Barbara Zimmer Bovard, 2000-02 This story will bring joy to everyone who reads it It will also bring tears to many tears of love instead of tears of pain If you re a loving parent especially with small children this book will delight you and your children will be thrilled When two young children asked their mother for permission to go out and play on a nearby field no one could even imagine the fantastic adventure that they encountered an adventure which ultimately brought huge changes to the population structure economy and way of life of Peaceville This is not a story about an ordinary clock It s a story about a very unique and mysterious clock which served a much greater purpose than just to tell time It controlled an entire civilization The story contains heart warming kindness coming from everyone There is absolutely no malice or evil other than the forces of nature Everyone did what was best to do and pitched in whenever possible No one was disrespected even small children were allowed to voice their ideas and opinions People risked their lives to help those who they thought were mean to them Everyone in Peaceville lived in harmony with everyone else regardless of anything If this story changes the life of only one person for the better even for a brief moment then it was worth writing this book
