

## On the road

Over the past 140 years, the typical car has evolved continuously, from "horseless carriage" through luxury limo, to family essential.

Cars with engines were pioneered in Europe, but it wasn't until the US began to mass-produce vehicles in moving production lines that ordinary people could afford them. Increasing in power and sophistication while changing in style with the times, they became symbols of wealth and independence. Today, a wide range of cars are on sale at just the price, but there are also efforts to reduce their impact on the environment, including developing electric cars.
