What's Wrong With Addiction Helen Keane, 2013-04-01 This is an impressive work carefully structured researched and written a refreshingly lucid account that is both intellectually stimulating and professionally helpful Janet McCalman Addicts are generally regarded with either pity or grave disapproval But is being addicted to something necessarily bad These attitudes are explicit both in contemporary medical literature and in popular self help texts We categorise addiction as unnatural diseased and self destructive We demonise pleasure and desire and view the addict as

physically and morally damaged Helen Keane's thought provoking text examines these assumptions in a new light In asserting that the wrongness of addiction is not fixed or indeed obvious she presents a refreshing challenge to more conventional accounts of addiction She also investigates the notion that people can be addicted to eating love and sex just as they are to drugs and alcohol What's Wrong with Addiction shows that most of our ideas about addiction take certain ideals of health and normality for granted It exposes strains in our society's oppositions between health and disease between the natural and the artificial between order and disorder and between self and other **Sin** Ted F.

Mother & Myth in Spanish Novels Sandra J. Schumm, 2011-08-16 What if the goddess Athena who sprang fully grown from Zeus's head and denied she had a mother became aware of the compelling existence of her other parent What if she discovered that her mother Metis first wife of Zeus and wiser than all gods and mortal men according to Hesiod was swallowed by her father and continued to impart her wisdom to him from inside his belly Recent Spanish novels by women parallel this hypothetical situation based on Greek myth by featuring female protagonists who obsessively re-examine the lives of their mothers seeking to know and understand them In Mother and Myth in Spanish Novels Sandra J Schumm examines six narratives by Spanish authors published since 2000 that focus on a daughter's search to know more about her matriarchal heritage Carme Riera's *La mitad del alma* Lucía Etxebarria's *Un milagro en equilibrio* Rosa Montero's *El corazón del tártaro* Cristina Cerezales's *De oca a oca* Mar a de la Pau Janer's *Las mujeres que hay en mí* and Soledad Purlolas's *Historia de un abrigo* In each of these novels the protagonist realizes that failure to integrate the loss of her mother into her life results in the inability to define her self Without valorization of the maternal subject the legacy of the daughter is at risk she is also objectified and swallowed and the whole society suffers The daughters' attention to their mothers in these novels is as if Athena had finally recognized that her mother Metis had been ingested by Zeus The myth of Metis and Athena becomes a metaphor of the daughter's quest toward wholeness and individuation in these works she begins to understand that her maternal legacy is a source of wisdom that has been obscured These novels by Spanish women strengthen the mother's voice rescue her from anonymity and rewrite the matriarchal archetype
