Thinking The Unthinkable The Riddles Of Classical Social Theories

Anthony Elliott, Charles Lemert

Thinking The Unthinkable The Riddles Of Classical Social Theories:

Thinking the Unthinkable Charles C. Lemert, 2007 **Thinking the Unthinkable** Charles C. Lemert, 2007 In the eloquent style for which he has become famous Charles Lemert writes of social theory as no one else *Thinking the Unthinkable* is offered as text for instruction yet it defies the prevailing assumption that social theory is a method for clarifying the facts of social life Lemert shows how social theory began late in the 19th century as a struggle to come to terms with the failure of modern reason to solve the social problems created by the capitalist world system Since then social theory has developed through twists and turns to think and rethink this Unthinkable Hence the surprising innovations of recent years postmodern queer postcolonial third wave feminist risk theories among others arising in the wake of globalization Once again Lemert has made the difficult clear in a book that students and other readers will treasure and keep

Contemporary Social Theory Anthony Elliott, 2009-01-13 This book is arguably the definitive undergraduate textbook on contemporary social theory Written by one of the world's most acclaimed social theorists Anthony Elliott provides a dazzlingly accessible and comprehensive introduction to modern social theory from the Frankfurt School to globalization theories and beyond In distilling the essentials of social theory Elliott reviews the works of major theorists including Theodor Adorno Herbert Marcuse Michel Foucault Jacques Lacan Jacques Derrida Anthony Giddens Pierre Bourdieu Julia Kristeva Jurgen Habermas Judith Butler Slavoj Zizek Manuel Castells Ulrich Beck Zygmunt Bauman Giorgio Agamben and Manuel De Landa Every social theorist discussed is contextualized in a wider political and historical context and from which their major contributions to social theory are critically assessed This book is essential reading for students and professionals in the fields of social theory sociology and cultural studies as it is both an original enquiry and a consummate introduction to social theory

Americans Thinking America Charles Lemert, 2025-01-31 In this dynamic book Charles Lemert elaborates a vigorous distinctive and creative American tradition in social thought American social theory has tended to be overshadowed by European social thought Yet looking deeper Americans have always made important contributions to social theory Drawing upon the work of a dazzling array of both seminal and unjustly overlooked philosophers sociologists litterateurs and political activists Lemert constructs a coherent yet variegated intellectual framework for understanding American social theory and culture from the colonial era to the present In doing so Lemert analyses American intellectual attitudes on race gender popular culture political thought capitalism and social movements while also exploring schools of thought from transcendentalism and pragmatism to interactionism and intersectionality In his inimitable style Charles Lemert a master of finding theory where you'd least expect it offers a masterful rendering of the American tradition in social theory In doing so Lemert shines new light on social theory and American history Both authoritative and accessible this indispensable work will be essential reading for students scholars and general readers with interests in social theory and American social history

Introduction to Contemporary Social Theory Anthony Elliott, Charles Lemert, 2022-04-24 In this comprehensive and clear

introduction to contemporary social theory Anthony Elliott and Charles Lemert explore the major theoretical traditions from the Frankfurt School to the digital revolution and beyond Fully revised and updated this second edition has been expanded to consider the most recent developments in social theory including a new chapter on the digital revolution and the increasingly significant impact of technological developments such as artificial intelligence machine learning and robotics on society culture and politics Introduction to Contemporary Social Theory provides the reader with a superb overview of key developments in social theory including the Frankfurt School American pragmatism structuralism post structuralism feminism globalization and world systems theory In doing so the textbook explores the ideas of a wide range of social theorists including Theodor Adorno Herbert Marcuse Talcott Parsons Erving Goffman Harold Garfinkel Michel Foucault Jacques Lacan Jacques Derrida C Wright Mills Anthony Giddens Pierre Bourdieu Julia Kristeva Jürgen Habermas Judith Butler Slavoj Žižek Manuel Castells Cornel West Immanuel Wallerstein and Zygmunt Bauman This textbook provides stylish exposition with powerful social critique and original insights It will be indispensable to students and academics alike

John Galt Regina Hewitt, 2012-05-18 This volume offers a revaluation of the work of Romantic era Scottish writer John Galt Galt traveled throughout the Mediterranean and Atlantic worlds and founded the Canadian city of Guelph while remaining in touch with local cultures and politics in Scotland and England He wrote fiction drama and biography based on his personal observations of life and in ways that associated him with the theoretical or conjectural methods of Scottish Enlightenment historiographers Galt's insights into the societies he inhabited and visited his perceptions of political extremism and class conflict his attitudes toward community building and progress his convictions about determinism and historical revisionism his strategies for manipulating literary genres and readers responses and his ambivalence about the value of literature deserve consideration in light of new thinking in our own fields about what constitutes social knowledge and viable ways to represent it The essays in this volume examine Galt's work in light of the convergence of literature history and social theory in Scottish Enlightenment and Romantic era culture and in our own interdisciplinary environment Discussing Galt's work and significance in the many areas genres and contexts in which he figures they broaden the circle of contacts with whom we associate Galt moving from expected comparisons with contemporaries Walter Scott and James Hogg to unexpected links with such later authors and social thinkers as George Douglas Brown and Harriet Martineau Moreover these essays expand the repertoire of works studied offering the first extended analyses of *Eben Erskine* *Rothelan* and the *Travels and Observations of Hareach the Wandering Jew* along with new readings of *Annals of the Parish* *Bogle Corbet* and *Ringan Gilhaize* Overall the essays draw out the implications of Galt's practices and relations as a journalist dramatist critic biographer and novelist developing grounded conjectures about their significance in Galt's time and our own *American Book Publishing Record*, 2007 **Book Review Index - 2009 Cumulation** Dana Ferguson, 2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of

popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year Silence and Society Charles Lemert,2025-07-31 Silence and Society addresses the reality that social sciences have ignored the importance of silence in human communication Without communication there is no community and thus no society Yet as classic communication theory explains communication must always deal with noise Increasingly as cyber technologies and media have gained the upper hand in social life so have they become purveyors of empty noise from mindless sitcom television to uninformed talk radio to cable news blather and more The book is organized into three sections each corresponding to a level of social order Each bears a distinctive relation to the general problem of silence and noise in human community Part One Social Facts of Silence presents examples of the ways silence intrudes on vital aspects of human life in personal self understanding in the irony that direction communication requires a third absent party such as Goffman s ego identity in the fact that personal identity is the challenge of dealing with the trouble of deciding who we are in a given social setting Part Two Noise Dreams and Identity Confusions considers a range of community issues from the strange noises of quiet neighborhoods to the way the necessity of social conformity silences individual autonomy to the fact that the dead are ever present in daily language and behavior especially in common religious practices Finally Part Three Waste Death and the Beyond of Time suggests the principal ways the growing global environment aggravates human inequality by forcing the poor into zones of exclusion by increasing the mountain of human waste that in turn wastes human lives by the extent to which global theories and programs for economic development are little more **Choice** ,2008 **American Social Theory** Charles Lemert,2025-01-02 Due to the importance of philosophy in the Enlightenment European social theory has dominated discourses of theory to the present day Yet looking deeper Americans have made important contributions from very different social and cultural perspectives Drawing from Euro and American traditions alike this new book builds for the first time an intellectual framework for understanding American social theory up to the present Charles Lemert a master of finding theory where you d least expect it traces the roots of American theory to 16th century colonization and since to an enormous range of writings and writers both influential and lesser known He delights readers with bold discoveries and a masterful rendering of American history and social thought that completes a fuller record of the theory we need to understand today
