Robbins, Rolf Bergman, Ian Stagg, Mary Coulter, 2014-09-01 The 7th edition of *Management* is once again a resource at the leading edge of thinking and research By blending theory with stimulating pertinent case studies and innovative practices Robbins encourages students to get excited about the possibilities of a career in management Developing the managerial skills essential for success in business by understanding and applying management theories is made easy with fresh new case studies and a completely revised suite of
