QUESTION I recently purchased a new car and I am having trouble with the engine. I am not sure if it is a problem with the engine or the transmission. Can you help me?

ANSWER I am sorry to hear that you are having trouble with your new car. It is important to get the problem diagnosed as soon as possible. I would recommend taking the car to a trusted mechanic or dealership. They will be able to inspect the engine and transmission and determine if there is a problem. If there is a problem, they will be able to explain the issue and provide a quote for repairs. I hope this helps!
