Thinking Politically A Liberal In The Age Of Ideology

**Canada. Parliament. Senate. Special
Committee on Mass Media**

Thinking Politically A Liberal In The Age Of Ideology:

Thinking Politically Raymond Aron,1997-01-01 Thinking Politically brings together a series of remarkable interviews with Raymond Aron that form a political history of our time Ranging over an entire lifetime from his youthful experience with the rise of Nazi totalitarianism in Berlin to the denouement of the cold war Aron meditates on the threats to liberty and reason in the bloody twentieth century In addition to the interviews published in the original edition Thinking Politically incorporates three interviews never before published in book form This supplemental material clarifies Aron s role as a voice of prudential reason in an unreasonable age and allows unparalleled access to the principal influences on Aron s thought The volume concludes with Democratic States and Totalitarian States an address by Aron to the French Philosophical Society as well as the accompanying debate with Jacques Maritain Victor Basch and other intellectuals Political Reason in the Age of Ideology Daniel Mahoney,2017-07-05 A little over one hundred years after his birth and not quite twenty five years since his death interest in the French political philosopher and sociologist Raymond Aron 1905 1983 continues to grow Aron is now widely recognized as one of the most significant intellectual figures of the postwar period whose wide ranging reflections played a key part in preserving liberal democracy in Europe and abroad His sober analyses of modern society his trenchant critique of ideological politics and every form of totalitarianism and his philosophical reflections on politics and history have given powerful support to democratic liberalism throughout the western world Aron s work combines passion and observation disinterested reflection and love of liberty in a way that is an imitable model for humane and balanced political reflection In this stimulating collection of essays inspired by the centennial of Aron s birth a distinguished group of North American and European scholars including Pierre Manent Stanley Hoffmann Irving Louis Horowitz Liah Greenfeld Claude Lefort and Aurelian Craiutu examine four key aspects of Aron s thought and work his educative legacy his reflections on other philosophers and intellectuals his distinctive approach to international relations and the unique character of his own political reflection The result is a masterful engagement with Aron s intellectual legacy and a thoughtful coming to terms with the political and intellectual substance of the twentieth century **Thinking Politically** Raymond Aron,Taylor & Francis Group,2020-12-18 Thinking Politically brings together a series of remarkable interviews with Raymond Aron that form a political history of our time Ranging over an entire lifetime from his youthful experience with the rise of Nazi totalitarianism in Berlin to the denouement of the cold war Aron meditates on the threats to liberty and reason in the bloody twentieth century Originally published as The Commuted Observer this volume provides one of the fullest accounts available of the dramatic events of the short century which began with the pistol shot in Sarajevo in 1914 and ended with the collapse of the Ideological monsters whose deadly nature Aron had ruthlessly exposed for a half century In addition to the interviews published in the original edition Thinking Politically incorporates three interviews never before published in book form This supplemental material clarifies Aron s role as a voice of prudential reason in an unreasonable age and allows unparalleled

access to the principal influences on Aron's thought. The volume concludes with Democratic States and Totalitarian States, an address by Aron to the French Philosophical Society as well as the accompanying debate with Jacques Maritain, Victor Basch and other intellectuals. Thinking Politically serves as an ideal gateway into Aron's reflections and offers a superb single volume introduction to the major events and conflicts of the twentieth century. It will be a welcome addition to the libraries of political theorists, historians, sociologists, philosophers and citizens wishing to understand the political and intellectual currents of the age.

French Liberalism from Montesquieu to the Present Day Raf Geenens, Helena Rosenblatt, 2012-01-19. This collection of essays explores an unjustly neglected tradition that is now experiencing a remarkable renaissance. French political liberalism.

American Identity in the Age of Obama Amílcar Antonio Barreto, Richard L. O'Bryant, 2013-11-12. The election of Barack Obama as the 44th president of the United States has opened a new chapter in the country's long and often tortured history of inter-racial and inter-ethnic relations. Many relished in the inauguration of the country's first African American president, an event foreseen by another White House aspirant, Senator Robert Kennedy, four decades earlier. What could have only been categorized as a dream in the wake of Brown vs Board of Education was now a reality. Some dared to contemplate a post-racial America. Still, soon after Obama's election, a small but persistent faction questioned his eligibility to hold office; they insisted that Obama was foreign-born. Following the Civil Rights battles of the 20th century, hate speech at least in public is no longer as free-flowing as it had been. Perhaps xenophobia in a land of immigrants is the new rhetorical device to assail what is non-white and hence un-American. Furthermore, recent debates about immigration and racial profiling in Arizona, along with the battle over rewriting of history and civics textbooks in Texas, suggest that a post-racial America is a long way off. What roles do race, ethnicity, ancestry, immigration status, locus of birth play in the public and private conversations that defy and reinforce existing conceptions of what it means to be American? This book exposes the changing and persistent notions of American identity in the age of Obama. Amílcar Antonio Barreto, Richard L. O'Bryant and an outstanding line-up of contributors examine Obama's election and reelection as watershed phenomena that will be exploited by the president's supporters and detractors to engage in different forms of narrating the American national saga. Despite the potential for major changes in rhetorical mythmaking, they question whether American society has changed substantively.

The Political Theory Reader Paul Schumaker, 2010-02-22. Utilizing 100 key readings, The Political Theory Reader explores the rich tradition of ideas that shape the way we live and the great issues in political theory today. Allows students to see how competing ideological viewpoints think about the same political issues. Provides readers with direct access to authors covered in the From Ideologies to Public Philosophies text. Facilitates discussions by having readings arranged thematically throughout text. Extracts of works specifically chosen to focus on topics central to issues covered in chapters.

Community and Political Thought Today Peter Lawler, Dale McConkey, 1998-09-30. There is a crisis in America revolving around social and political life, and the contributors to this essay

collection believe it has provoked a renewed attention to the issue of community in political thought The 14 essays approach the question of community and political thought from a variety of perspectives ranging from political philosophy to social theory All the essays however share the concern of the opening essay by Hertzke and McRorie about moral ecology or determining what is required for a vital and free social and political life and preserving it from erosion by individualism in its various forms Two of the essays by Jardine and Stier deal with understanding the communitarian impulse Three by Frohnen Stone and Woolfolk evaluate perhaps the first major contribution to the communitarian movement *Habits of the Heart* While McClay's chapter seeks to restore the connection between federalism and communitarianism Sharpe's essay connects the liberal communitarian debate to the classic works of de Tocqueville and Arendt Two essays by Knippenberg and Lawler criticize the quirky communitarianism of America's leading professor of philosophy Richard Rorty Lawler also criticizes Bloom for his similarity to Rorty joining Nichols in her discussion of Bloom's excessive debt to Rousseau McDaniel and Mahoney present unfashionable appreciations not without criticism of the achievement of Leo Strauss's illiberal if not exactly communitarian thought Finally Anderson discusses Raymond Aron's prudent opposition to the oxymoronic global community This is a unique and significant collection for all students and researchers interested in contemporary social and political thought

On Moderation Harry M. Clor, 2008 Moderation suffers in today's culture of excesses In resuscitating this discarded virtue Harry Clor unveils the intrinsic power of moderation to influence and engage from the public square to the deeply personal A mature book from a senior scholar *On Moderation* answers critics of this misunderstood value demonstrating its continued relevance to human flourishing

The British National Bibliography Arthur James Wells, 2000 *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 1999

Privacy and Capitalism in the Age of Social Media Sebastian Seignani, 2015-08-27 This book explores commodification processes of personal data and provides a critical framing of the ongoing debate of privacy in the Internet age using the example of social media and referring to interviews with users It advocates and expands upon two main theses First people's privacy is structurally invaded in contemporary informational capitalism Second the best response to this problem is not accomplished by invoking the privacy framework as it stands because it is itself part of the problematic nexus that it struggles against Informational capitalism poses weighty problems for making the Internet a truly social medium and aspiring to sustainable privacy simultaneously means to struggle against alienation and exploitation In the last instance this means opposing the capitalist form of association online and offline

An Introduction to Critical Thinking and Writing in American Politics Wadsworth, Wadsworth Publishing Staff, (Wadsworth) Wadsworth, 1998-02 Helps students question and think critically about the political process and write a successful research paper This handy booklet is filled with many rules guidelines and techniques to show them how Students will make better use of information they receive in class and through the text

Forthcoming Books Rose Arny, 1997 **Sociological Abstracts**
