Greek Mythology For Beginners Joe Lee, 2013-07-30 Would there be a Western civilization without the Greek myths Would we be able to define our civilization and ourselves without some reference to the grand violent and venal doings of those denizens of Mount Olympus Greek Mythology For Beginners presents the pantheon that immortal collection of rogues and heroes misfits and tyrants and the stories about these deities and their dealings with the mortals It delves into their undying influence on our thought and culture and how each age from Rome to Shakespeare to Freud down to our own Marvel Comics and NASA has been enlightened informed and inspired by these tales So strap on Hermes winged sandals saddle up Pegasus or even grab the nearest Harpy remember to keep your eyes closed and come along for the ride of your life Let's fly to that world that's as old as Chaos the ancient and refreshingly timely Greek myths **Stanislavski For**

the multilayered depth and breadth of Tolkien's tales of Middle earth what critics following Tolkien's lead refer to collectively as his legendarium J R R Tolkien sweeps us away to a distant time and place that is at the same time our own time and place He takes us to a world where difficult choices must be made and are made where character is defined by those choices and where redemption is possible though not always embraced The Lord of the Rings taps a deep root in the human psyche There is much death destruction and defeat in Tolkien's world but there is even more friendship courage and hope What one remembers when one finishes reading The Lord of the Rings is not the vice of the villains as strong and as well drawn as it is but the virtue that empowers the heroes to resist it even at the cost of their own lives It will be the goal of Tolkien For Beginners to introduce the reader to the multilayered depth and breadth of Tolkien's tales of Middle earth To do justice to the full dimensions of that legendarium author Louis Markos will speak in two voices that of the storyteller who loves the stories he tells and that of the critic who seeks to identify and explicate key themes from those stories In his telling and analysis he will treat the legendarium both as a collection of secondary world myths with their own integrity and as a reflection of Tolkien's Catholic worldview
