Utopia Limited Romanticism And Adjustment:

Utopia, Limited Anahid Nersessian, 2015-03-09 What is utopia if not a perfect impossible world Anahid Nersessian reveals the basic misunderstanding of that ideal Applying the lessons of art to the rigors of life on an imperiled planet she enlists the Romantics to redefine utopia as an investment in limitation not a perfect world but one where we get less than we hoped but more than we had Literature and Food Studies Amy Tigner, Allison Carruth, 2017-11-22 Literature and Food Studies

introduces readers to a growing interdisciplinary field by examining literary genres and cultural movements as they engage with the edible world and in turn illuminate transnational histories of empire domesticity scientific innovation and environmental transformation and degradation With a focus on the Americas and Europe Literature and Food Studies compares works of imaginative literature from Ovid's Metamorphoses and Shakespeare's The Winter's Tale to James Joyce's Ulysses and Toni Morrison's Tar Baby with what the authors define as vernacular literary practices which take written form as horticultural manuals recipes cookbooks restaurant reviews agricultural manifestos dietary treatises and culinary guides For those new to its principal subject Literature and Food Studies introduces core concepts in food studies that span anthropology geography history literature and other fields it compares canonical literary texts with popular forms of print culture and it aims to inspire future research and teaching Combining a cultural studies approach to foodways and food systems with textual analysis and archival research the book offers an engaging and lucid introduction for humanities scholars and students to the rapidly expanding field of food studies **Disastrous Subjectivities** David

Collings, 2019-09-10 In sharply original readings of Mary Wollstonecraft William Godwin William Wordsworth Lord Byron and Percy Bysshe Shelley Disastrous Subjectivities explores modernity's failed promise to bring about a just social order under the ongoing threat of climate change Drawing on Kantian critical philosophy and Lacanian theory this book traverses aspects of the history of science the form of the novel the limits of historicism and the impasses of moral autonomy What passes for modernity takes shape not as truly modern or secular but instead as a mode perpetually haunted by a traumatic sublime The demand to realize justice within history turns out to require more than history can make possible and more than the subject can bear Poetry & Commons Daniel Eltringham, 2022-05-13 Winner of the ASLE UKI Book Prize 2023 The commons and enclosure are among the most vital ways of thinking about poetry today posing urgent ecological and political questions about land and resource ownership and use Poetry Commons is the first study to read postwar and contemporary poetry through this lens by putting it in dialogue with the Romantic experience of agrarian dispossession Employing an innovative transhistorical structure the book demonstrates how radical Anglophone poetries since 1960 have returned to the enclosure of the commons in response to political and ecological crises It identifies a commons turn in contemporary lyric that contests the new enclosures of globalized capital and resource extraction In lucid close readings of a rich field of experimental poetries associated with the British Poetry Revival as well as from Canada and the United States it analyses a landscape

poetics of enclosure in relationship with Romantic verse Canonical Romantic poetry by Wordsworth and Clare is understood through the fine grain textures of the period s vernacular and radical verse and discourse around enclosure which the book demonstrates contain the seeds of neoliberal political economy Engaging with the work of Anne Lise Fran ois and Anna Tsing Poetry Commons theorizes commoning as marking out subsistence rhythms of resource which articulate plural irregular and tentative relations between human and nonhuman lifeworlds

Wordsworth's Unremembered Pleasure Alexander Freer, 2020-10-29 Wordsworth has traditionally been understood as the poet of memory This book argues that unremembered pleasure an idea Wordsworth formulates in Tintern Abbey but is often overlooked by modern readers is central to understanding his writing Wordsworth s poems discover and articulate a broad range of previously unfelt unnoticed and unconscious satisfactions As well as providing new interpretations of major and under studied writing by Wordsworth this volume challenges a long tradition of psychoanalytic reading of romanticism which uses trauma to explain the limits of literary memory The book contests key psychoanalytic concepts in literary criticism including repression sublimation mourning and pleasure It asks what it would mean for us to be surprised by joy

Look Round for Poetry Brian McGrath, 2022-05-17 Poetry is dead Poetry is all around us Both are trite truisms that this book exploits and challenges In his 1798 Advertisement to Lyrical Ballads William Wordsworth anticipates that readers accustomed to the poetic norms of the day might not recognize his experiments as poems and might signal their awkward confusion upon opening the book by looking round for poetry as if seeking it elsewhere Look Round for Poetry transforms Wordsworth s idiomatic expression into a methodological charge By placing tropes and figures common to Romantic and Post Romantic poems in conjunction with contemporary economic technological and political discourse Look Round for Poetry identifies poetry s untimely echoes in discourses not always read as poetry or not always read poetically Once one begins looking round for poetry McGrath insists one might discover it in some surprising contexts In chapters that spring from poems by Wordsworth Lucille Clifton John Keats and Percy Bysshe Shelley McGrath reads poetic examples of understatement alongside market demands for more the downturned brow as a figure for economic catastrophe Romantic cloud metaphors alongside the rhetoric of cloud computing the election of the dead as a poetical and not just a political act and poetic investigations into the power of prepositions as theories of political assembly For poetry to retain a vital power McGrath argues we need to become ignorant of what we think we mean by it In the process we may discover critical vocabularies that engage the complexity of social life all around us

Reception of Northrop Frye , 2021-09-23 The Reception of Northrop Frye takes a thorough accounting of the presence of Frye in existing works and argues against Frye s diminishing status as an important critical voice

The Limits of Familiarity Lindsey Eckert, 2022-06-17 The Limits of Familiarity analyzes the intensely personal feelings that Romantic era readers came to have for authors Contributing to reception studies celebrity studies and literary history this book reveals how anxieties about the cultural value of familiarity shaped both Romanticism and conceptions of authorship

Watchwords Lily Gurton-Wachter, 2016-03-23 This book revisits British Romanticism as a poetics of heightened attention At the turn of the nineteenth century as Britain was on the alert for a possible French invasion attention became a phenomenon of widespread interest one that aligned and distinguished an unusual range of fields including medicine aesthetics theology ethics pedagogy and politics Within this wartime context the Romantic aesthetic tradition appears as a response to a crisis in attention caused by demands on both soldiers and civilians to keep watch Close formal readings of the poetry of Blake Coleridge Cowper Keats Charlotte Smith and Wordsworth in conversation with research into Enlightenment philosophy and political and military discourses suggest the variety of forces competing for or commanding attention in the period This new framework for interpreting Romanticism and its legacy illuminates what turns out to be an ongoing tradition of war literature that rather than give testimony to or represent warfare uses rhythm and verse to experiment with how and what we attend to during times of war

Techno-Magism Orrin N. C. Wang, 2022-01-04 Shortlisted Marilyn Gaull Book Award Techno Magism explores how British Romantic literature abuts and is organized around both print and non print media The book explores not only the print pictorial art and theater of early nineteenth century England and Europe but also communicative technologies invented after the British Romantic period such as photography film video and digital screens This proleptic abutting points to one way we can understand the implicit exceptionality wagered by reading Romanticism through media studies and media theory Techno Magism argues that both media studies and the concept of mediation in general can benefit from a more robust confrontation with or recovery of the arguments of deconstruction an unavoidable consequence of thinking about the relationship between Romanticism and media The book thinks that relationship through the catachrestic practice of a techno magism a technics of inscription always outside the causalities of a dialectical economy The book further pursues two interrelated ideas the structural incommensurability of the cut and the unapologetic presentism of the constellation Marked by its late capitalist moment of composition the book explores the continuity between the social character of Romantic and post Romantic media in terms of commodity culture revolution and the ecological devastation of the anthropocene
