**ThetaHealing®** Vianna Stibal,2020-01-21 Discover the worldwide phenomenon of ThetaHealing and how it can help you to achieve transformational healing in this revised and updated edition of Vianna Stibal s definitive guide In 1995 Vianna

Stibal was diagnosed with a serious health condition. When conventional and alternative medicine failed her, she discovered a simple technique that cured her illness and sparked a worldwide phenomenon. ThetaHealing is essentially applied quantum physics. Using a theta brain wave which until now was believed to be accessible only in deep sleep or yogi level meditation, the practitioner is able to connect with the energy of All That Is, the energy in everything, to identify issues with and witness healings on the physical body and to identify and change limiting beliefs. In this revised and updated edition, you will discover the belief and feeling work that can instantly change the thinking within you that creates illness, the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is, how to develop the ability to change on all levels physically, mentally, emotionally, and spiritually using the Creator of All That Is.

**ThetaHealing®: Digging for Beliefs** Vianna Stibal, 2019-06-18. Learn how to access the deepest layers of your subconscious thinking to identify and correct limiting beliefs and enable life-changing physical and emotional healing. ThetaHealing is a revolutionary healing modality devised by Vianna Stibal that taps into the brain's Theta waves to enable deep emotional and physical healing by changing our limiting beliefs. Yet often we are afraid of digging to the deepest layers of our subconscious thinking and instead gloss over them with new positive affirmations or downloads, but they do not replace the deeply transformative work of exploring, understanding, and correcting beliefs that were instilled in this life and past lives. This is the principle of digging for beliefs. In this essential book for any student of ThetaHealing, you will learn the five vital steps of digging for beliefs, how to identify core beliefs, and the 10 different approaches to change them when it's appropriate to erase a belief and when to use it as a springboard for positive change. Common mistakes made in digging work and how to avoid them in your own practice. With examples from Vianna's workshops, you will soon be equipped with the right tools to dig for beliefs and enable deep life-changing healing for yourself and others.
