vision and reinforces the fact that God is in control and through Christ the victory is ours In addition through the process the reader is exposed to some possible end time scenarios that they may not have previously imagined After studying the media and the communication in which it engages Brouillette has identified a systematic indoctrination that has taken place over the last sixty years in the area of the existence of life on other planets and Angels or Aliens exposes this newest attack against the Christian belief that our world was created by God Using scripture this new humanist attack is debunked and the relationship this new theory might have with end times prophecy is exposed
