Cruden's Compact Concordance Alexander Cruden, 1999-03-07 For over 250 years Cruden's Complete Concordance has been a standard tool for serious study of the Bible. This compact edition with its straightforward uncluttered style offers the most accurate comprehensive and readable rendering of Alexander Cruden's master work, letting readers select from over 220,000 Scripture references to locate the exact words, topics, verses, and passages they are looking for. **God's Chosen: Understanding Spiritual Warfare** G. Grace Small, 2013-01-14 God's Chosen: Understanding Spiritual Warfare is a book that inspires, encourages, and teaches Christians to effectively manage warfare and live victoriously for Christ. It offers Christians a fresh look at the basis of putting on God's full armor and learning to use the means God affords, namely His strength and mighty power. As believers prepare to fight triumphantly against evil and wicked forces, we come to an understanding of the challenge, purpose, and outcome of spiritual warfare. Putting on God's armor and standing firm in Him amply equips us to fight offensively and defensively. Knowing Jesus fixed the fight in our favor produces confidence to oppose the enemy and remain faithful to God. Through conscious engagement in this fight, we win against all odds. In 2005, during prayer, the Holy Spirit inspired me to write this book on spiritual warfare. I was going through a precarious time, and as usual, I sought God in prayer and study of the Word. The Holy Spirit led me to Ephesians 6:10-18. As I studied and meditated, God moved me to begin writing on the subject of warfare. During research and study, I discovered there are not enough books addressing this phase of our journey. Therefore, I saw the need to press through varied attacks to produce this important work. **Zondervan Compact Bible Dictionary** Al Bryant, 1993-06-01 Concise definitions of people, places, objects, and events in the Bible. A reference tool for lay readers, students, teachers, and ministers. **Zondervan Compact Greek Lexicon** Paul Norman Jackson, 2025-04-29 The Zondervan Compact Greek Lexicon by Paul N. Jackson and George H. Guthrie is a portable and affordable dictionary that provides concise contextualized meanings for every word in the Greek New Testament. It incorporates the best of the latest scholarship and is ideal for the student and pastor. Designed for dynamic engagement with the meanings of Greek words, the Lexicon employs a consistent scheme that shades each distinctive part of every word. Each entry also includes a total occurrence count for the Greek New Testament. Noun entries include their genitive form with their appropriate article and declension. Words occurring four times or less include every biblical reference for those occurrences, and words occurring more than four times will offer representative biblical references. All definitions are contextually driven, but when a word's definition requires extended treatment due to lexicographical uncertainty or scholarly debate, a superscripted reference is included. Finally, the Lexicon identifies and treats irregular verbs in the Greek New Testament, helping students of all levels recognize verbal forms whose form is virtually identifiable within its original context. **White Lies, Black Truth, The Lost Light** Jacie Rowe III, 2020-10-01 White Lies, Black Truth, The Lost Light By Jacie Rowe III. 93% of Black homicide is Black on Black killings. 6,000 Blacks killed by other Blacks. 2015 in U.S. From 1976-2005, 94% Black
