University Guide 2015:

Legends of the Jungle Mark Powell, 2017-03-24 Boomer Esiason still holds the Cincinnati Bengals record for most passing yards in a game and is tied for the most 300 yard passing games Jim Breech is the teams all time leading scorer in points and remains a beloved figure more than twenty years after his retirement Cris Collinsworth led the team in receptions and receiving yards several times in the 1980s and topped the team in receiving touchdowns three times But these great players and many others aren't in the Bengals Hall of Fame and it's for a simple reason It does not exist That needs to change according to die hard fan Mark Powell By creating its own Hall of Fame or Ring of Honor the team would be paying tribute to its great players and personalities But it would need to determine who is eligible and who should be honored first Get a detailed look at one of the NFLs most interesting franchises discover its rich history and decide for yourself who deserves to be among the Legends of the Jungle

Pittsburgh's Greatest Teams David Finoli, 2017-10-30 Pittsburgh is synonymous with winning From the Penguins and Steelers to the Pirates and Panthers the Steel City knows championships There must be something special in the water to make Pittsburgh so particularly gifted with its sports teams The most famous teams in the city's history would most likely be the 1970s Steelers known as the Steel Curtain for obvious reasons and the Penguins who raised the Stanley Cup five times Names such as Lemieux Crosby Roethlisberger Bradshaw Clemente and Stargell are legends of American sport and members of Pittsburgh's most cherished franchises but for every sports legend and multi million dollar franchise there are a dozen more talented players and long past teams that have been forgotten to history the Negro League's Crawford and Homestead Grays are too often overlooked in the city's sports history but were as talented as any team that has played there Author Dave Finoli ranks the fifty greatest teams that won trophies brought glory and lifted the hearts of Pittsburgh's devoted sports fans

operations *The Medical Library Association Guide to Data Management for Librarians* Lisa Federer, 2016-09-15

Technological advances and the rise of collaborative interdisciplinary approaches have changed the practice of research. The 21st century researcher not only faces the challenge of managing increasingly complex datasets but also new data sharing requirements from funders and journals. Success in today's research enterprise requires an understanding of how to work effectively with data yet most researchers have never had any formal training in data management. Libraries have begun developing services and programs to help researchers meet the demands of the data driven research enterprise giving librarians exciting new opportunities to use their expertise and skills. *The Medical Library Association Guide to Data Management for Librarians* highlights the many ways that librarians are addressing researchers changing needs at a variety of institutions including academic hospital and government libraries. Each chapter ends with pearls of wisdom a bulleted list of 5-10 takeaway messages from the chapter that will help readers quickly put the ideas from the chapter into practice. From theoretical foundations to practical applications this book provides a background for librarians who are new to data management as well as new ideas and approaches for experienced data librarians. 3D Printing Sara Russell

Gonzalez, Denise Beaubien Bennett, 2016-05-08 Planning and implementing a 3D printing service in a library may seem like a daunting task. Detailed guidance and over 50 graphics provide readers with sage guidance and detailed instructions on planning a proposal printer selection tips preparing the location addressing staff concerns for new service developing service workflows and procedures managing inevitable disasters developing policies conducting the reference interview for 3D printing staff training tips outreach activities. This book brings into one place all the guidance you need for developing and implementing a 3D printing service in any library. **Academic Irregularities** Liz Morrish, Helen Sauntson, 2019-08-23 This volume serves as a critical examination of the discourses at play in the higher education system and the ways in which these discourses underpin the transmission of neoliberal values in 21st century universities. Situated within a Critical Discourse Analysis based framework the book also draws upon other linguistic approaches including corpus linguistics and appraisal analysis to unpack the construction and development of the management style known as managerialism emergent in the 1990s US and UK higher education systems and the social dynamics and power relations embedded within the discourses at the heart of managerialism in today's universities. Each chapter introduces a particular aspect of neoliberal discourse in higher education and uses these multiple linguistic approaches to analyze linguistic data in two case studies and demonstrate these principles at work. This multi layered systematic linguistic framework allows for a nuanced exploration of neoliberal institutional discourse and its implications for academic labor offering a critique of the managerial system in higher education but also a larger voice for alternative discursive narratives within the academic community. This important work is a key resource for

students and scholars in applied linguistics Critical Discourse Analysis sociology business and management studies education and cultural studies Accelerating Academia F. Vostal,2016-04-29 Filip Vostal examines the changing nature of academic time and analyzes the will to accelerate that has emerged as a significant cultural and structural force in knowledge production **Operational Excellence Case Studies in Higher Education Institutions** Jiju Antony,Michael Sony,Elizabeth A.
