Usos Amorosos De La Postguerra Española Compactos Anagrama:

Usos amorosos de la postguerra española, **Carmen Martín Gaité** Ester Bautista Botello, 2019-01-09 This book reconstructs the poetics of Carmen Martín Gaité by viewing the concept of journey as a fundamental principle upon which she bases and elaborates her narrative writing of the 1990s Five novels published in this period receive critical attention all of which coincide with the last trips taken by the writer to New York Caperucita en Manhattan 1990 Nubosidad variable 1992 La reina de las nieves 1994 Lo raro es vivir 1996 and Irse de casa 1998 To the extent that the journey is the essence of the narrative under consideration the concept is analysed as an aesthetic practice and an attempt to identify a series of actions which allow us to link the writer's novels with two areas that have previously received only scant critical scrutiny geography and the visual dimension This book presents a comparative and interdisciplinary analysis of space in Martín Gaité's narrative as well as in her collages drawings and paintings

“La Madre Ausente En La Novela Femenina De La Posguerra Española: Pérdida Y Liberación”. Guadalupe María Cabedo, 2014-03-07 La literatura española de posguerra ya se ha analizado mucho y afortunadamente bastantes de las previamente olvidadas escritoras de posguerra se han ido recuperando y estudiando Sin embargo todavía queda mucho por desarrollar Hoy día en España es vital recuperar la labor de la memoria colectiva para poder ver y entender mejor el pasado pues no se puede construir un futuro sin haber reconstruido y entendido ese pasado Este libro es un análisis de tres novelas de la posguerra escritas por mujeres Nada de Carmen Laforet Entre visillos de Carmen Martín Gaité y Primera memoria de Ana Mara Matute Estas escritoras a las que la crítica ha incluido dentro de la denominada Generación de Posguerra conforman una suerte de grupo literario ya que comparten sus obras una serie de características comunes Dichos rasgos vienen dados por una temática centrada en las preocupaciones problemas e inquietudes de las mujeres de su generación Este libro analiza temas comunes de estas tres obras la ausencia de la madre soledad y aislamiento galaxia femenina y por último identidad e independencia No es mi intención mostrar una teoría feminista que defienda la existencia de una escritura o estética femenina basada en el hecho biológico de ser mujer Creo que existe lo denominado literatura de mujeres pero las coordenadas que las definen vienen dadas por el hecho de ser mujer como constructo social y no biológico Algunos acercamientos teóricos sobre los efectos de la ausencia de la madre como los estudios de Carol Gilligan Marianne Hirsch y Nancy Chodorow entre otros nos ayudan a tener una mejor comprensión de lo que estas teorías feministas y psicoanalíticas han aportado a las obras literarias a través de la historia y especialmente a la narrativa femenina de estas autoras de la posguerra investigadas aquí Mi objetivo principal ha sido retratar la rebeldía de las protagonistas femeninas de estas tres novelas contra la madre sustituta que tienen dada la idealización que se tiene de la madre en España en esta época y a causa del inconformismo que sentían estas escritoras y muchas más mujeres de la posguerra española ante el gobierno patriarcal y androcéntrico del franquismo

Thinking Differently Gabrielle Griffin, Rosi Braidotti, 2002-10 This book is the first to ask whether there is a specifically European dimension to certain major issues in

Women's Studies It strives to create a synergetic debate among different disciplines and cultural traditions in Europe and in doing so fills some gaps in our knowledge about women and enriches debates hitherto dominated by Anglo American influences Among the new areas of enquiry opened up in this book by the specificities of European Women's Studies are The fact that Europe has repeatedly experienced warfare on its own territory which has impacted significantly on women Hence the focus in this volume on women and militarism and on ethnic cleansing as an attack on the family The abidingly problematic relationship between feminism and anti semitism and issues of migration and whiteness in a context where racism reflects the colonial histories of particular European countries The importance of passion and the emotions as well as psychoanalytical theory for politics particularly in Southern and Eastern European countries Current problems facing Europe including the decline of the welfare state the phenomenon of the single woman and the relationship between women's rights and human rights The diverse faces of feminist movements in particular European countries Reading feminism from a European perspective will enable readers to reflect upon the ways in which changes in political social and cultural positions and practices over the past century in Europe have impacted on feminist thinking and theorizing The volume raises important issues about the transfer of feminist concepts across cultures and languages And to English speaking audiences the volume also offers fresh viewpoints on some of the key debates in Women's Studies
