Whether Victory Or Death:

Love Is Stronger Than Death Peter Kreeft, 2011-04-06 In one of his most penetrating books Kreeft ponders the meaning of a terminal illness we all have death The three vital questions of Life Death and God are approached through a variety of human experiences Kreeft's book is a new statement of the Christian vision the meaning of our existence and of death is the fulfillment of our deepest desire for the infinite joy and love of God **The Social and Military Position of the Ruling Caste in Ancient India** Edward Washburn Hopkins, 1889 **Journal of the American Oriental Society** American Oriental Society, 1889 List of members in each volume **The Gospel Anchor**, 1833 Saint Augustine's Anti-Pelagian Works Philip Schaff, 2017-10-23 Where traditional Christianity has always affirmed that sin can only be atoned by the sacrifice of Christ the theory that the human will is able to earn salvation of its own accord was the basis of Pelagian thought Augustine in this series of works fought vehemently against such ways of thinking because he wanted to make people realize that Christ is the one and only way to find true salvation *The Parliamentary Debates (official Report)*. Great Britain. Parliament. House of Commons, 1919 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament *Nicene and Post-Nicene Fathers: First Series, Volume V St. Augustine: Anti-Pelagian Writings* Philip Schaff, 2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume V of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will discover Saint Augustines rebuke of Pelagianism This doctrine undermined Augustines beliefs because it claimed that original sin did not exist Since there was no original sin humans were saved or lost based solely on their own will This further meant that Jesus while a great teacher and model human being did not die to save humanity negating a large portion of Christian doctrine Augustine believed that salvation was available only by the grace of God working in conjunction with mans decision to live a good life Spiritual seekers and students of history will find this work a thorough defense of Catholic theology **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church: Saint Augustin: Anti-Pelagian writings**, 1887 **Death of the Wehrmacht** Robert M. Citino, 2007-10-22 For Hitler and the German military 1942 was a key turning point of World War II as an overstretched but still lethal Wehrmacht replaced brilliant victories and huge territorial gains with stalemates and strategic retreats In this major reevaluation of that crucial year Robert Citino shows that the German army's emerging woes were rooted as much in its addiction to the war of movement attempts to smash the enemy in short and lively campaigns as they were in Hitler's deeply flawed management of the war From the overwhelming operational victories at Kerch and Kharkov in May to the catastrophic defeats at El Alamein and Stalingrad *Death of the Wehrmacht* offers an eye opening new

view of that decisive year Building upon his widely respected critique in The German Way of War Citino shows how the campaigns of 1942 fit within the centuries old patterns of Prussian German warmaking and ultimately doomed Hitler's expansionist ambitions He examines every major campaign and battle in the Russian and North African theaters throughout the year to assess how a military geared to quick and decisive victories coped when the tide turned against it Citino also reconstructs the German generals view of the war and illuminates the multiple contingencies that might have produced more favorable results In addition he cites the fatal extreme aggressiveness of German commanders like Erwin Rommel and assesses how the German system of command and its commitment to the independence of subordinate commanders suffered under the thumb of Hitler and chief of staff General Franz Halder More than the turning point of a war 1942 marked the death of a very old and traditional pattern of warmaking with the classic German way of war unable to meet the challenges of the twentieth century Blending masterly research with a gripping narrative Citino's remarkable work provides a fresh and revealing look at how one of history's most powerful armies began to founder in its quest for world domination **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church, First Series, Volume 5** Philip Schaff, 2022-04-19 Philip Schaff's classic work colloquially known as The Early Church Fathers is an invaluable resource filled with the primary documents and early theological building blocks for the Christian church Comprised of thirty eight volumes it is broken into three parts the Ante Nicene Fathers and Nicene and Post Nicene Fathers First and Second Series
