Active Learning Through Drama, Podcasting, and Puppetry Kristin Fontichiaro, 2007-03-30 Contrary to the trend to do away with arts education as an unnecessary expense in schools trying to boost student test scores this book promotes and explains the value of integrated arts instruction in furthering the accomplishment of curricular objectives and fostering student achievement Accomplished library media specialist and arts instructor Kristin Fontichiaro discusses how drama shadow puppetry and podcasting can be used as tools to meet curriculum objectives in the K 8 media center By concentrating on the process of creating a piece of drama or puppetry or a podcast as opposed to the goal of performance and by infusing the arts with curriculum objectives in story or research these techniques can intensify a child's learning and provide context for classroom curriculum objectives A discussion of the affective and academic benefits of this process based work as well as sample lessons are included Photographs and examples of student work illustrate the techniques Grades K 8

Against the Boards Samantha Lind, 2019-02-21 Reese Blackwood I'm called America's sweetheart They say I have the voice of an angel I almost gave all that up thanks to a traumatic experience at the start of my career Instead of letting it define me I chose to rise above I showed everyone what a woman on a mission could accomplish and now I'm living my dream After one chance meeting my entire world changes Austin is every woman's fantasy and he wants me While the attraction is there for me as well I don't need any distractions right now Austin Jones Focused Driven I'm the man I am today because I never let the idea of settling down disrupt being the best I can during my hockey career But then Reese floats into my life and everything changes and now all I want to do is pin her against the boards They say opposites attract You can't get more opposite than Country Music's hottest female singer and a hockey player from Canada With competing travel schedules our instant attraction appears to be doomed from the start Can it really be love Or is it just a hot ice melting fling

Neurology Oral Boards Review Eroboghene E. Ubogu, 2007-11-05 It was 6 AM and the New Orleans Hilton lobby was dotted with young neurologists in suits wandering aimlessly many mumbling to themselves all with the eyes of a rough night on call This was the morning of my Oral Board examination Despite three years as a neurology resident additional time as a fellow and the experience of having performed probably more than 1000 neurological examinations by this time I was deathly afraid of what this day would bring The exam organizers had met with us the day before and given the overwhelming message to RELAX Certainly this is sound advice prior to any examination but the requisite for passing is knowing the material This requires preparation as well as practice An excellent first step is to use Eroboghene Ubogu's Neurology Oral Boards Review in the months before you begin studying for the Boards in earnest A quick read will provide an internal assessment of your strengths and weaknesses which should guide the study plan The major neurology textbooks which anyone sitting for the Boards should already have in their possession should be studied Finding a senior faculty member to quiz you is very helpful There is no substitute for finding one of your former residency supervisors or a senior colleague in your group practice
