Karen Bassi,J. Peter Euben

When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches:

The Tragedy of the Athenian Ideal in Thucydides and Plato John T. Hogan, 2020-07-01 John T Hogan's *The Tragedy of the Athenian Ideal in Thucydides and Plato* assesses the roles of Pericles Alcibiades and Nicias in Athens' defeat in the Peloponnesian War. Comparing Thucydides' presentation of political leadership with ideas in Plato's *Statesman* as well as *Laches*, *Charmides*, *Meno*, *Symposium*, *Republic*, *Phaedo*, *Sophist*, and *Laws*, it concludes that Plato and Thucydides reveal Pericles as lacking the political discipline and *sophrosune* to plan a successful war against Sparta. Hogan argues that in his presentation of the collapse in the Corcyraean revolution of moral standards in political discourse, Thucydides shows how the revolution destroys the morality implied in basic personal and political language. This reveals a general collapse in underlying prudential measurements needed for sound moral judgment. Furthermore, Hogan argues that the *Statesman*'s outline of the political leader serves as a paradigm for understanding the weaknesses of Pericles, Alcibiades, and Nicias in terms that parallel Thucydides' direct and implied conclusions. In Pericles' case, he highlights with dramatic irony. Hogan shows that Pericles failed both to develop a sufficiently robust practice of Athenian democratic rule and to set up a viable system for succession.

Greek Heroes in and out of Hades Stamatia Dova, 2012-07-13 *Greek Heroes in and out of Hades* is a study on heroism and mortality from Homer to Plato. In a collection of thirty enjoyable essays, Stamatia Dova combines intertextual research and thought-provoking analysis to shed new light on concepts of the hero in the *Iliad* and the *Odyssey*. Bacchylides' 5th Plato's *Symposium* and Euripides' *Alcestis*. Through systematic readings of a wide range of seemingly unrelated texts, the author offers a cohesive picture of heroic character in a variety of literary genres. Her characterization of Achilles, Odysseus, and Heracles is artfully supported by a comprehensive overview of the theme of descent to the underworld in Homer, Bacchylides, and Euripides. Aimed at the specialist as well as the general reader, *Greek Heroes in and out of Hades* brings innovative Classical scholarship and insightful literary criticism to a wide audience.

Strange Instances of Time and Space in the Odyssey Menelaos Christopoulos, 2023-11-03 *Strange Instances of Time and Space in the Odyssey* explores several aspects of the Homeric *Odyssey*, focusing on the complex relationship between time and space in Odysseus' maritime wandering. Using *nostos* as a mega-theme, Menelaos Christopoulos closely examines Odysseus' trips to the strait of Skylla, the island of Calypso, and the Underworld, questioning the intriguing analogies between Odysseus, Penelope, and Telemachus, and the end of Odysseus' reign in Ithaca. This book sets forth original arguments such as that the murder of Palamedes could be the real reason for Poseidon's wrath, that the poem describes a clear-cut distinction between Odysseus and his companions who perish without leaving any trace of their prior existence, with the sole exception of Elpenor, and finally that the *Odyssey* advocates a new and subversive epic model of life based on the preservation of life rather than on heroic death and the pursuit of glory.

Disguise and Recognition in the Odyssey Sheila Murnaghan, 2011-06-24 *Disguise and Recognition in the Odyssey* reveals the significance of the *Odyssey*'s plot, in particular the many scenes of recognition that make up the hero's

homecoming and dramatize the cardinal values of Homeric society an aristocratic culture organized around recognition in the broader senses of honor privilege status and fame Odysseus identity is seen to be rooted in his family relations geographical origins control of property participation in the social institutions of hospitality and marriage past actions and ongoing reputation At the same time Odysseus dependence on the acknowledgement of others ensures attention to multiple viewpoints which makes the Odyssey more than a simple celebration of one man s preeminence and accounts in part for the poem s vigorous afterlife The theme of disguise which relies on plausible lies highlights the nature of belief and the power of falsehood and creates the mixture of realism and fantasy that gives the Odyssey its distinctive texture The book contains a pioneering analysis of the role of Penelope and the questions of female agency and human limitation raised by the critical debate about when exactly she recognizes that Odysseus has come home

Light and Darkness in Ancient Greek Myth and Religion Menelaos Christopoulos, Marion Meyer, Olga Levaniouk, 2010-09-25 Light and darkness played an important role beyond the division of time in ancient Greek myth and religion the contributors to Light and Darkness in Ancient Greek Myth and Religion consider its function on both the individual and social level as manifested in modes of thought and behavior and expressed in language beliefs ritual and iconography The book is divided into five parts color semantics appearance and concealment eye sight insight being and beyond and cult Each subdivision contains a wealth of information for the reader ranging from detailed explanations of the interplay between lexical categories that denote darkness and light and the effect of blindness on metaphysical matters to the qualities of cultic light This unique volume will be of interest to readers in fields as diverse as ancient Greek history metaphysics and iconography

Black Ships and Sea Raiders Jeffrey P. Emanuel, 2017-12-20 The end of the Bronze Age in the Eastern Mediterranean was a time of social political and economic upheaval conditions reflected in many ways in the world of Homer s Odyssey Jeffrey P Emanuel examines the Odyssey s Second Cretan Lie xiv 191 359 in the context of this watershed transition with particular emphasis on raiding warfare maritime technology and tactics and the evidence for the so called Sea Peoples who have been connected to the events of this period He focuses in particular on the hero s description of his frequent raiding activities and on his subsequent sojourn in the land of the pharaohs and connections between Odysseus false narrative and the historical experiences of one particular Sea Peoples group the Sherden of the Sea

Dramatic Action in Greek Tragedy and Noh Mae J. Smethurst, 2013-02-21 This book explores the ramifications of understanding the similarities and differences between the tragedies of Euripides and Sophocles and realistic Japanese noh First it looks at the relationship of Aristotle s definition of tragedy to the tragedies he favored Next his definition is applied to realistic noh in order to show how they do and do not conform to his definition In the third and fourth chapters the focus moves to those junctures in the dramas that Aristotle considered crucial to a complex plot recognitions and sudden reversals and shows how they are presented in performance Chapter 3 examines the climactic moments of realistic noh and demonstrates that it is at precisely these moments that a third actor becomes involved in the

dialogue or that an actor in various ways steps out of character Chapter 4 explores how plays by Euripides and Sophocles deal with critical turns in the plot as Aristotle defined it It is not by an actor stepping out of character but by the playwright's involvement of the third actor in the dialogue The argument of this book reveals a similar symbiosis between plot and performance in both dramatic forms By looking at *noh* through the lens of Aristotle and two Greek tragedies that he favored the book uncovers first an Aristotelian plot structure in realistic *noh* and the relationship between the crucial points in the plot and its performance and on the Greek side looking at the tragedies through the lens of *noh* suggests a hitherto unnoticed relationship between the structure of the tragedies and their performance that is the involvement of the third actor at the climactic moments of the plot This observation helps to account for Aristotle's view that tragedy be limited to three actors

When Worlds Elide Karen Bassi, J. Peter Euben, 2010 *When Worlds Elide* responds to the various incarnations of the Greek legacy that continues to mark our politics our society and our education It offers both an elaboration of these incarnations and a critique of how they are understood and used politically culturally theoretically and pedagogically

Who Needs Greek? Simon Goldhill, 2002-04-04 Does Greek matter To whom and why This interdisciplinary study focuses on moments when passionate conflicts about Greek and Greekness have erupted in both the modern and the ancient worlds It looks at the Renaissance when men were burned at the stake over biblical Greek at violent Victorian rows over national culture and the schooling of a country at the shocking performances of modernist opera and it also examines the ancient world and its ideas of what it means to be Greek especially in the first and second centuries CE The book sheds light on how the ancient and modern worlds interrelate and how fantasies and deals struggles and conflicts have come together under the name of Greece As a contribution to theatre studies Renaissance and Victorian cultural history and to the understanding of ancient writing this book takes reception studies in an exciting alternative direction *Fear of Diversity* Arlene W.

Saxonhouse, 1995-05 This wide ranging and provocative book locates the origin of political science in the everyday world of ancient Greek life thought and culture Arlene Saxonhouse contends that the Greeks confronted by the puzzling diversity of the physical world sought an unseen and unifying force that would constrain and explain it This drive toward unity did more than place the mind over the senses it led the Greeks to play down the very real differences in particular the female the family and sexuality in both their political and personal lives While the dramatists and Plato captured the tragic consequences of trying to do so it was not until Aristotle and his *Politics* did the Greek world and its heirs have a true science of politics one capable of embracing diversity and accommodating conflict Much of the book's force derives from Saxonhouse's masterful interweaving of Greek philosophy and drama her juxtaposition of the thought of the pre-Socratics Plato and other philosophers to the cultural life revealed by such dramatists as Aristophanes and Aeschylus Her approach opens up fresh understandings of such issues as the Greeks' fear of the feminine and their attempts to ignore the demands that gender reproduction and the family inevitably make on the individual and the family The *Fear of Diversity* represents an important

contribution to political philosophy classics and gender studies

Right here, we have countless book **When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches** and collections to check out. We additionally manage to pay for variant types and moreover type of the books to browse. When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches Introduction

In the digital age, access to information has become easier than ever before. The ability to download When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches has opened up a world of possibilities. Downloading When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient

studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches Books

1. Where can I buy When Worlds Elide Classics Politics Culture Greek Studies Interdisciplinary Approaches books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
