Trinity And Election In Contemporary Theology:

Trinity and Election in Contemporary Theology Michael T. Dempsey, 2011 A lively debate has been heating up among some of the foremost authorities on Karl Barth as they seek to answer a crucial point of contention Is the Trinity complete in itself from all eternity or is it constituted by the eternal decision of election Trinity and Election in Contemporary Theology offers a collection of essays that seek to address this question through rigorous and critical treatment of select topics in the theology of Karl Barth by contemporary interpreters from both Protestant and Roman Catholic perspectives **Karl Barth's Analogy of Beauty** Andrew Dunstan, 2021-12-30 This book provides the first comprehensive examination of Karl Barth's view of beauty For over fifty years scholars have assumed Barth recovered traditional belief in God's beauty but refused to entertain any relationship between this and more familiar natural and artistic beauties Hans Urs von Balthasar was the first to offer this interpretation and his conclusion has been echoed ever since rendering Barth's view of beauty irrelevant to work in theological aesthetics This volume continues the late twentieth century revision of Balthasar's interpretation of Barth by arguing that this too is a significant misunderstanding of his theology Andrew Dunstan demonstrates that through an encounter with fatalistic forms of Reformed theology Brunner's charges that his dogmatics were irrelevant and medieval thought Barth gradually developed an analogy of divine ecclesial and worldly beauty with all the theological christocentric and actualistic hallmarks of his previous forms of analogy This not only yields valuable new insight into Barth's view of analogy but also provides a much needed foundation for a distinctively Protestant and post Barthian approach to theological aesthetics Jesus, History, and Revelation Mitchell D. Mallery, 2025-07-22 This is the first book to bring Karl Barth into dialogue with N T Wright Mallery clarifies the relationship between Jesus's humanity and the content of divine revelation explains the conditions whereby humans can discern this revelation and unpacks the implications of both for the limits of historical study for Christian theology *Trinitarian Theology after Barth* Myk Habets, Phillip Tolliday, 2012-05-31 Drawing together scholars whose essays exhibit work after Barth in engaging the doctrine of the Trinity and its related themes Barth's thought as evidenced amongst his most expert commentators allows for a variety of interpretations the details of which are being hammered out on the pages of academic journals and volumes such as this one It is this variety of responses to and interpretations of Barth's theology that gives such vibrancy to the essays in this volume by seasoned Barth scholars and voices new to the conversation **Freedom and Flourishing** Robert Leigh, 2017-11-09 Freedom is vital both to Karl Barth's theology and to modern religion politics and culture Leigh describes how Barth's lifelong fascination by freedom culminated in a fresh daring engagement with it in his last completed book volume IV 3 of the massive Church Dogmatics which is probably the most important work of Christian theology in the twentieth century That volume builds on Barth's earlier work but also goes beyond it in ways that have not yet been appreciated Leigh shows how this mature theology of Barth not only responds profoundly to key questions about freedom both in philosophy and theology but also opens up a rich habitable

understanding of Jesus Christ and of life in relationship with him that is prophetic for the twenty first century This involves a dynamic integration of knowing with being being with action truth with witness individual with community and divine initiative with human flourishing At the heart of this life with God is participation in the asymmetrical yet utterly reciprocal interaction between human beings and the God who loves them in freedom Leigh succeeds both in describing this participation convincingly and in demonstrating its provocative attractiveness **The Love of God** John C.

Peckham,2015-07-28 Theology has constantly wrestled with the nature of God s love and what it means for how God relates to the world In this comprehensive canonical theology of divine love John C Peckham argues for an account that avoids the errors of both voluntarist and experientialist theologies and faithfully represents the full biblical witness *Divine Freedom and the Doctrine of the Immanent Trinity* Paul D. Molnar,2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar s quest to place the doctrine of the immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar s original presentation of the divine freedom Molnar re visits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He sheds new light on Rahner s and Torrance s discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard J ngel s thinking **Modern rational Christianity. A creed.**

By a layman ,1871 Rediscovering the Triune God Stanley James Grenz,2004 The last century has witnessed a revival and renewal of trinitarian theology led initially by Karl Barth The legendary puzzles of trinitarian theology have become especially vexing in an era of changed philosophical and cultural categories and a host of religious thinkers in the last century have tried to reformulate the main lines of thought about God s trinitarian life Theologian Stanley Grenz here tells this story of trinitarian theology reporting and analyzing the remarkable ferment in the discipline and discussing especially eleven theologians on such issues as God s inner life vs God s relationship to creation immanent and economic trinity social vs psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God s trinitarian life figures in evolution social justice and spirituality Grenz s Introduction place this ferment historically in the course of Christian thought from the patristic period to now while his Conclusion sets a future agenda for the doctrine and theology *Trinity and Election* Shao Kai Tseng,2023-01-26 Challenging Bruce McCormack s paradigm of post Kantian Barth scholarship this book builds on the interpretative model that Sigurd Baark developed in 2018 This model interprets Barth s innovative adoption of an Anselmian mode of theological speculation against the intellectual historical background of the idealist tradition of speculative metaphysics that culminated

in Hegel This book argues that Barth adopted the Anselmian mode of speculation in which immediate self identity between subject object and act is found in the triune God alone while the speculative identity that enables human knowledge of God is none other than the identity between God in and for Godself and God for us Exploring the nationalistic dimension of speculative metaphysics in 19th century Germany Tseng identifies this as an important aspect of the context of Barth s development of a Christocentric form of speculative theology **Freedom, Necessity, and the Knowledge of God** Paul D. Molnar,2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance s new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject **The Continuity of Christian Thought: a Study of Modern Theology in the Light of Its History** Alexander Viets Griswold Allen,1891

Engaging with Barth David Gibson,Daniel Strange,2009-03 This volume aims to engage with Karl Barth s questions and answers on a range of topics vital to Christian theology Specifically whether by going beyond behind or against Barth the chapters presented here attempt to provide a contemporary orientation to certain aspects of Barth s theology that can be deemed problematic from the standpoint of historic confessional evangelicalism Why engage with Barth And why the particular approach of this book The answer to the first question is that Barth s significance as arguably the greatest theologian of the twentieth century increasingly being recognized in an ongoing renaissance of international Barth scholarship means that Barth provides both opportunity and challenge for evangelicalism There is renewed interest in the question of how evangelicals should or should not appropriate Barth Given the sheer diversity within worldwide evangelicalism a consensus is unlikely to be reached Be that as it may in a range of areas evangelical theology stands to gain from careful and critical listening to what Barth has to say **In This Name** Claude Welch,2005-10-01 In the analysis of contemporary patterns of thought which comprises Parts II and III of this book I have had always in mind four main problems First the distinguishing of the principal types of attitudes toward the doctrine of the Trinity Second the theological interest or motivation of these attitudes Third the relation of the various restatements to classical Christian views Fourth the value and viability of the recent interpretations in terms of their relevance and meaning for contemporary religious problems and thought My own constructive suggestions regarding the basis and significance of the trinitarian conception and the systematic reformulation of the doctrine are drawn together in Part IV from the Preface *Issues in African Christian*

Theology Samuel Ngewa, Mark Shaw, Tite Tienou, 1998 Christian theologians in Africa are faced with three conflicting worlds Christian faith African culture and modern culture In spite of the commitment of Christian theologians to live by biblical teaching there is a tendency for them to become involved with issues in their environments causing tension The salient issues confronting Christianity in Africa are examined from an evangelical standpoint Eighteen African scholars from Ethiopia Ghana Kenya Nigeria Tanzania together with colleagues from the US contribute perspectives grouped into four parts The Task of African Christian Theology The Foundations of African Christian Theology Christ and the Salvation in African Christian Theology and The Spirit the Church and the Future in African Christian Theology *Actuality and Provisionality*

Incarnation Anyway Edwin Christian van Driel, 2008-08-21 This book raises in a new way a formerly central but recently neglected question in systematic theology what is the divine motive for the incarnation Throughout Christian history theologians have agreed that God's decision to become incarnate in the person of Jesus Christ was made necessary by humanity's fall from grace If Adam and Eve had not sinned the incarnation would not have happened This position is known as infralapsarian In the 19th and 20th centuries however some major theological figures championed a supralapsarian Christology arguing that God had always intended the incarnation independent of the Fall Edwin van Driel offers the first scholarly monograph to map and analyze the full range of supralapsarian arguments He gives a thick description of each argument and its theological consequences and evaluates the theological gains and losses inherent in each approach Van Driel shows that each of the three ways in which God is thought to relate to all that is not God DL in creation in redemption and in eschatological consummation DL can serve as the basis for a supralapsarian argument He illustrates this thesis with detailed case studies of the Christologies of Schleiermacher Dörner and Barth He concludes that the most fruitful supralapsarian strategy is rooted in the notion of eschatological consummation taking interpersonal interaction with God to be the goal of the incarnation He goes on to develop his own argument along these lines concluding in an eschatological vision in which God is visually audibly and tangibly present in the midst of God's people *Annual Register* University of Chicago, 1894 Introduction to Modern Theology John E. Wilson, 2007-06-04 Surveying important nineteenth and early twentieth century theologians primarily in the German tradition John Wilson provides a thorough introduction to modern theology and those whose work within it helped initiate a new era in Christian theology Beginning with Immanuel Kant and moving into the present time Wilson describes the formative theological work of a number of theologians such as Friedrich Schleiermacher Albrecht Ritschl Karl Barth and Emil Brunner In doing so he follows the trajectories of their thought to the

present day which have had profound influence on contemporary theologians such as Reinhold Niebuhr and H Richard Niebuhr Martin Luther King Jr Wolfhart Pannenberg and Karl Rahner
