The Life of an Ordinary Man in the Hands of an Extraordinary God John Gowan, 2021-12-14 Have you ever felt ordinary Do you feel as if your life doesn t really count for much Are you feeling defeated because of past or current failures Are you wondering if there even is a God who cares about you and has a plan and a purpose for your life Life can be very discouraging at times and it is easy to slip into an attitude of despair and defeat Looking back over the course of his life author John Gowan came to realize that God did have a plan for his life greater than anything he could have imagined as a child as a teenager or as a young adult Most of us have seasons of life that make it seem as if we are going nowhere It wasn t until he was in his early forties that John even came to have faith in Christ But that faith has made all the difference in his life and the choices that followed In this book John not only chronicles his faith journey from childhood to adulthood but also shares insights on such topics as the end times and what kind of legacy we should want to leave He will challenge you to think outside the box in his chapter Things to Ponder Many today feel that we are living in very distressing times when not only our individual lives but life in general seems very uncertain It is times like these that make seeking to grow your faith in a loving God even more important What was true for the author is also true for you as you seek to know the one who created you and loves you so much that He sent His only Son to die for you

From Noose to Needle Timothy Vance Kaufman-Osborn, 2009-09-15 From Noose to Needle contributes a new perspective on the controversial topic of capital punishment by asking how the conduct of state killing reveals broader contradictions in the contemporary liberal state especially but not exclusively in the

United States Moving beyond more familiar legal and sociological approaches to this matter Timothy V Kaufman Osborn asks several questions Why do executions no longer take the form of public spectacles Why are certain methods of execution considered barbaric Why must the liberal state strictly segregate the imposition of a death sentence whether by judge or jury from its actual infliction whether by a state official or an ordinary citizen Why are women so infrequently sentenced to death and executed How does the state seek to hide the suffering inflicted by capital punishment through its endorsement of a bio medical conception of pain How does the nearly universal shift to lethal injection pose problems for the late liberal state by confusing its punitive and welfare responsibilities Drawing on a wide range of theoretical sources including John Locke Max Weber Nicos Poulantzas Friedrich Nietzsche J L Austin Michel Foucault Judith Butler Pierre Bourdieu Elaine Scarry and others Kaufman Osborn grounds his appropriation of these authors in analyses of specific recent executions including that of Wesley Allan Dodd and Charles Campbell in Washington Karla Faye Tucker in Texas and Allen Lee Davis in Florida From Noose to Needle will be of interest to students of law political theory and sociology as well as more general readers interested in the troublesome issue of capital punishment Timothy V Kaufman Osborn is Baker Ferguson Professor of Politics and Leadership Whitman College
