**The landmark exploration of the ancient worship of the
Great Goddess and the eventual suppression of women's rites**

Merlin Stone

When God Was A Woman

Camilla Rothe

When God Was A Woman:

When God was a Woman Merlin Stone, 1990 Here archaeologically documented is the story of the religion of the Goddess Known by many names Astarte Isis Ishtar among others she reigned supreme in the Near and Middle East Beyond being worshipped for fertility she was revered as the wise creator and the one source of universal order Under her women's roles differed markedly from those in patriarchal Judeo Christian cultures Women bought and sold property and traded in the marketplace and the inheritance of title and property was passed from mother to daughter How did the change come about By documenting the wholesale rewriting of myth and religious dogmas Merlin Stone details a most ancient conspiracy the patriarchal reimagining of the Goddess as a wanton depraved figure This portrait that laid the foundation for one of culture's greatest shams the legend of Adam and fallen Eve When God was a Woman Merlin Stone, 1976

When God Was A Woman Merlin Stone, 2012-05-09 Here archaeologically documented is the story of the religion of the Goddess Under her women's roles were far more prominent than in patriarchal Judeo Christian cultures Stone describes this ancient system and with its disintegration the decline in women's status **When God was a Woman** Merlin Stone, 1978 *When God Was a Bird* Mark I. Wallace, 2018-11-20 2019 NAUTILUS GOLD WINNER In a time of rapid climate change and species extinction what role have the world's religions played in ameliorating or causing the crisis we now face Religion in general and Christianity in particular appears to bear a disproportionate burden for creating humankind's exploitative attitudes toward nature through unearthly theologies that divorce human beings and their spiritual yearnings from their natural origins In this regard Christianity has become an otherworldly religion that views the natural world as fallen as empty of signs of God's presence And yet buried deep within the Christian tradition are startling portrayals of God as the beaked and feathered Holy Spirit the animal God as it were of historic Christian witness Through biblical readings historical theology continental philosophy and personal stories of sacred nature this book recovers the model of God in Christianity as a creaturely avian being who signals the presence of spirit in everything human and more than human alike Mark Wallace's recovery of the bird God of the Bible signals a deep grounding of faith in the natural world The moral implications of nature based Christianity are profound All life is deserving of humans care and protection insofar as the world is envisioned as alive with sacred animals plants and landscapes From the perspective of Christian animism the Earth is the holy place that God made and that humankind is enjoined to watch over and cherish in like manner Saving the environment then is not a political issue on the left or the right of the ideological spectrum but rather an innermost passion shared by all people of faith and good will in a world damaged by anthropogenic warming massive species extinction and the loss of arable land potable water and breathable air To Wallace this passion is inviolable and flows directly from the heart of Christian teaching that God is a carnal fleshy reality who is promiscuously incarnated within all things making the whole world a sacred embodiment of God's presence and worthy of our affectionate concern This beautifully and accessibly written book shows that Christian animism is

not a strange oxymoron but Christianity's natural habitat Challenging traditional Christianity's self definition as an other worldly religion Wallace paves the way for a new Earth loving spirituality grounded in the ancient image of an animal God

When God was King Martyn Whittock, 2018-04-20 Islam is not the only religion that has sought to take political power or believed that it should be possible to create a theocracy In the 17th century Christians in the British Isles and North America attempted to follow the examples of 16th century European radicals of contrasting types while attempting to learn from their mistakes first in Scotland and then Cromwell tried to impose just such a rule in the rest of the country At the same time millenarian groups planned a religious political and social revolution to usher in the return of Christ while others argued for something akin to communism And even after the Restoration of the monarchy in 1660 there were sects such as the Quakers whose faith had a radical impact on their politics Nor is Christian political radicalism dead today it has influenced politicians ever since and can be seen in recent political developments in the USA in the twenty first century This book is a fascinating study of the ideas and actions of these political radicals and the kind of societies and life experiences that produced them

When God Was a Woman Melvin Abercrombie, 2017-08-15 Everything in Creation Came from a Female Every Human Animal Bird and Fish came from a Female Everything will Eventually die and will Return to a Female We call Her Auriel First born Daughter Mother Earth You read His story Now read Her story **The Western Christian Advocate** ,1906 **The Faith** ,1912 Woman of Power ,1988

Yeah, reviewing a books **When God Was A Woman** could be credited with your close links listings. This is just one of the solutions for you to be successful. As understood, feat does not suggest that you have astounding points.

Comprehending as well as treaty even more than new will provide each success. next-door to, the message as competently as acuteness of this When God Was A Woman can be taken as capably as picked to act.
