Understanding Sexual Violence A Study Of Convicted Rapists Perspectives On Gender:

Understanding Sexual Violence Diana Scully,2013-10-18 Understanding Sexual Violence examines the structural supports for rape in sexually violent cultures and dispels a number of myths about sexual violence for example that childhood abuse alcohol and drugs are direct causes of rape

Women, Ideology and Violence Cheryl Anderson,2006-01-01 Cheryl Anderson examines the laws relating to women that are found in the Book of the Covenant and the Deuteronomic law She argues that the laws can be divided into those that treat women similarly to men defined as inclusive laws and those that treat women differently exclusive laws She then suggests that the exclusive laws which construct gender as male dominance female subordination do not just describe violence against women but are inherently violent toward women As a non historical critique of ideology critical theory is used to offer analytical insights that have significant implications for understanding gender constructions in both ancient and contemporary settings

The Kaleidoscope of Gender Joan Z. Spade,Catherine G. Valentine,2008 This integrated comprehensive text provides an introduction to the sociology of gender It creatively and clearly explains what gender is and is not and what it means to say that gender is socially constructed

Sex, Sexuality, Law, and (In)justice Henry Fradella,Jennifer Sumner,2016-02-26 Sex Sexuality Law and In Justice covers a wide range of legal issues associated with sexuality gender reproduction and identity These are critical and sensitive issues that law enforcement and other criminal justice professionals need to understand The book synthesizes the literature across a wide breadth of perspectives exposing students to law psychology criminal justice sociology philosophy history and where relevant biology to critically examine the social control of sex gender and sexuality across history Specific federal and state case law and statutes are integrated throughout the book but the text moves beyond the intersection between law and sexuality to focus just as much on social science as it does on law This book will be useful in teaching courses in a range of disciplines especially criminology and criminal justice history political science sociology women and gender studies and law

Bristol Law Journal , Rape and the Politics of Consent in Classical Athens Rosanna Omitowoju,2002-06-06 This book is an in depth study of the topic of rape in classical Athens

Sex, Power, Conflict : Evolutionary and Feminist Perspectives Ann Arbor David M. Buss Professor of Psychology University of Michigan,Los Angeles Neil Malamuth Professor of Communication and Psychology and Chair of the Department of Communication and Speech University of California,1996-03-21 Sexual harassment in the workplace date rape and domestic violence dominate the headlines and have recently sparked scholarly debates about the nature of the sexes Concurrently the scientific community is conducting research in topics of sex and gender issues Indeed more research is being done on the topics of sexual conflict and coercion than at any other time in the history of the social sciences Despite this attention it is clear that these issues are being addressed from two essentially different perspectives one is labeled feminist while the other viewed as antithetical to the feminist movement is called evolutionary psychology which emphasizes the history of reproductive strategies in

understanding conflict between the sexes This book brings together leading experts from both sides of the debate in order to discover how each could offer insights lacking in the other The editors overall goal is to show how the feminist and evolutionary approaches are complementary despite their evident differences then provide an integration and synthesis In fact several of the contributors to this unique volume consider themselves advocates of both approaches As a stimulating presentation of the dynamics of sex power and conflict and a pioneering rapprochement of the diverse tendencies within the scientific community this book will attract a wide audience in both psychology and women s studies fields **Just Sex** Jodi Gold,Susan Villari,2000 Armed with three decades of feminism men and women are coming to college with different ideas and expectations about sexual freedom and violence than did their parents Since the early 1980 s a student movement has emerged from the belief that sexual violence is neither inherent nor inevitable Just Sex Students Rewrite the Rules on Sex Violence Equality and Activism chronicles the move to end to all forms of sexual violence and to mold a new sexual paradigm where explicitly consensual sex and sexual autonomy are the norm Based on ten years of collaborative research and national organizing Gold and Villari have compiled the writings of leading student activists and young scholars wrestling with complex issues of power inequities free speech and societal constructions of gender and sexuality in accessible and mainstream dialogues Authors also examine the generationally specific style of student activism which emphasizes peer education and institutional collaboration Just Sex the first ever gathering of primary documents including university policies personal testimonies position papers and scholarly essays offers a glimpse of the working papers of a student movement which has altered the sexual landscape of our campuses and communities forever This valuable volume will be of interest to student activists administrators and anyone interested in ending violence on and off of campus **Gender** Linda Brannon,2015-07-22 This bestselling text presents research about gender and helps students think critically about the differences between research findings and gender stereotypes It examines the biology and social context in which women and men express gendered behaviors Defining gender as the behaviors and attitudes that relate to but are not entirely congruent with biological sex the book focuses on research and scholarship to provide the material for a critical review and an overall picture of gender from a psychological perspective To highlight how research findings can relate to people s lives the book supplements the review of scholarly research with personal narrative accounts of gender relevant aspects of people s lives To emphasize the cross cultural perspective of gender the book including a section on diversity in most chapters but also weaves diversity issues throughout the text The personal narrative and diversity highlights help to balance the research based scholarship with the personal experience of gender **Women, Rape and Justice** Jan Jordan,2022-03-14 Is justice possible for a woman raped in contemporary patriarchal culture This book explores one of the major conundrums of our time given all the feminist activism and reforms of the last 50 years why does rape remain so prevalent and justice so elusive In exploring these questions Jan Jordan takes us back into the patriarchal origins of our rape culture in order to trace the

connections between past laws and current justice realities Her examination covers developments in police and court processes and explores the connections between men masculinity and rape before considering the scope of rape prevention She argues the need for urgent transformation of the rape condoning cultures that currently make it impossible for rape prevalence to abate or for rape victims to receive justice

Enjoying the Beat of Expression: An Psychological Symphony within **Understanding Sexual Violence A Study Of Convicted Rapists Perspectives On Gender**

In a world taken by displays and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony produced by the published word usually fade into the background, eclipsed by the relentless sound and interruptions that permeate our lives. Nevertheless, nestled within the pages of **Understanding Sexual Violence A Study Of Convicted Rapists Perspectives On Gender** a wonderful literary prize filled with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that charming masterpiece conducts visitors on an emotional journey, well unraveling the concealed melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of the poignant examination, we can investigate the book is main harmonies, analyze their enthralling publishing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
