Unholy Trinity Mark Aarons, 1998 *Unholy Trinity* Mark Aarons, John Loftus, 1998-06-15 Written in riveting fashion by the coauthors of *The Secret War Against the Jews* Mark Aarons and John Loftus's *Unholy Trinity* tells one of the darkest tales of World War II After the war had ended fearing a surge of Soviet growth the Papacy entered into an espionage alliance with British and American intelligence agents Subsuming justice to the nascent Cold War ideology these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism The Vatican's Nazi smuggling network was penetrated by Prince Anton Turkul the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin *Unholy Trinity* exposes Turkul's Red Nazi operation for the first time and shows how Kim Philby the infamous British Soviet double agent and his network were nearly sacrificed to preserve Turkul's Vatican operation Exploring the Vatican's role in aiding Nazi criminals to escape punishment for their crimes this book originally published in 1991 first revealed the Vatican Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi Germany Since its publication major revelations about the role of Swiss banks have confirmed *Unholy Trinity*'s expose of the flight of the Nazis' stolen treasures the new introduction and new final chapters written by Aarons and Loftus for this edition bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss bank story Among other things the authors demonstrate that U S and British code breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press that the code breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U S intelligence chief Allen Dulles and that the Australian British and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them Covering all these topics and more *Unholy Trinity* is the definitive history of a series of profoundly disturbing cover ups involving the Holy See Allen Dulles the Swiss banks and the remnants of the Third Reich **Wall Street, the Nazis, and the Crimes of the Deep State** David Hughes, 2024-06-04 The transnationally coordinated response to Covid 19 witnessed numerous developments reminiscent of the prewar years of the Third Reich including the suspension of constitutional rights and freedoms the rollout of draconian legislation an attempted revolution from above the Great Reset the censorship of dissent health surveillance euthanasia eugenics the corruption of science by politics and the hijacking of conscience The list goes on Never again was the rallying cry after 1945 yet never again is now global How did we get here *Wall Street the Nazis and the Crimes of the Deep State* explores the role of Wall Street in promoting the rise of Hitler funding the Nazi war machine recruiting and rehabilitating ex Nazis and creating a transnational deep state inspired by Nazi methods Wall Street has long preferred totalitarianism as the regime type most effective in crushing working class resistance and as capitalism once more enters a period of acute crisis the aim is to replace liberal democracy with global technocracy a novel biodigital form of totalitarianism whose potential for social control exceeds anything imaginable by Hitler or Stalin Wall Street the

Nazis and the Crimes of the Deep State illustrates how totalitarianism does not spring into existence fully formed In the case of Nazi Germany the descent into barbarism took place gradually over many years Today the warning signs from history are flashing red Unless the global technocratic coup being attempted is put down we can expect the centralization of power in a New World Order the return of slavery the privatization of the global commons and the transformation of society into a biodigital camp bringing an end to the rule of law and normalizing the use of eugenics and a systematic mass murder of dissidents

Hitler, the War, and the Pope, Revised and Expanded Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his

exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O Connor 1920 2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute The Vatican Exposed Paul L. Williams, 2009-09-25 Over 50 billion dollars in securities Gold reserves that exceed those of industrialized nations Real estate holdings that equal the total area of many countries Opulent palaces containing the world's greatest art treasures These are some of the riches of the Roman Catholic Church Yet in 1929 the Vatican was destitute Pope Pius XI living in a damaged leaky pigeon infested Lateran Palace could hear rats scurrying through the walls and he worried about how he would pay for even basic repairs to unclog the overburdened sewer lines and update the antiquated heating system How did the Church manage in less than seventy five years such an incredible reversal of fortune The story here told by Church historian Paul L Williams is intriguing shocking and outrageous The turnaround began on February 11 1929 with the signing of the Lateran Treaty between the Vatican and fascist leader Benito Mussolini Through this deal Mussolini gained the support of the staunchly Catholic Italian populace who at the time followed the lead of the Church In return the Church received among other benefits a payment of 90 million sovereign status for the Vatican tax free property rights and guaranteed salaries for all priests throughout the country from the Italian government With the stroke of a pen the pope had solved the Vatican's budgetary woes practically overnight yet he also put a great religious institution in league with some of the darkest forces of the 20th century Based on his years of experience as a consultant for the FBI Williams produces explosive and never before published evidence of the Church's morally questionable financial dealings with sinister organizations over seven decades through today He examines the means by which the Vatican accrued enormous wealth during the Great Depression by investing in Mussolini's government the connection between Nazi gold and the Vatican Bank the vast range of Church holdings in the postwar boom period Paul VI's appointment of Mafia chieftain Michele Sindona as the Vatican banker a billion dollar counterfeit stock fraud uncovered by Interpol and the FBI the Ambrosiano Affair called the greatest financial scandal of the 20th Century by the New York Times the mysterious death of John Paul I profits from an international drug ring operating out of Gdansk Poland and revelations about current dealings For both Catholics and non Catholics this troubling expose of corruption in one of the most revered religious institutions in the world will serve as an
