Memoirs of a French Napoleonic Officer Jean-Baptiste Barres, 2017-02-28 These lively memoirs date from the time of Barrs entry into the Chasseurs Velites skirmishers or light infantry of Napoleons Imperial Guard in 1804 Always modest in recounting his own exploits Barrs was not only at the cannons mouth but also a participant at such spectacular events as the Coronation of the Emperor Napoleon in Paris and Rome the torch light procession on the eve of Austerlitz the meeting of the two Emperors at Tilsit and the magnificent military display in the Champ de Mars His duties involved mounting guard at Malmaison and the palace of Saint Cloud and also allowed him many fascinating glimpses of the Emperor at reviews presenting awards and receiving trophies This is a superb record of a serving soldier making light of danger sharing with the reader the fatigues and privations that attended so much campaigning in appalling weather and hostile country and rejoicing as much in the outcome of a successful foraging expedition as his promotions and appointment as Chevalier de la Lgion dhonneur

Lorraine Petre, 2017-01-31 The Archduke Charles was the most formidable of Napoleons continental foes but only once came into direct conflict with him this was in the 1809 Franco Austrian campaign in the Danube Valley Smarting from Austrias humiliations in 1805 the Archduke launched a surprise attack upon the French whilst Napoleon was occupied in distant Spain Outnumbered the French faced disaster but with typical energy and decisiveness Napoleon arrived just in time In five days of marching and fighting he repulsed the Austrians at Abensburg and Eckmühl The road to Vienna was now open he pushed on but he underestimated his enemy being thrown back by the Archduke Charles as he tried to cross the Danube Failing to follow up his success the Archduke hesitated too long and when Napoleon attempted to cross the river a second time at the Battle of Wagram he succeeded F Lorraine Petres penetrating analysis of this pivotal campaign was first published in 1909 on the centenary of the great conflict to become one of his celebrated series of works on Napoleons wars Charge! Digby Smith, 2007-01-15 One of the leading voices on national security issues in the US Congress demonstrates how words have been sharp and powerful weapons of victory in this compilation of great military speeches that helped turn the tide of history Congressman Israel has included speeches that have motivated and mobilized challenged and comforted Some were blurted in the heat of combat others carefully written in places far removed from the brutality of the battlefield but all will inspire readers with the courage that moved people forward against all odds This dramatic sweep of military history in the

words of history's military leaders serves to reinforce the concept that the pen is mightier than the sword Congressman Steve Israel represents New York's second district and is a member of the House Appropriations Committee and former member of the Armed Services Committee

In the Words of Napoleon R.M. Johnston, 2016-11-30 An engrossing compilation of the legendary leader's own words that sheds light on history and on his genius arrogance insecurities and frustrations Julian Stockwin author of the Kydd series A powerful portrait of a complex individual this book resembles a journal with Napoleon's words derived from his extensive correspondence and other records throughout his life appearing as dated entries reflecting his amazing attention to detail as well as his thoughts on war politics and the people he interacted with He addresses matters both worldly import and personal concern and the unique format allows us to experience events of the period as they happened and to witness the emperor's response to the rise and fall of his fortunes In addition scholar Philip Haythornthwaite provides a fascinating introduction that analyzes Napoleon's words and includes biographical sketches of the key personalities of the era

The Lines of Torres Vedras John Grehan, 2015-11-30 This is a well researched well written closely argued and fascinating contribution to the historiography of the Peninsular War The Spectator In 1809 French armies controlled almost every province of Spain and only Wellington's small force in Portugal stood between Napoleon and the conquest of Iberia The French invaded Portugal in the summer of 1810 but found their way blocked by the most extensive field fortifications the world had ever seen the Lines of Torres Vedras Unable to penetrate the Lines the French were driven back into Spain having suffered the heaviest defeat yet experienced by Napoleon's armies The retreat from Portugal marked the turning point in the Peninsular War and from the security of the Lines Wellington was able to mount the offensive campaigns that swept France's Imperial armies back across the Pyrenees The Lines of Torres Vedras is an authoritative account of the planning construction and occupation of the Lines and of the battles sieges and horrors of the French invasion It is also an important study of Wellington's strategy during the crucial years of the war against Napoleon Essential reading for every Peninsula enthusiast this is recommended highly Military Illustrated

1805 Austerlitz Robert Goetz, 2017-04-30 This in depth study of The Battle of Austerlitz considered Napoleon's greatest victory won the Napoleon Foundation's History Grand Prize Sometimes called The Battle of Three Emperors Napoleon's victory against the combined forces of Russia and Austria brought a decisive end to The War of the Third Coalition The magnitude of the French achievement against a larger army was met by sheer amazement and delirium in Paris where just days earlier the nation had been teetering on the brink of financial collapse In 1805 Austerlitz historian Robert Goetz demonstrates how Napoleon and his Grande Armée of 1805 defeated a formidable professional army that had fought the French armies on equal terms five years earlier Goetz analyses the planning of the opposing forces and details the course of the battle hour by hour describing the fierce see saw battle around Sokolnitz the epic struggle for the Pratzen Heights the dramatic engagement between the legendary Lannes and Bagration in the north and the widely misunderstood clash of Napoleon's Imperial Guard

and Alexander's Imperial Leib Guard Goetz's detailed and balanced assessment of the battle exposes many myths that have been perpetuated and even embellished in other accounts **A Soldier for Napoleon** Franz Joseph Hausmann, 2016-11-30 A good description of what it was like to be a member of the Royal Bavarian Army from the firsthand accounts of Lieutenant Franz Joseph Hausmann HistoryNet The letters and diaries of Lieutenant Franz Joseph Hausmann are here placed in the context of the military events of the period by renowned historian John Gill They stem from Hausmann's first campaign in 1805 in the war against Austria followed by the 1806 and 1807 campaigns in Prussia and Poland In 1809 he was in action against the Tyrolean insurrection and he also fought at Abensberg and Znaïm He was only twenty three when he embarked on the ill fated 1812 invasion of Russia and served as part of the Bavarian corps that was shattered in this cataclysmic campaign He survived to describe the 1813 campaign and the 1814 campaign in France when the Bavarians switched sides and fought against Napoleon With additional commentary by John Gill on the Bavarian Army and its campaigns and battles this book is an important authoritative addition to the works on the Napoleonic Wars This book is a necessary read for anyone who wants to know what life was like for the common soldier of the period and what motivated them to do so much in the name of the Emperor The Napoleon Series With the Guns in the Peninsula William Webber, 2017-01-31 This British artillery officer's journal vividly depicts life on the frontlines in the war against Napoleon in Spain and Portugal In August 1812 Second Captain Webber of the Royal Artillery joined Captain Maxwell's 9 pounder Brigade at Zafra Spain His journal offers a detailed chronicle of the period up June 16th 1813 just before the Battle of Vitoria Webber records events as they unfold as well as his impressions of the countryside and its people and customs Webber describes his experiences during the advance up to and along the Tagus to Aranjuez the reversal of fortunes during the autumn of 1812 the difficult retreat into winter quarters in Portugal and finally his brigade's part in the brilliant campaign of 1813 which saw the French pushed back across the Ebro Webber gives vivid accounts of engagements with the enemy along the way notably around Alba de Tormes during the retreat and on the heights outside Burgos The preface by Lieutenant Colonel Laws sets the journal within the context of the Peninsular War It also outlines Webber's military career which culminated with his wounding at Waterloo
