Crimes and Trials of the Century Frankie Y. Bailey, Steven Chermak Ph.D., 2007-10-30 What do O J Simpson the Lindbergh baby and Gary Gilmore have in common They were all the focus of famous crimes and or trials in the United States In this two volume set historical and contemporary cases that not only shocked the nation but that also became a part of the popular and legal culture of the United States are discussed in vivid and sometimes shocking detail Each chapter focuses on a different crime or trial and explores the ways in which each became famous in its own time The fascinating cast of characters the outrageous crimes the involvement of the media the actions of the police and the trials that often surprised combine to offer here one of the most comprehensive sets of books available on the subject of famous U S crimes and trials The public seems fascinated by crime News and popular media sources provide a steady diet of stories footage and photographs about the misfortunes of others in order to satisfy this appetite Murder rape terrorism gang related activities and other violent crimes are staples Various crime events are presented in the news every day but most of what is covered is quickly forgotten In contrast some crimes left a lasting impression on the American psyche Some examples include the assassination of President John F Kennedy the bombing of the Murrah building in Oklahoma City and the September 11th attacks These events and other significant cases are immediately or on reflection talked about as crimes of the century They earn this title not only because they generate enormous publicity but because of their impact on American culture they help define historical eras influence public opinion about crime change legal process and focus concern about important social issues They seep into many other shared aspects of social life public conversation fiction and nonfiction songs poems films and folk tales This set focuses on the many crimes of the century of the last 100 years In vivid detail each crime is laid out the investigation is discussed the media reaction is described the trial if there was one is narrated the resolution is explored and the significance of the case in terms of its social political popular and legal relevance is examined Illustrations and sidebars are scattered throughout to enliven the text print and electronic resources for further reading and research are offered for those wishing to dig deeper Cases include the Scopes Monkey trial Ted Bundy Timothy McVeigh O J Simpson Leopold and

Loeb Fatty Arbuckle Al Capone JonBenet Ramsey the Lacy Peterson murder Abu Ghraib Columbine and more Practical Psychology for Forensic Investigations and Prosecutions Mark R. Kebbell, Graham M. Davies, 2015-06-08 This book is a comprehensive guide aimed at professionals that starts with the interview of the victim of the crime moving through the interviewing of suspects to the decision to prosecute and enhancing the quality of evidence presented in court Other topics discussed include false allegations false confessions offender profiling and victim support Throughout the theme of the book is that the chain of events leading to the successful investigation and prosecution of offences is only as strong as the weakest link and should be considered as a coherent whole

Murderous Minds on Trial Stanley Semrau, Judy Gale, 2001-10-01 Forensic psychiatrist Stanley Semrau takes us through some of the most dreadful stories from his own career and from historical sources

Offender Profiling in the Courtroom Norbert Ebisike, 2008-09-30 Offender profiling is mainly used by the police to narrow down suspects in cases where no physical evidence was left at a crime scene Recently however this technique has been introduced into the courtroom as evidence raising questions of its reliability validity and admissibility at trial Because offender profiling was not originally intended to be used in the courtroom its entrance there has caused both confusion and controversy Offender Profiling in the Courtroom discusses the use of profiling evidence in criminal trials Ebisike also covers the history development approaches to and the legal aspects of this crime investigation technique Several serial crime cases where investigators used offender profiling during the criminal proceedings are discussed including the case of the New York Mad Bomber George Metesky who caused thirty two bomb explosions in New York City between 1940 and 1956 and the case of Albert DeSalvo known as the Boston Strangler who carried out several sexually motivated murders in Boston Massachusetts between 1962 and 1964 Ebisike demystifies offender profiling and raises awareness about the successes and the pitfalls of the process and its use at trial Offender profiling is a crime investigation technique where information gathered from the crime scene witnesses victims if alive autopsy reports and information about an offender's behavior is used to draw up a profile of the sort of person likely to commit such crime Offender profiling does not point to a specific offender It is based instead on the probability that someone with certain characteristics is likely to have committed a certain type of crime In spite of the ever increasing media interest in the use of offender profiling in criminal trials this technique is still not well understood by many people including judges lawyers and jurors who weigh such evidence at trial Some people see offender profiling as a tried and true method of identifying suspects and others simply see it as a fiction Here the author helps readers understand the true nature of offender profiling and the danger of its admission into criminal cases as evidence
