Unification Of Tort Law Strict Liability Principles Of European Tort Law Set:

Unification of Tort Law, 2002 Unification of Tort Law W. H. van Boom, 2005-01-01 Covers various European countries Israel South Africa and the United States The Europeanisation of English Tort Law Paula Giliker, 2014-12-01 Tort law is often regarded as the clearest example of traditional common law reasoning Yet in the past 40 years the common law of England and Wales has been subject to European influences as a result of the introduction of the European Communities Act 1972 and more recently the implementation of the Human Rights Act 1998 in October 2000 EU Directives have led to changes to the law relating to product liability health and safety in the workplace and defamation while Francovich liability introduces a new tort imposing State liability for breach of EU law The 1998 Act has led to developments in privacy law and made the courts reconsider their approach to public authority liability and freedom of expression in defamation law This book explores how English tort law has changed as a result of Europeanisation broadly defined as the influence of European Union and European human rights law It also analyses how this influence has impacted on traditional common law reasoning Has Europeanisation led to changes to the common law legal tradition or has the latter proved more resistant to change than might have been expected **Tort Liability of Public Authorities in European Laws** Giacinto della Cananea, Roberto Caranta, 2020-12-15 This series argues that there is a common administrative core to European legal systems that can be better understood in comparative terms This volume examines government liability in tort using case studies to explore different government responses Part I sets the stage for the project and the parameters followed by the scholars involved Part II expands on the legal systems chosen for comparison setting up their general tort procedures Part III presents case studies from Austria the European Union France Germany Hungary Italy Poland Romania Spain Switzerland and the United Kingdom Each case study has a theoretical response detailing what would happen should that case occur within each country's borders Part IV compares and contrasts the information provided in Part III It examines both the commonalities and the distinctive traits of these legal systems with a view to understand the nature of their common core This volume is an essential tool for anyone involved in administrative and constitutional law and government liability in tort An Inconvenient Deliberation Miriam Haritz, 2011-01-01 This vitally important book asks Can the precautionary principle make uncertainty judiciable in the context of liability for the consequences of climate change and if so to what extent Drawing on the full range of pertinent existing literature and case law the author examines the precautionary principle both in terms of its content and application and in the context of liability law She analyses the indirect means offered by existing legislation being used by environmental groups and affected individuals before the courts to challenge both companies and regulators as responsible agents of climate change damage Page 4 of cover **Pure Economic Loss** Vernon V. Palmer, Mauro Bussani, 2009 Pure economic loss is one of the most discussed problems in the fields of tort and contract This book takes a comparative approach to the subject exploring the principles policies and rules governing tortious liability for

pure economic loss in a number of countries across the world including the USA Canada Japan South Africa and Denmark

The Oxford Handbook of Comparative Law Mathias Reimann, Reinhard Zimmermann, 2019-03-26 This fully revised and updated second edition of The Oxford Handbook of Comparative Law provides a wide ranging and diverse critical survey of comparative law at the beginning of the twenty first century It summarizes and evaluates a discipline that is time honoured but not easily understood in all its dimensions In the current era of globalization this discipline is more relevant than ever both on the academic and on the practical level The Handbook is divided into three main sections Section I surveys how comparative law has developed and where it stands today in various parts of the world This includes not only traditional model jurisdictions such as France Germany and the United States but also other regions like Eastern Europe East Asia and Latin America Section II then discusses the major approaches to comparative law its methods goals and its relationship with other fields such as legal history economics and linguistics Finally section III deals with the status of comparative studies in over a dozen subject matter areas including the major categories of private economic public and criminal law The Handbook contains forty eight chapters written by experts from around the world The aim of each chapter is to provide an accessible original and critical account of the current state of comparative law in its respective area which will help to shape the agenda in the years to come Each chapter also includes a short bibliography referencing the definitive works in the field

Unification of Tort Law: Strict Liability Bernhard Koch, 2002-03-04 The foundations of tort law in European legal systems differ considerably A group of tort law experts the European Group on Tort Law systematically researches the most fundamental questions underlying the various tort law systems Their work is contained in this series of books which seeks a common law of Europe without the need to lay these principles down in formal legal texts such as a European civil code

Civil Liability for Bunker Oil Pollution Damage Dan Malika Gunasekera, 2010 This book deals with the liability conventions brought into existence by the International Maritime Organization and concentrates on the newly adopted instrument dealing with bunker oil pollution as an area of great concern for every stakeholder involved in shipping business The work covers a wide spectrum ranging from the Convention itself to its scope of application liable and aggrieved parties jurisdiction requirements of liability and admissibility of claims defences and exoneration from liability It addresses many areas of interest and of importance to international and national legal advisors lawyers law students and anyone interested in the relevant field such as shipowners charterers shipbrokers ship personnel and associated contractors and sub contractors
