Transformation and Tradition in the Sciences Everett Mendelsohn, 2002 A collection of essays on the development of science and the history of ideas **Transformation and Tradition in the Sciences** Everett Mendelsohn, 1985-01-25

Transformation and Tradition in the Sciences presents a sampling of work in the history of science by colleagues and former students and associates of I Bernard Cohen one of the most influential figures in the rise of the history of science as a scholarly discipline The volume is divided into four parts the history and philosophy of the exact sciences and mathematics the eighteenth century tradition science in America and scientific ideas in their cultural context These major themes each of which has been a subject of study by Professor Cohen will interest a range of historians interested in the development of science and the history of ideas **Transformation and Tradition and Other Essays** G.W. Locher, 2024-09-02

Tradition, Transmission, Transformation F. Jamil Ragep, Sally P. Ragep, Steven John Livesey, 1996 In this volume of conference papers originally presented at the University of Oklahoma a distinguished group of scholars examines episodes in the transmission of premodern science and provides new insights into its cultural philosophical and historical significance

Proceedings of the 4th Borobudur International Symposium on Humanities and Social Science 2022 (BIS-HSS 2022) Zulfikar Bagus Pambuko, Muji Setiyo, Chrisna Bagus Edhita Praja, Agus Setiawan, Fitriana Yulastuti, Lintang Muliawanti, Veni Soraya Dewi, 2023-10-10 This is an open access book Related to the big theme of the SDGs reinforcement at our previous conference we try to invite all academics and researchers around the world to participate in the 4th Borobudur International Symposium 2022 4thBIS 2022 As we know the COVID 19 pandemic and its impact on all the 17 SDGs have demonstrated how what began as a health catastrophe swiftly transformed into a human socioeconomic and environmental crisis The 4th BIS brought up The Innovation Chain A Contribution to Society and Industry as the main theme to respond this condition This conference is expected to support the UN Agenda Additionally this conference will also provide avenues for participants to exchange ideas and network with each other as well as domain experts from their fields Overall this event is aimed at professionals across all spheres of technology and engineering including the experienced inexperienced and students as well The conference will be held virtually on Wednesday December 21st 2022 in Magelang Central Java Indonesia

Tradition, Transmission, Transformation Ragep, 2023-09-20 This volume is the outcome of two conferences held at the University of Oklahoma in 1992 and 1993 which dealt with issues of transmission and subsequent cultural transformations that occurred in the premodern histories of mathematics and science Some twenty contributors explore transmission from a variety of perspectives including the role of language and other facets of culture in the transmission process the interaction of popular and elite science in transmission successful and less than successful episodes of scientific appropriation and the role of institutions in this process The volume uses the theme of transmission as a way to focus debate on the perennial issue of the continuity and discontinuity of ideas in the history of sciences **Tradition, Interpretation, and Science** John S.

Nelson,1986-12-15 This book reassesses the academic field of political theory and brings into sharp relief its problems and opportunities Here for the first time diverse theorists coordinate their arguments through a common focus This focus is the writing of John G Gunnell Gunnell attacks a set of myths said to plague almost every recent theory about politics the myth of the given the myth of science myths of theory the myth of tradition and the myth of the political He argues that these all alienate political theory from substantive inquiry and actual practice Contributors include Richard E Flathman Russell L Hanson George Kateb Paul F Kress J Donald Moon John S Nelson J G A Pocock Herbert G Reid Ira L Strauber Nathan Tarcov and Sheldon S Wolin They respond on behalf of projects in the new history of political theory epic theory phenomenology traditional theory and political deconstruction These discussions also address the theories of Hans Georg Gadamer J rgen Habermas Karl Marx Leo Strauss Alain Touraine and Ludwig Wittgenstein At the conclusion of the volume Gunnell reconsiders his arguments in light of the respondent s remarks His challenges thus provide a series of confrontations both exciting and provocative among major theorists The result is a lively debate about what political theory is how it relates to political history and practice and how it involves epistemology The authors probe a broad range of questions about practices of politics and traditions of discourse and they identify priorities for the future of the field **Cultures of Prediction in**

Atmospheric and Climate Science Matthias Heymann,Gabriele Gramelsberger,Martin Mahony,2017-06-26 In recent decades science has experienced a revolutionary shift The development and extensive application of computer modelling and simulation has transformed the knowledge making practices of scientific fields as diverse as astro physics genetics robotics and demography This epistemic transformation has brought with it a simultaneous heightening of political relevance and a renewal of international policy agendas raising crucial questions about the nature and application of simulation knowledges throughout public policy Through a diverse range of case studies spanning over a century of theoretical and practical developments in the atmospheric and environmental sciences this book argues that computer modelling and simulation have substantially changed scientific and cultural practices and shaped the emergence of novel cultures of prediction Making an innovative interdisciplinary contribution to understanding the impact of computer modelling on research practice institutional configurations and broader cultures this volume will be essential reading for anyone interested in the past present and future of climate change and the environmental sciences Cultural Change Francis Stuart Chapin,1928

Dynamic Personality Science. Integrating Between-Person Stability and Within-Person Change Nadin Beckmann,Robert E. Wood,2017-12-28 Personality can be understood from at least two perspectives One focuses on stable between person differences or traits The other perspective focuses on within person differences and dynamics i e fluctuations in personality in response to situations and across time This Research Topic reflects recent developments in personality research to integrate both trait and dynamic perspectives An integrated view on personality recognizes both stability in between person differences and within person change Contributors are drawn from research teams across Europe North

America and Australasia and from basic and applied fields including organizational educational and clinical The studies reported provide new evidence in support of an integrative approach highlight currently active areas of research and propose new directions of research Current streams of research include the study of contingent units of personality and within person processes underlying traits the comparisons of findings based on within vs between person data the conceptualisation and operationalization of perceived and objective change in situation variables the malleability of personality and the potential for personality interventions Integrative approaches using within person designs provide new bottom up insights into general principles of personality that explain differences between people while reflecting the complexities of within person personality dynamics at the level of the individual
