The authors bring decades of wisdom and know-how to the tutoring table. Steve Leinwand, a renowned leader in math education, and Caroline Welty, a sought-after tutor who brings current insight into today's learners, have blended their collective experience into a comprehensive handbook that offers clear guidance for effective tutoring in grades K-12 mathematics. With their conversational style, the authors provide hands-on resources to help diagnose individual mathematical strengths and needs, to make sure that each tutoring session carries the necessary impact. Through a range of activities, checklists, examples, stories, and suggestions, this handbook focuses on the importance of personalized instruction that no computer program can match. Describes how to develop strong supportive relationships between tutor and student.
