Yesnowitz,2015-11-17 Agitation with a Smile offers a reappraisal of Howard Zinn s political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future This is the first book to provide a substantive account and assessment of Zinn s philosophy and approach to collective action and to a larger extent democracy The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn s activism The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn s ideals concepts and methodology The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture Rather the contributors engage the various complexities and tensions present throughout Zinn s work and subject them to contemporary assessment This is a multidisciplinary and international approach to Howard Zinn s intellectual and activist canon *Leading Quietly* Joseph Badaracco,2002 Most of us think of leaders as courageous risk takers orchestrators of major events in a word heroes Yet while such figures are inspiring and admirable Harvard Business School Professor Joseph Badaracco argues that their larger than life accomplishments are simply not what makes the world work What does he says is the sum of millions of small yet consequential decisions that men and women working far from the limelight make every day how a line worker for a pharmaceutical company responds when he discovers a defect in a product s safety seal how a manager deals with a valued employee suspected of stealing how a trader handles a transaction error that will cost a client money Badaracco calls them quiet leaders people who choose responsible behind the scenes action over public heroism to resolve tough leadership challenges These individuals don t fit the stereotype of the bold and gutsy leader and they don t want to What they want is to do the right thing for their organizations their coworkers and themselves but inconspicuously and without casualties They do so by being baldly realistic about the complexities of their own motives and those of the dilemmas they face In today s fast and fluid business world nothing is as it seems And they know it Drawing from a four year

study of quiet leadership Badaracco presents eight practical and counterintuitive guidelines for confronting situations in which right and wrong seem like moving targets Grounding each strategy in an engaging story he shows how these non heroes succeed by managing their political capital buying themselves time bending the rules and more From leaders in the executive suite to aspiring leaders in the office cubicle *Leading Quietly* compellingly shows how patient everyday efforts can add up to a better company and even a better world Joseph L Badaracco Jr is a Professor at Harvard Business School the Chair of the M B A Elective Curriculum and the author of *Defining Moments When Managers Must Choose between Right and Right* ISBN 0875848036 HBS Press 1997 *A People's History of the United States* Howard Zinn,Kathy Emery,Ellen Reeves,2003 This brilliant and moving history of the American people Library Journal presents more than 500 years of American social and cultural history going well beyond the wars and presidencies contained in traditional texts to tell the stories of working men and women Abridged for use in the classroom Howard Zinn Davis D.
