Treatment Of The Masochistic Personality An Interactional Object Relations Approach To Psychotherapy

DJ Losen

Treatment Of The Masochistic Personality An Interactional Object Relations Approach To Psychotherapy:

Treatment of the Masochistic Personality Cheryl Glickauf-Hughes, Marolyn Wells, 1995 To love repeatedly in an unsatisfying and self destructive way cripples many people The dynamics that underlie this painful way of relating often escape clinical attention and people with subtle yet pervasive masochistic problems often tumble miserably through life with an undetected disorder The authors propose an object relations approach to psychotherapy with the masochistic personality In treatment insight into unconscious conflict is complemented by opportunities for the patient to experience the therapist as a new object offering new possibilities for growth Patients are offered the opportunity for a corrective interpersonal experience geared to helping them master unresolved developmental issues and developing more appropriate and satisfying interpersonal relationships

Object Relations Psychotherapy Cheryl Glickauf-Hughes, Marolyn Wells, 2006-12-20 Glickauf Hughes and Wells present a clear and well organized review of personality development according to object relations theorists They offer an explanation and critique of each major theorist note issues on which there is disagreement along with areas of investigation not fully explored and present implications for treatment Concepts are well defined and one gets the sense of a cohesive body of knowledge possibly more cohesive than it actually is Those unfamiliar with object relations theory will have a good outline those who know enough to be confused will find some clarification *Journal of Psychotherapy Practice and Research*

The Legacy of Fairbairn and Sutherland Jill Savege Scharff, David E. Scharff, 2005-10-26 The Legacy of Fairbairn and Sutherland provides the first comprehensive review of W R D Fairbairn and John Sutherland s theories on psycho social development It reviews Fairbairn and Sutherland s ideas traces the philosophical roots of their thinking explores their legacy and demonstrates their relevance to contemporary practice International contributors set these psychoanalytic theories in their philosophical and cultural context They discuss the growing acceptance of Fairbairn and Sutherland s work in Europe and the Americas They discuss the theories impact on current thinking in subjects such as sexuality hysteria autonomy and repression They re examine the theories in the light of current clinical experience illuminate them with reference to contemporary psychoanalytic theories and illustrate them with examples from work with children adults groups and families This book presents an original fusion of the ideas of two of the most noteworthy figures in recent psychoanalysis It will prove fascinating reading for all practicing and training psychotherapists and psychoanalysts

Touch in Psychotherapy Edward W. L. Smith, Pauline Rose Clance, Suzanne Imes, 2001-02-01 Should a therapist ever shake hands with a client or touch a client s hand or shoulder There are taboos against erotic touch in psychotherapy for excellent reasons but what about nonerotic touch These latter forms of physical contact are not explicitly taboo and they can be powerful forms of communication Research and clinical experience indicate that they can contribute to positive therapeutic change when used appropriately What then is appropriate use

Moderating Severe Personality Disorders Theodore Millon, Seth D. Grossman, 2007-04-10 A revolutionary

personalized psychotherapy approach for the treatment of Axis II personality disorders by renowned expert Dr Theodore Millon Acknowledging the primacy of the whole person Moderating Severe Personality Disorders A Personalized Psychotherapy Approach takes into account all of the complexities of human nature family influences culture neurobiological processes unconscious memories and so on illustrating that no part of human nature should lie outside the scope of a clinician's regard Part of a three book series this book provides you with a unique combination of conceptual background and step by step practical advice to guide your treatment of Axis II personality disorders Detailed case studies are provided throughout the text to illustrate the strategies of personalized psychotherapy for Retiring Schizoid Personality Patterns Shy Avoidant Personality Patterns Pessimistic Depressive Personality Patterns Aggrieved Masochistic Personality Patterns Eccentric Schizotypal Personality Patterns Capricious Borderline Personality Patterns Destined to become an essential reference for trainees and professionals this book makes a revolutionary call to return therapy to the natural reality of each patient's life seamlessly guiding you in understanding the personality and treatment of the whole unique yet complex person

American Journal of Psychotherapy, 1947 The Handbook of Addiction Treatment for Women Shulamith Lala Ashenberg Straussner, 2002-02-12 Providing essential theoretical and practical guidelines for clinicians educators policymakers and public health professionals The Handbook of Addiction Treatment for Women is a comprehensive resource of the most current research and knowledge from recognized experts in the field of

addiction and treatment This much needed guide offers an historical context on the issue of women and addiction examines the myriad challenges of the female addict and includes recommendations for choosing a course of treatment that will meet the specific needs of an individual woman addict The Handbook of Addiction Treatment for Women brings to the field the thinking of researchers and practitioners in a very readable practical compendium This book is for anyone who cares about women with addictions Mary Beth Johnson director Addiction Technology Transfer Center National Office This is a wonderful book that addresses an unusually diverse set of issues some of which are often neglected It is not only useful to clinicians but also to educators researchers policymakers and anyone responsible for treatment program design Joan E Zweben clinical professor of psychiatry University of California San Francisco executive director East Bay Community Recovery Project and 14th Street Clinic Oakland California

Object Relations Theories and Psychopathology Frank Summers,2014-03-18 In *Object Relations Theories and Psychopathology A Comprehensive Text* Frank Summers provides thorough lucid and critically informed accounts of the work of major object relations theorists Fairbairn Guntrip Klein Winnicott Kernberg and Kohut His expositions achieve distinction on two counts First the work of each object relations theorist is presented as a comprehensive whole with separate sections expounding the theorist s ideas and assumptions about metapsychology development psychopathology and treatment with a critical evaluation of the strengths and limitations of the theory in question Second the emphasis in each chapter is on issues of clinical understanding and technique Making extensive use of case material provided by each of the theorists he shows how each object relations theory yields specific clinical approaches to a variety of syndromes and how these approaches entail specific modifications in clinical technique Beyond his detailed attention to the theoretical and technical differences among object relations theories Summers penultimate chapter discusses the similarities and differences of object relations and interpersonal theories And his concluding chapter outlines a pragmatic object relations approach to development psychopathology and technique that combines elements of all object relations theories without opting for any single theory *Object Relations Theories and Psychopathology* is that rare event in psychoanalytic publishing a substantial readable text that surveys a broad expanse of theoretical and clinical landscape with erudition sympathy and critical perspective It will be essential reading for all analysts psychologists psychiatrists and social workers who wish to familiarize themselves with object relations theories in general sharpen their understanding of the work of specific object relations theorists or enhance their ability to employ these theories in their clinical work

American Book Publishing Record ,1995 **The Cumulative Book Index** ,1996 A world list of books in the English language

Forthcoming Books Rose Arny,1995-02 **Subject Guide to Books in Print** ,1996 *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences* ,1996 **Identity and the New Psychoanalytic Explorations of Self-organization** Mardi Horowitz,2014-06-05 Advances in science and the humanities have demonstrated the complexity of psychological social and neurological factors influencing identity A

contemporary discourse is needed to anchor the concepts required in speaking about identity in present day understanding In *Identity and the New Psychoanalytic Explorations of Self organization* Mardi Horowitz offers new ways of speaking about parts of self explaining what causes a range of experiences from solidity in grounding the self to disturbances in a sense of identity The book covers many aspects of both the formation and the deconstruction of identity Horowitz examines themes including The sense of identity Social learning Biological learning Identity and self esteem Levels of personality functioning and growth The book clarifies basic questions defines useful terms examines typical identity disturbances and presents a biopsychosocial theory which indicates how schemas operate in conscious and unconscious mental processing The answers to the basic questions lead to improvements in psychotherapy practices as well as teaching and research methods *Identity and the New Psychoanalytic Explorations of Self organization* will prove fascinating reading for those working in the fields of psychoanalysis psychology psychiatry neuroscience and the social disciplines [The British National Bibliography](#) Arthur James Wells,2000 **Cumulated Index Medicus** ,1991 **Psychotherapy for Borderline Personality** John F. Clarkin, Frank E. Yeomans, Otto F. Kernberg,1999 Transference focused psychotherapy TFP is a sophisticated new variant of psychodynamic interventions centering on the analysis of the transference Its main goal is to bring a patient s unconscious conflicts to the surface so that they can be actively worked through by the client and therapist within a rigorous clinical framework In *Psychotherapy for Borderline Personality* the authors describe TFP principles and methods and provide clear guidelines on how to apply them to individual patients on a session by session basis With the help of numerous vignettes and case examples they clearly outline the various stages of the TFP therapeutic process from initial assessment to termination Readers learn techniques for seeing past the wall of behavioral and cognitive dissonance typically thrown up by the borderline patient and to identify and label a patient s radically conflicting self conceptions and object representations *Psychotherapy for Borderline Personality* is an important professional resource for all mental health professionals
