinary Arts school, she is able to harness the power of her dreams by returning to her roots and creating a food truck empire in Los Angeles. She's so successful in fact that three of her best trucks snatch a spot at the coveted Los Angeles City Fall Street Food Fair in downtown Los Angeles. Unfortunately, that's the same day the virus is released into Skid Row, mere blocks away in *LA CUCARACHA*.

Guillermo and his half brother Caesar have always been survivors. Growing up in the gang neighborhoods of Venice Beach, they've learned to take care of each other first and ask questions later. Yermo, as his real friends call him, is starting to get a reputation as a serious surfer by the local guys he reveres, including the new legend of Dogtown and former professional surfer Brody. He's not about to let like the end of the world keep him out of the water or off his streets. Together, they form a group capable of not only dealing with the zombie menace but also fighting off the new arrivals intent on taking over Venice Beach: a vicious new supergang, One Blood. They're not heroes, though; they're just the **DOGTOWN LOCALS UNION**.

Saint Death Devan Sagliani, 2018-06-14 Several young American college students on vacation for Spring Break in Cabo San Lucas are lured away from safety with promises of sex and drugs, only to be sacrificed by a blood-thirsty Santa Muerte cult that worships death. Sagliani epitomizes what a sound and seasoned story teller should be in stylistic prose. *Saint Death* sets the precedent of bone-chilling, skin-crawling horror fiction, and what it ultimately strives to be. **Horror News**

Undead L.A., Volume Two Devan Sagliani, 2018-06-17 On September 20, the zombie virus was released into the dense population of transients on Skid Row in downtown Los Angeles. It spread like unstoppable wildfire in all directions, decimating everything in its path for six full weeks before outside measures were taken to cleanse the scourge. These seven new stories take place in those final times. They are told through the eyes of several different Angelinos, each

offering a unique perspective to the events as they unfolded and to the aftermath of the virus *The Cain Prophecy (Lilitu Trilogy Book 3)* Toby Tate, 2015-11-10 Far out in the desert a superhuman assassin known only as Cain is using blood money to finance the excavation of an artifact as old as the earth itself CIA operative Gabrielle Gabe Lincoln has a very short time to learn the secret of Cain's power or soon the earth and everyone in it will be annihilated ["The Miller/Romero Connection"](#) Peter D Fleming, 2011-06-22 George Miller and George A Romero are both superb filmmakers They have given fans exactly what they expect creative entertaining and at times horrifying films Their visions have often been copied but never duplicated But imitation they say is a form of flattery George Miller created an almost mythical world based in a post apocalyptic holocaust future Where knights drive supped up hotrods instead of horses and wear leather instead of armor The line between good and bad can be as thin as the radiation in the air George A Romero has too created a world gone mad But this is a world where the dead return to feast on the living In this world your best friend may literally become your worst nightmare Death has become a way of life for the living and the undead These two masters created two separate worlds gone mad But after careful review it comes shockingly clear regarding the truth of these two worlds Was it a zombie outbreak that destroyed Max's world Is that the real reason he went mad You decide See the clues Compare the films in order of release See how they interconnect and then you be the judge They say the weak share inherit the Earth and that only the strong shall survive these films prove just how equally true those statements are **The Post-Zombie** C. Wylie Lenz,, Angela Tenga, Kyle William Bishop, 2025-05-21 The living dead have come a long way from the shambling corpses depicted by George A Romero While traditional zombie monsters continue to flourish thanks in part to the ongoing popularity of The Walking Dead universe the global community now features reanimated zombies resurrected zombies protagonist zombies robotic zombies romantic zombies fake zombies zombie adjacent monsters and post zombie zombies This collection of scholarly essays considers recent and contemporary examples of zombies in fiction literature popular culture and politics from around the world and makes the case that because of the evolution of the undead the zombie remains an important allegorical feature of horror fiction satire and ideological perspectives **From the Torment of Dreams** Iain McKinnon, 2015-11-03 Lan Agstaff joined the army to escape from the memory of a failed love affair But on the way to his first posting in Neotra the suspended animation chamber malfunctions and instead of peaceful nothingness he dreams endlessly about his lost lover By the time Lan's ship gets to Neotra tensions have reached breaking point making all out war virtually inevitable Will Lan be consumed by the flashbacks of his ex lover or can he recover from the torment of dreams **Zombie Futures in Literature, Media and Culture** Simon Bacon, 2024-10-31 An innovative investigation into how zombie narratives over the past ten years have been specifically leading up to a unique intersection with the world as it exists in the 2020s this book posits the undead as a vehicle to communicate humanity's pathway into and out of the ideological health and environmental pandemics of our time Exploring depictions of zombies across literature poetry comics television film and video games Simon Bacon brings together

this timely intervention into how zombies enable speculation about future modes of being in a changing world and represent the fluid notion of old and new normals With each chapter moving beyond traditional readings of the undead *Zombie Futures* situates the zombie as an evolving cultural imaginary at the centre of discourses around how human cognition and embodiment are effected by global realities such as consumerism new technologies climate change and planetary degeneration Structured around contagious partisan ideologies ecological sickness mental health crisis and the very literal COVID 19 virus this book establishes how the zombie figure might manifest post human and post normative futures Works featured include graphic novels and comics like *The West Zombies Crossed* and *Endzeit* the South Korean series and films *Kingdom* *Train to Busan* and *Peninsula* *The Last of Us* and the *Resident Evil* game franchises Bollywood horror anthology *Ghost Stories* Joss Whedon's *Serenity* *Cargo* and literature such as *The Girl with All the Gifts* the fiction of Stephen Graham Jones and Ryan Mecum's *Zombie Haiku* In a time when popular culture and scholarship has been overrun with the undead this original study offers a refreshing look at the zombie and what it can tell us about our world going into and emerging from global catastrophe

American Zombie Gothic Kyle William Bishop, 2010-02-09 Zombie stories are peculiarly American as the creature was born in the New World and functions as a reminder of the atrocities of colonialism and slavery The voodoo based zombie films of the 1930s and 40s reveal deep seated racist attitudes and imperialist paranoia but the contagious cannibalistic zombie horde invasion narrative established by George A Romero has even greater singularity This book provides a cultural and critical analysis of the cinematic zombie tradition starting with its origins in Haitian folklore and tracking the development of the subgenre into the twenty first century Closely examining such influential works as Victor Halperin's *White Zombie* Jacques Tourneur's *I Walked with a Zombie* Lucio Fulci's *Zombi 2* Dan O Bannon's *The Return of the Living Dead* Danny Boyle's *28 Days Later* and of course Romero's entire *Dead* series it establishes the place of zombies in the Gothic tradition Instructors considering this book for use in a course may request an examination copy here
